## EXECUTIVE SUMMARY

The Fresno Municipal Code (FMC) section 7-1403 requires the establishment of a Community Benefit Fund to receive (10%) of the total cannabis business license tax received by the City. These funds will be allocated according to the goals set by this City Council resolution and with consideration of the recommendations provided by the Community Benefit Commission (see FMC 7-1404).

## BACKGROUND

The Fresno Municipal Code (FMC) section 7-1403 requires the establishment of a Community Benefit Fund to receive (10%) of the total cannabis business license tax received by the City. These funds will be allocated according to the goals set by this City Council resolution.

FMC Section 7-1404 established a Community Benefit Commission, a 9 member Board, yet to be appointed, comprised of two appointees of the Mayor and one appointment from each Council District. The purpose of the commission is to recommend allocation of the revenues received into the Community Benefit Fund pursuant to the goals set forth by Council. The recommended allocations will consist of internal City projects that meet the goals defined in the resolution which include:

1. Improve infrastructure and enhance community beautification and public safety efforts in the City in the vicinity of commercial cannabis business locations and other low-income areas.
2. Support citywide efforts to analyze and improve social equity in economic development, health, and transportation needs.
3. Enhance and expand citywide efforts focused on youth development, engagement, and prevention.

The Commission's budget recommendations will be subject to the City of Fresno budgeting process and City Council approval.

Applications for the Community Benefit Commission are currently being accepted on the City Clerk's website.
