

**EXHIBIT H**  
**FRESNO CITY PLANNING COMMISSION**  
**RESOLUTION NO. 13302**

The Fresno City Planning Commission at its regular meeting on August 20, 2014, adopted the following resolution relating to Environmental Assessment No. EA-14-018 and the proposed adoption of an Official Plan Line (OPL) for West McKinley Avenue from North Blythe Avenue to approximately 265 feet east of North Marks Avenue, for the purpose of clarifying the existing plan line identified in the City of Fresno's 2025 General Plan.

WHEREAS, the Director of the City of Fresno Department of Public Works has initiated a recommendation for the adoption of an Official Plan Line (OPL) for the planned major street segment of West McKinley Avenue from North Blythe Avenue to approximately 265 feet east of North Marks Avenue; and,

WHEREAS, on August 20, 2014, the Fresno City Planning Commission conducted a public hearing to review the proposed Official Plan Line, received public testimony and considered the Development and Resource Management Department and Department of Public Works report recommending approval of the proposed Official Plan Line; and,

WHEREAS, the Fresno City Planning Commission has reviewed the environmental Finding of Conformity to the 2025 Fresno General Plan Master Environmental Impact Report No. 10130 ("MEIR") or Mitigated Negative Declaration No. A-09-02 (Air Quality MND) prepared for Environmental Assessment No. EA-10-006, dated July 18, 2014; and,

NOW, THEREFORE, BE IT RESOLVED that Fresno City Planning Commission finds in accordance with its own independent judgment that there is no substantial evidence in the record that the adoption of the proposed Official Plan Line may have additional significant effects on the environment that were not identified in the 2025 Fresno General Plan Master Environmental Impact Report No. 10130 ("MEIR") or Mitigated Negative Declaration No. A-09-02 (Air Quality MND) and that no new or additional mitigation measures or alternatives may be required. In addition, pursuant to Public Resources Code, Section 21157.6(b)(1), the Commission finds that no substantial changes have occurred with respect to the circumstances under which the MEIR was certified and that no new information, which was not known and could not have been known at the time that the MEIR or Air Quality MND were certified as complete, has become available. Accordingly, the Commission recommends Council adopt the Finding of Conformity dated July 18, 2014, which was prepared for Environmental Assessment No. EA-14-018.

BE IT FURTHER RESOLVED that the Fresno City Planning Commission hereby recommends to the City Council that proposed Official Plan Line for West McKinley Avenue from North Blythe Avenue to approximately 265 feet east of North Marks Avenue.
