EMPLOYMENT OUTSIDE CITY SERVICE.

(a) Forty hours of actual attendance on duty, less time off on authorized leaves of absence as provided for in this article, shall constitute

a minimum work week for all full-time employees of the city, except that ~~the following~~ [fire fighting personnel who work a twenty-four hour shift] shall be deemed full-time employees though ~~their regular work week is more or less than forty hours:~~

~~(1) Members of the fire-fighting forces who work a twenty four hour shift;~~

~~(2) Employees holding permanent positions whose compensation is fixed pursuant to the second paragraph of Section 809 of the Charter and whose rate of pay is established by a collective bargaining agreement which provides for a regular work week of less than forty hours and when the Council has established such lesser work week as the regular work week for such employees in the salary resolution or other action of the Council fixing the rate of pay of such employees; provided, that nothing herein contained shall be construed to guarantee to any employee any number of hours of work in any week if work is not available or cannot for any reason be performed. Except for full-time employees whose regular work week is established at less than forty hours, and except as may be otherwise established at less than forty hours, and except as may be otherwise established by departmental rules governing personnel assignment or an approved memorandum of understanding, the regular minimum work day for full-time employees shall be eight hours, commencing~~

~~at eight o'clock a.m. and ending at five o'clock p.m. with a lunch period of one hour during the day.~~

(b) Employees holding full-time permanent positions shall devote their whole time and attention to city service except as hereinafter provided. No such employee shall engage in or work at any other remunerative occupation[, including self-employment,] without having first obtained an outside work permit.

(1) **Application.** Every applicant for an outside work permit shall file an application with ~~his/her~~ [their] ~~Department Head~~ ~~or~~ Appointing Authority ([City Manager, Department Head, Councilmember, City Attorney[, or City Clerk, or Retirement Administrator]) on a standardized form. ~~The Department Head or~~ Appointment Authority shall make a determination whether the proposed outside work is compatible with the applicant's city position and with the terms of this Section, or will adversely affect the efficiency of the employee.

(i) For those employees who report to a Councilmember, City Attorney or City Clerk, the Appointing Authority shall approve or deny the permit. The Council shall be notified of all work permits issued by the City Attorney or City Clerk.

(ii) For those employees of a Department or Division that reports to the City Manager, the Department

Head shall forward the application and ~~his or her~~ [their] recommendation to Personnel Services, which shall recommend issuance or disapproval of the permit, and the City Manager [or designee] shall either approve or deny the permit. In the event either the Department Head or Personnel Services recommends disapproval, the applicant shall be notified of such recommendation prior to submission of the work permit application to the City Manager.

(2) **Issuance.** The Appointing Authority ~~or City Manager~~ shall issue an outside work permit unless there is cause for denial. Such cause may include but shall not be limited to one or more of the following reasons:

(i) The work request might be in violation of the California Government Code Section 1126, which currently states, “a local agency officer or employee shall not engage in any employment, activity or enterprise for compensation which is inconsistent, incompatible, in conflict with or inimical to his or her duties as a local agency officer or employee”; or

(ii) The number or arrangement of the hours of employment in the proposed outside work is such that the efficiency of the applicant in ~~his/her~~ [their] city position will be impaired to any degree; or

(iii) The applicant's city position is one which requires occasional or regular standby duty for emergency call and the proposed outside work would seriously restrict the availability for such emergency call; or

(iv) A ~~physical~~ [medical] disability or infirmity of the applicant (as indicated by sick leave record, injury records, or ~~physical~~ [medical] examination) may be aggravated by the proposed outside work or the ~~physical~~ [medical] condition and/or nature of the work for the city is such that the applicant's efficiency in their city position may be impaired by ~~the physical or mental stress of the outside work~~; or

(v) If not self-employed, failure of the applicant to indicate proof of workers' compensation insurance in the outside employment; or

(vi) The applicant has willfully mis-stated on the application any fact concerning the nature of the outside work.

(3) **Restrictions.** All approved work permits shall be issued subject to the restrictions as specified herein including, but not limited to the restrictions stated and implied in the California Government Code~~[,]~~ S[s]ection 1126.

(4) **Time Limit. Hours.** An outside work permit shall be granted for such periods of time as the Appointing Authority ~~or City~~

~~Manager~~ prescribe but not to exceed a period of one year, and shall be renewable in the same manner as issuance of the original work permit. Each work permit shall show thereon the date of its expiration, and it shall be the duty of the employee holding such permit and desiring its renewal to file an application for renewal sufficiently in advance of the expiration date to avoid lapse. ~~Notwithstanding~~ [However], the Appointing Authority ~~or City Manager~~, in his ~~or her~~ [their] discretion, may retroactively issue a work permit. The maximum number of hours for which a work permit may be approved shall be sixteen hours per week for eight and ten hour shift employees and twenty-four hours per week for twenty-four hour shift employees. Any exception to these time limits will be determined on an individual basis and will be governed by the nature of the work to be performed, the nature of the applicant's city duties, and other pertinent factors that have bearing on the individual's ability to devote his ~~or her~~ [their] full time and attention to city employment.

(5) **Revocation.** The Appointing Authority ~~or City Manager~~ shall revoke any outside work permit [they] issued ~~by him or her~~, for any reason which would have required the denial of such permit under Subsection (2) hereof, or for any other good cause. Work permits may be revoked where any act or behavior of the employee in performing his ~~or her~~ [their] outside work reflects

unfavorably upon ~~his or her~~ [their] Department or the city. Written notice of the revocation stating the effective date thereof shall be given to the employee who shall surrender the revoked permit to the Appointing Authority ~~or City Manager~~ on or before the effective date of the revocation. An employee whose work permit has been revoked shall cease outside employment immediately upon receipt of such notice. Work permits automatically shall become invalid and remain invalid, without notice, for the duration of the time that an employee is:

(i) On sick [any] leave [used for sickness or physical incapacity, such as Sick Leave or Annual Leave] ~~or special leave charged to sick leave~~; or

(ii) Receiving injury [workers' compensation injury] pay [(including California Labor Code Section 4850 pay and temporary disability pay)]. Exception: Employees with an approved work permit may continue to perform such outside work provided it is consistent with the work restrictions/limitations imposed by their treating physician and no light duty is available within the city. In cases of dispute regarding an employee's medical status, the opinion of the most recent specialist shall prevail~~[,]~~; ~~or~~

~~(iii) Receiving temporary disability payments under workers' compensation insurance.~~

(6) **Review.**

(i) Denial or revocation of a work permit by a Councilmember, City Attorney, or City Clerk shall be appealable by submitting a written request for review to the Council President within seven business days of the decision. The Council President shall establish an Ad Hoc Review Committee consisting of three Councilmembers (excluding the affected employee's Appointing Authority).

(ii) The City Manager's decision to deny or revoke a work permit shall be appealable by submitting a written request for review to the Director of Personnel Services within seven business days of the [City Manager's] decision. The request shall be reviewed by a Work Permit Review Committee, consisting of one management group member to be assigned by the City Manager, an employee representative selected by the affected employee, and a third member shall be a city employee in a permanent position jointly selected by the management group member and the employee's representative. No member of the committee shall be a member of the affected employee's Department.

(iii) The request for review shall include any evidence which bears upon the issuance, denial, renewal, or

revocation of the work permit. The applicable review committee shall review the request and render a decision within forty-five days to issue, modify, deny, or revoke the work permit, using the criteria outlined in this Section.
