

Lydia R. Zabrycki

Active in developing effective coalitions and partnering efforts to advance the interests of the San Joaquin Valley toward an improved business environment as well as serving the interests of local government.

Professional Experience

ACEC Retirement Trust..... 2016 - Present

Vice President | Client Engagement, ACEC Retirement Trust with CAPTRUST (CapFinancial Partners, LLC)

Responsible for the management and delivery of a \$2.2B turnkey retirement plan solution and educational services to members of the American Council of Engineering Companies (ACEC) and affiliate members, who are not currently members of the ACEC Retirement Trust to advise them of the advantages and benefits of joining the Retirement Trust.

Work closely with ACEC National organization and the 50 State member organizations (MO's).

Precision Civil Engineering..... 2015 – 2016

Director of Operations. Oversaw the daily operations, coordinated between departments to increase efficiencies through organizational strategies, policies and practices while providing leadership.

Responsible for developing strategic alliances and leading efforts to broaden the delivery of integrated multiple services to diverse client groups and communities.

Quad Knopf, Inc...... 2006 – 2015

Director of Business Partnering. Multi-disciplined engineering firm, with offices throughout the San Joaquin Valley and in Denver, Colorado. Facilitated connections with clients and the community, including the activities and organizations that are important to key client groups. Supported professionals in all 6 offices by bringing teams together for complex projects. Expanded partnering efforts in the interest of growing the San Joaquin Valley.

Fresno County Economic Development Corporation..... 2002 – 2006

Director of Strategic Initiatives. Collaborated with all 15 cities, County of Fresno, and leaders of local industries to identify economic opportunities for private and public sectors. Through the BEAR (Business Expansion, Attraction and Retention) Program, facilitated the site location and relocation of new business and new employers and expanded existing businesses. Worked closely with site selectors and commercial brokers to market Fresno County. Participated in the Fresno-Clovis Regional Jobs Initiative (RJI) Implementation Task Force, private-public partnership with the goal of adding 30,000 net new jobs (over and above “normal” growth) in the Fresno MSA. As a member of the RJI Task Force, identified issue areas that determine competitive advantage within the seven initial economic opportunity areas within the region. Staff member to the Logistics Cluster, worked to adopt a strategy plan for infrastructure, education, and training and better marketing of the assets of the region. Goal was to improve air cargo, and rail capacities and adopt supply chain management and technology and moving the region to become a “hub” for advanced logistics and distribution.
