1. OBJECTIVE

The California Governor's Office of Emergency Services, hereinafter referred to as "Cal OES" requires City of Fresno, hereinafter referred to as "Fire Agency", to govern the reimbursements for the Fire Agency's costs of providing training, exercises, backfilling positions, overtime, and travel costs to allow Fire Agency staff to attend, and successfully complete, hazardous materials and terrorism response training required by Cal OES (identified in Section 6, Part H and I), specifically related to the Regional Hazardous Materials Response (RHMR) Program. Cal OES and the Fire Agency will use the most cost-effective means for providing funding for training, exercises, backfill, overtime, and travel costs. The intent is to provide the Fire Agency reimbursement for the least extraordinary costs incurred to send staff to Cal OES for provided hazardous materials and terrorism response training (e.g., for on-duty staff attending training, Cal OES will reimburse backfill costs; for off-duty staff attending training, Cal OES will reimburse overtime costs of trainees).

The reimbursement will allow the Fire Agency to maintain regular staffing to avoid any degradation of services or reduction in emergency response capabilities to the local Fire Agency community during the training due to the absence of one (1) or more trainees.

The contract includes training dollars for the Fire Agency to attend and complete their certified Hazmat Technician A thru D, Hazmat Specialist F & G, Assistant Safety Officer (ASO), Hazardous Materials Continuing Challenge Workshop, Terrorism for the Hazardous Materials Technician/Specialist, Hazardous Materials Incident Commander (HMIC), Hazardous Materials Refresher, Rail Car, Terrorism / Weapons of Mass Destruction (WMD) courses provided by Federal agencies / Fire agencies, or any mutually agreed upon hazardous materials, terrorism, or other acceptable training/exercise that meets California Specialized Training Institute (CSTI) requirements/standards, or is approved by Cal OES contract manager.

In addition, Cal OES will provide reimbursement for the cost of a portion of the Cal OES sponsored hazardous materials response team members required annual physicals, to include up to \$300 for cardio treadmill examinations, and \$100 for bloodwork which tests for heavy metals, for a total of twenty-five (25) personnel trained to the hazardous materials specialist level annually.

The Fire Agency is approved to add a 3% administrative fee for processing invoices for reimbursement.
