PACIFIC STORAGE COMPANY

Pacific Storage Company submitted a proposal with pricing the committee agreed was lower pricing than what the City is currently paying various other vendors for the same services. The per tote pricing on 65- and 95-gallon totes is significantly lower than current costs. The City currently uses different companies for shredding and document storage across all City departments, and Pacific Storage Company is one of them. The Committee members discussed past experiences with Pacific Storage Company, and all had positive experiences. Pacific Storage Company is a local business as defined in the Fresno Municipal Code and has been in business for 168 years. Additionally, they have worked with the City for several years.

SUMMARY RECOMMENDATION

The committee unanimously agreed that Pacific Storage Company would be the best fit and value for the City. The committee recommends that Council approve the award to Pacific Storage Company for a two (2) year contract for \$125,000 per year plus annual CPI adjustments with three (3) possible one (1) year extensions at the City's discretion based upon performance and adherence to contract requirements.
