Each bidder has agreed to allow the City sixty-four (64) days from date bids are opened to accept or reject their bid proposal. Purchasing requests that you complete the following sections and return this bid evaluation to the Purchasing Division at the latest by Monday, October 17, 2022 5:00 P.M.

The Engineer's Estimate/Budget Allocation for this expenditure is \$2,193,200. The contract price is 23.9 % below the Engineer's Estimate/Budget Allocation. If the overage is greater than 10% or only one bid was received, give explanation:

BACKGROUND OF PROJECT (To be completed by Evaluating Department/Division. Explain need for project/equipment):

The Department of Public Utilities, Water Division, has identified 4,720 linear feet of existing 14-inch diameter water main located along East Jensen Avenue between South Clovis and South Fowler Avenues that has experienced unexpected failures. The scope of work includes the replacement of the existing 14-inch PVC water main with a 16-inch ductile iron water main, fire hydrants, valves, and service transfers. Replacement of these mains will prevent further expensive failures from occurring along this alignment and ensure consistent levels of service.
