<b>Topic/Subject</b>	<p>My girlfriend is completely blind and disabled and her water was shut off to her apartments for 10 straight days without any notice or explanation as to why. She was also not offered any water services by the landlord during that time and was subsequently almost completely ignored when wanting to know what was going on. Code enforcement and the landlord then tried to force her out of her apartment for an unknown amount of time to get the problem resolved and was basically told she had to leave most of her belongings to the whim of the property manager. This entire situation is completely unethical and illegal and needs to be heard by city officials so action can be taken again the people that have violated a disabled tenants rights.</p>
