COUNCILMEMBER REPORTS AND COMMENTS

Councilmember Caprioglio made the following reports - Reminded everyone that Fresno State's homecoming game is this Saturday and they are playing Hawaii. He thanked John DeLucia in the Copy Center for assisting District 4 with printing almost 1,000 certificates for Red Ribbon Week. District 4 is very happy with the bike unit and the impact has been very meaningful. He thanked the Northeast Police District and Detective Kim for their involvement in Coffee with a Cop. The Homeless Taskforce has been helping out with the homeless problem in District 4 and it's much

appreciated. Announced that Trunk or Treat event will be held at Wesley Church at 4th and Barstow next Wednesday.

Councilmember Bredefeld made the following reports - He recognized all the Iron Workers and the tremendous work that they do. District 6 had a district meeting last night which included a lot of the City of Fresno staff and he recognized several people for being there to meet with the constituents. One of the issues that kept coming up was the ongoing water issues and water fines. A few months ago he asked the City Manager where are we on the water report from the pilot program. Assistant City Manager Sumpter responded that they hope to have a report to Council by the end of the calendar year. Councilmember Bredefeld believes that we have a real problem, citizens are upset and when they call they can not get through or they are not getting a response to their question. He is concerned and wants to see the report. He suggested that this item be put on a future agenda. City Manager Quan-Schechter stated there will be a workshop in December to provide the Council with more information.

Vice President Brandau made the following reports - He is glad that Councilmember Bredefeld bought up the water fines issue. He requested that the City Attorney's Office create a resolution putting a moratorium on water fines until we have the results of the survey and a recommendation, adding there is a lot of confusion out in the community. There was more discussion regarding the water fines. Councilmember Brandau also reported that last Saturday they had another successful "Make a Difference Day" at Chuckanski Park. They have held this event for six years now.

Council President Soria made the following reports - District 1 will have their community meeting in the morning which is a Coffee and a Conversation at Revue in the Tower District, there will be representatives from Fresno Police Department and City staff to discuss the FresGo application, and representatives from the Parks Department to answer questions. Big thanks to Fresno Police Department, District 1 had a successful zombie crawl adding there was a really good police presence. On November 3, 2018 District 1 Office and the Parks Department will be showing the movie CoCo and celebrating the day of the dead in the Tower District parking lot near Revue. At Inspiration Park, next Tuesday between

the hours of noon and 7pm, they will have a Trunk or Treat event and invited the families and residents in that area to attend. Kudos to the Public Works Department, for providing information to the residents regarding SB1 which was passed last year by the legislature. To find the information, go to City Website, Public Works Department, under feature projects. The City of Fresno has been given an additional \$3 million dollars for this year. It is anticipated that next year, the City will receive an additional \$9 million dollars. Council President Soria wants to make sure the community knows that the City is putting these dollars to work.
