Briefly explain why are you interested in serving on this board or commission?

My name is Samantha Gonzales, and I am applying for the Tower District Design Committee vacancy. I learned about this opportunity via an Instagram post. I am applying for this vacancy because I am interested in maintaining my community involvement and enhancing the quality of the Tower District. As a resident of the Tower District community (Hedges/Maroa Avenue area), I can provide valuable feedback to the committee that reflects community members in District 1 whom I interact with daily. Additionally, the skillset and experiences I have learned from previous and current professional positions in administrative support and project management would contribute to this role. I currently work for Community Medical Centers as an Executive Assistant to a VP, System Director, and managers, which includes supporting various committees. Moreover, I have experience from previous and current community projects that would provide me with insight to be a thoughtful contributor. The opportunity to serve on a City of Fresno committee would be two-fold for me because I would gain exposure to planning and would be able to contribute to the future development of my neighborhood. Please consider my application to serve on this committee.
