Briefly explain why are you interested in serving on this board or commission?*District Five Implementation Committee*

Fancher Creek Design Committee....Fancher Creek, its restoration and long term preservation was and still is an important task to our city and its economic growth. As a lifelong resident of the area adjacent to this magnificent creek I have learned its important history through the years and what this creek meant to the formation to the city of Fresno and how it will continue to impact its growth. I want to be part of the project that had the names of Church & Easterby as part of it before, to be able to participate in this project would be an incredible honor.
