The Engineer's Estimate for this expenditure is \$404,334. The contract price is 13% above the Engineer's Estimate. If the overage is greater than 10% or only one bid was received, give explanation:

Compared to the Engineer's Estimate, some of the bid items were priced at a considerably higher cost than expected. An analysis was run to compare the current bid amounts to recently bid projects of similar size and scope. The current contractor's bid is within the expected costs based on current conditions.

BACKGROUND OF PROJECT (To be completed by Evaluating Department/Division. Explain need for project/equipment):

Intersection safety improvements at Chestnut and Shields Avenues including the installation of a traffic signal to allow for protected left turns, construction of ADA compliant curb ramps, adjustments to median noses, crosswalks, signs and pavement striping, minor concrete improvements and modifications to the streetlight system.
