3. PRICING

All Equipment, Products, or Services under this Contract will be priced as stated in Vendor's Proposal.

When providing pricing quotes to Participating Entities, all pricing quoted must reflect a Participating Entity's total cost of acquisition. This means that the quoted cost is for delivered Equipment, Products, and Services that are operational for their intended purpose, and includes all costs to the Participating Entity's requested delivery location.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

A. **SHIPPING AND SHIPPING COSTS.** All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. If the damage is not readily apparent at the time of delivery, Vendor must permit the Equipment and Products to be returned within a reasonable time at no cost to Sourcewell or its Participating Entities. Participating Entities reserve the right to inspect the Equipment and Products at a reasonable time after delivery where circumstances or conditions prevent effective inspection of the Equipment and Products at the time of delivery.

Vendor must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcewell may declare the Vendor in breach of this Contract if the Vendor intentionally delivers substandard or inferior Equipment or Products. In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Vendor as soon as possible and the Vendor will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity.

B. SALES TAX. Each Participating Entity is responsible for supplying the Vendor with valid tax-exemption certification(s). When ordering, a Participating Entity must indicate if it is a tax-exempt entity.

C. HOT LIST PRICING. At any time during this Contract, Vendor may offer a specific selection of Equipment, Products, or Services at discounts greater than those listed in the Contract. Equipment, Products, or Services may be added or removed from the Hot List at any time through a Sourcewell Price and Product Change Form as defined in Article 4 below.

Hot List program and pricing may also be used to discount and liquidate close-out and discontinued Equipment and Products as long as those close-out and discontinued items are clearly identified as such. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

4. PRODUCT AND PRICING CHANGE REQUESTS

Vendor may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcewell Price and Product Change Request Form to the assigned Sourcewell Contract Administrator. Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcewell Price and Product Change Request Form.

Line Item	Question	Response *
53	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	FCSD has established a "Not to Exceed" ceiling price program (National Fleet Parts Pricing), an individual Franchised Dealership enrollment program: 1)National Fleet Parts Pricing (NFPP). Fleets can choose to enroll in the Ford Fleet Maintenance Pricing Program for maintenance and designated service repair work at participating Dealerships . More information on these programs are provided in the attachments.
54	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	National Fleet Parts Pricing Program provides a "Not to Exceed" ceiling price that represents a significant discount from MSRP. See example in the NFPP literature that is attached.
55	Describe any quantity or volume discounts or rebate programs that you offer.	Individually enrolled Sourcewell members participating in the Ford Fleet Network Incentive Program have the ability to earn up to an 8% earmback on all purchases during a program period based on their total purchases during that program period. FFN enrolled fleets are also eligible for the Ford Powertrain Private Offer discount off invoice for eligible Ford remanufactured powertrain purchases.
56	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	Ford franchise dealers may at their discretion may seek to source out "Open Market" items and services in support of local Sourcewell agencies. Ford also offers Omnicraft branded parts for non Ford and Lincoln vehicles through the Ford Dealership network.
57	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	Depending on the level of enrollment there maybe additional cost for hands on technical training, electronic parts catalogue subscriptions and other subscription based products and services.
58	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	There are some very remote locations in Alaska and Western States where freight charges do apply for Ford Remanufactured Power Train.
59	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	There are some very remote locations in Alaska and Western States where freight charges do apply. Table 13: Audit and Administrative Fee

Line Item	Question	Response *
62	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell.	Our self audit process is as following: *FSO representatives use eReact* reporting for invoices with "Sourcewell/NJPA" in the "Customer Name" invoice field. * Unless otherwise determined, FSO representative will assume all parts sales to those member agencies specifically identified by "Sourcewell/NJPA" in the "Customer Name" field as contract sales. Reasonable discretion will be given to FSO representative to determine percentages of contract sales in high volume cases where it is suspect that dealer/distributor made potential data entry or other reporting errors. * FCSD will regularly communicate with field sales representatives and managers to monitor eReact reports to ensure sales are reported appropriately and accurately.
63	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	Ford Motor Company proposes to pay 1.5% on all eligible Sourcewell contract sales through all participating franchised Ford Dealerships in the U.S. each quarter.
