PROPOSALS**

FOR: NORTH AVENUE SEWER TRUNK MAIN REALIGNMENT

Bid File No. 3699
Bid Opening: 09/21/2021

<u>BIDDERS</u>	<u>TOTAL NET BID AMOUNT</u>
1. Emmett's Excavation, Inc. 1477 Menlo Ave. Clovis, CA 93611	\$ 6,372,238.00
2. Teichert Construction 5771 Toyota Place Fresno, CA 93725	\$ 6,525,076.00
3. Mozingo Construction, Inc 751 Wakefield CT. Oakdale, CA 95361	\$ 6,880,413.00

Each bidder has agreed to allow the City sixty-four (64) days from date bids are opened to accept or reject their bid proposal. Purchasing requests that you complete the following sections and return this bid evaluation to the Purchasing Unit at the latest by Monday, October 11, 2021 5:00 P.M.

The Engineer's Estimate for this expenditure is \$4,600,000. The contract price is 38.5% above the Engineer's Estimate. If the overage is greater than 10% or only one bid was received, give explanation:

The Project suffered from a longer than usual railroad permits process which was outside of the City's control. During the permits processing period, the cost of materials increased significantly as a result of supply chain disruptions largely brought about by the COVID-19 pandemic. A detailed review of the bids items show steel casing pipe, polymer mortar pipe, and heavy construction - steel and concrete structures, exceeded anticipated costs. These higher than anticipated costs, however, have been seen in similar recent bid projects.

BACKGROUND OF PROJECT (To be completed by Evaluating Department/Division. Explain need for project/equipment):

The 57-inch North Avenue sewer trunk main experienced a localized collapsed crown, resulting from concrete corrosion from hydrogen sulfide gas. The collapsed section occurred between Maple Avenue and the Burlington Northern Santa Fe Railway and Union Pacific Railroad. Further investigation of the collapse identified a segment of the trunk main susceptible to similar failure. The severity of the condition of the North Avenue sewer trunk main calls for its immediate replacement.
