BACKGROUND OF PROJECT (To be completed by Evaluating Department/Division. Explain need for project/equipment):

Fresno Area Express (FAX) no longer uses diesel buses in its fleet and seeks to remove four (4) existing 20,000 gallon in-ground storage tanks. By removing these tanks, this will alleviate any environmental concerns with the existing tanks leaking fuel into the ground and will also make way for future expansion of the FAX facility. Katch Environmental was deemed nonresponsive due to failure to initial paragraph "Completion of Bid Proposal Form to be Eligible for Award" on the Bid Proposal page 1.2a of the specifications for the above named project.
