

Fresno Municipal Code Findings

Section 12-1617(h) No application or proposal shall be approved or approved with modifications unless the Commission makes the following findings:

(1) The proposed work is found to be consistent with the purposes of this article and the Secretary of the Interior's Standards, not detrimental to the special historical, architectural, or aesthetic interest or value of the Historic Resource; or
(2) The action proposed is necessary to correct an unsafe or dangerous condition on the property; or
(3) Denial of the application will result in unreasonable economic hardship to the owner. In order to approve the application, the Commission must find facts and circumstances, not of the applicant's own making, which establish that there are no feasible measures that can be taken that will enable the property owner to make a reasonable economic beneficial use of the property or derive a reasonable economic return from the property in its current form; or
(4) The site is required for a public use which will directly benefit the public health, safety and welfare and will be of more benefit to the public than the Historic Resource.
(5) For applications for relocation of an Historic Resource, the Commission shall find that one or more of the above conditions exist, that relocation will not destroy the historical, architectural, or aesthetic value of the Resource and that the relocation is part of a definitive series of actions which will assure the preservation of the Resource.
