Why

For the plan to be successful we need a true and representative voice from the community to make this more than a document that sits on the shelf, but instead a tool the community can use.

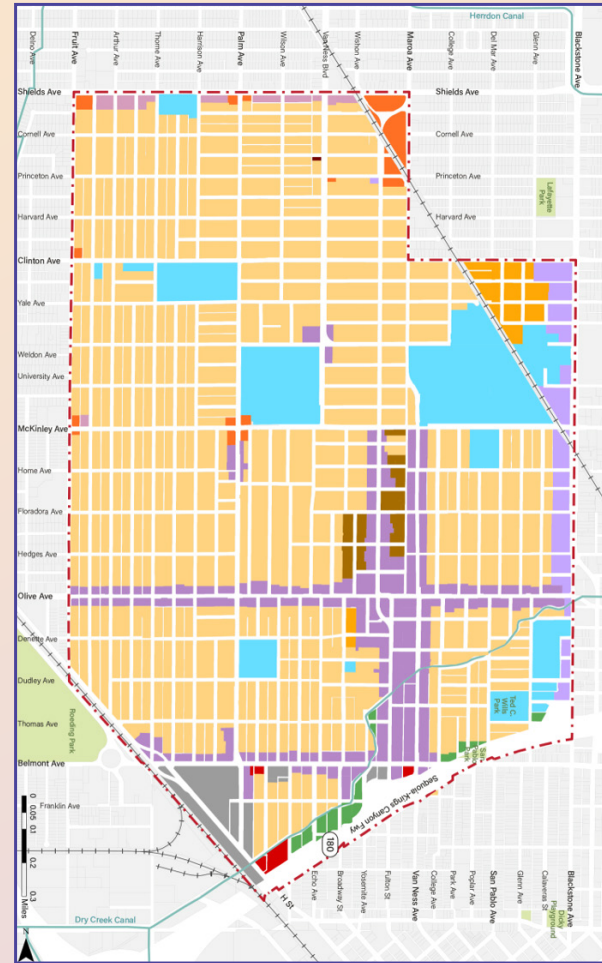

BACKGROUND

In 1989 a few folks began a grass-roots efforts to collect thousands of signatures from all over Fresno and beyond in an effort to find some way to save our historic neighborhood from blight and demolition.

What

The Specific Plan was completed over 30 years ago and was intended to be a 30-year vision. We need to update the Specific Plan and the community's vision of the Tower District for the next 20-30 years.
