Extension

Section 2.02. The Initial Term of this License shall be automatically extended for five (5) successive four (4) year periods, (each extension is referred to as an "Extension Term") after the Initial Term expires, with the final lease extension expiring on July 16, 2049, unless at least ninety (90) days prior to the expiration of the then current term, either party to this Agreement delivers to the other party written notice of its intent not to extend the respective term, in which case this License shall terminate at the end of the then current term.

All terms, covenants and conditions of this Agreement shall remain in full force and effect during any Extension Terms, except for the license fee which shall be as set forth in Section 3.01.

ARTICLE 3. COMPENSATION

Licensee will pay to the City the Conditional Signing Bonus within sixty (60) days of the full execution of this Agreement. In the event that this Agreement (and any applicable memorandum of amendment) is not fully executed by both the City and the Licensee for any reason, the Licensee shall have no obligation to pay the Conditional Signing Bonus to the City.

All license fee payments that become due and payable under this License shall be paid to the City at the office of CITY OF FRESNO PARKS, RECREATION AND COMMUNITY SERVICES DEPARTMENT at 2326 Fresno Street, Room 101, Fresno, California 93721-1824, or any other place or places that the City may designate by written notice to Licensee.

ARTICLE 4. USE OF PREMISES

Principal Use

Section 4.01. Such Premises shall, during the life of this License, be used by Licensee for the sole purpose of constructing, installing, maintaining, and operating thereon up to a seventy (70) foot communications tower ("monopole"), antenna, and attendant building (collectively referred to as "Facilities"). Licensee may not use the Premises for any other purpose or business without obtaining City's prior written consent.

Incidental Use

Section 4.02. The License includes the following incidental right to use the Premises, provided that in exercising such right, Licensee must use reasonable care and may not unreasonably increase the burden on the Premises:

Right to access to the Premises and to Licensee's Facilities and equipment placed thereon by Licensee, its agents, independent contractors and employees for the purpose of construction, installation, operation and maintenance of such Facilities, equipment and utility services, provided that Licensee, its agents, independent contractors and employees shall preserve and protect all existing vegetation adjacent to the Premises to the maximum extent possible consistent with the work required, protect from damage all existing improvements, equipment and facilities on or near the Premises and repair or restore any damage to such improvements, equipment and facilities resulting therefrom.

Conditions of Use

Section 4.03. Additional conditions for Licensee's use of the Premises are as follows:

(a) Licensee shall perform, at Licensee's sole cost and expense, signal tests or any other test that is necessary to ensure that placement of the monopole will not interfere with other telecommunication devices in Fresno and vicinity as required by law.

(b) Licensee's equipment shall not interfere with the operation and/or quality of communication of the City's existing equipment. Licensee's equipment shall be placed and configured so as not to interfere with any of the City's facilities and communications located on or off the Premises.

(c) Licensee acknowledges that the City provides public use of the Premises and agrees the City's site operations and public use of the Premises shall take precedence over

Licensee's use. Licensee shall not use or permit its employees or agents to use the Premises in any way which interferes with the operations of the City and the public use of the Premises.

(d) Licensee shall not use or permit such Premises or any portion of such Premises to be used or occupied in any manner or for any purpose that is in any way in violation of any valid law, ordinance, or regulation of any federal, state, county, or local governmental agency, body, or entity. Furthermore, Licensee shall not maintain, commit, or permit the maintenance or commission of any nuisance as now or hereafter defined by any statutory or decisional law applicable to such Premises on such Premises or any part of such Premises. Nothing herein shall prevent the City from exercising its police power to eliminate nuisances or code violation within its jurisdiction.

Expansion Option

Section 4.04. During the term of the License, Licensee shall have an option ("Option"), exercisable at any time, and from time to time, to lease up to a maximum of four hundred (400) square feet of real property adjacent to the existing Premises at a location mutually agreeable to the City and Licensee ("Additional Premises") on the same terms and conditions set forth in the License. If City and Licensee cannot agree on a location, the City shall have final determination for the location of the Additional Premises. Licensee shall make any reasonable modifications to the parking area impacted by the expansion (for example: curbs, striping, relocating light fixtures, etc.) and if the expansion substantially alters the flow of traffic, Licensee shall make modifications to the parking lot such that it continues to serve its intended purpose to the greatest extent feasible. If Licensee plans to add any additional trench work across the park outside of the approved footprint or causes any potential environmental impact to the existing infrastructure; Licensee would be responsible to obtain any required conditions or permits; to ensure the safety; as well as to minimize any noise disturbance to surrounding area. Licensee shall request in writing approval from the City prior to making any modifications; such approval shall not be unreasonably withheld. If Licensee elects to exercise the Option, Licensee shall pay the same license fee per square foot for the Additional Premises as the license fee paid per square foot by Licensee for the existing Premises at the time Licensee exercises the Option ("Additional Premises License Fee"). The license fee for the Additional Premises shall be defined as the current license fee divided by the approximate square footage of the Premises (as described in Article 1 above) to obtain the price per square foot. The price per square foot shall be multiplied by the square footage requested; rounded up to the nearest dollar. The Additional Premises License Fee shall be due and payable on the first (1st) day of the second (2nd) full month following commencement of construction activities within the Additional Premises and shall escalate upon the same terms and at the same time as the license fee set forth in Section 3.01. Licensee may exercise the Option for the entire Additional Premises in a single exercise, or may exercise the Option multiple times in increments, by providing written notice to the City at any time (each a "Notice of Exercise"); provided, however, that following Licensee's delivery of the Notice of Exercise to City, Licensee may at any time prior to commencement of construction activities within the Additional Premises withdraw its election to exercise the Option if Licensee discovers or obtains any information of any nature regarding the Additional Premises which Licensee

determines to be unfavorable in its sole discretion. Licensee shall also have the right to record a Notice of Exercise, substantially in the form attached hereto as Exhibit B. The Notice of Exercise shall not be recorded without the City's written approval; such approval shall not be unreasonably withheld. The Additional Premises, or such portion as identified in the Notice of Exercise, shall become part of the Premises and subject to all terms and conditions of the License, as it may have been amended, effective as of the date of the Notice of Exercise (the "Expansion Date"), whether or not the Notice of Exercise is recorded. Effective upon the Expansion Date, the License shall automatically be amended to include the Additional Premises and Additional Premises Rent without the need for any further documentation.

Eminent Domain

Section 4.05. If the City receives notice of a proposed taking by eminent domain of any part of the land upon which the Premises are situated, the City will notify Licensee of the proposed taking within five (5) days of receiving said notice and Licensee will have the option to: (i) declare this License null and void and thereafter neither party will have any liability or obligation hereunder; or (ii) remain in possession of that portion of the Premises that will not be taken, in which event there shall be an equitable adjustment in the license fee on account of the portion of the Premises so taken. With either option Licensee shall have the right to contest the taking and directly pursue an award.

ARTICLE 5. TAXES AND UTILITIES

Licensee to Pay Taxes

Section 5.01. In addition to the license fees required to be paid hereunder, Licensee shall pay, and Licensee hereby agrees to pay, any and all taxes, including any possessory use tax, assessments, and other charges of any description levied or assessed during the term of this License by any governmental agency or entity on or against Licensee's property on such Premises.

Separate Assessment of Licensed Land

Section 5.02. Licensee agrees to arrange with the taxing authorities to have Licensee's property on such Premises taxed and assessed as a separate interest.

Contest of Tax

Section 5.03. Licensee shall have the right to contest, oppose, or object to the amount or validity of any tax, assessment, or other charge levied on or assessed against Licensee's property on such Premises or Licensee's possessory interest, if any.

Utilities

Section 5.04. Licensee shall pay or cause to be paid and hold the City and the property of the City including such Premises, free and harmless from all charges for the

furnishing of gas, water, electricity, telephone service, and other public or private utilities and similar services to Licensee at such Premises during the term of this License and for the removal of Licensee's garbage and rubbish from such Premises during the term of this License.

ARTICLE 6. CONSTRUCTION OF FACILITIES

LICENSEE Cost and Expense

Section 6.01. Any Facilities shall be constructed by Licensee at its sole cost and expense.

Compliance with Law and Quality

Section 6.02. The Facilities shall be constructed, and all work performed on such Premises shall be in accordance with all valid laws, ordinances, regulations, and orders of all federal, state, county, or local governmental agencies or entities having jurisdiction over such Premises. The Facilities shall be deemed to have been constructed in full compliance with all valid laws, ordinances, regulations, and orders when a valid final Certificate of Occupancy, entitling Licensee to occupy and use the Facilities, has been duly issued by the proper governmental agencies or entities.

Mechanics' Liens

Section 6.03. At all times during the term of this Agreement, Licensee shall keep such Premises free and clear of any and all liens and claims of liens including, but not limited to liens for labor, services, materials, supplies, or equipment performed on or furnished to such Premises, and if any such liens do attach, Licensee shall promptly cause them to be discharged of record. Failure of Licensee to discharge such liens within thirty (30) days of their attachment shall be cause for the City to terminate this Agreement. Nothing in this section shall be construed as imposing any obligation on Licensee for liens not resulting from Licensee's conduct or activities.

Zoning and Use Permits

Section 6.04. Should it be necessary or appropriate to obtain any use permit, variance, rezoning or other entitlement for use of such Premises in order to construct or operate the Facilities, the City agrees to use its best efforts to cooperate with Licensee in applying for any such documents, petitions, applications, and authorizations as may be necessary or appropriate in obtaining the same, provided, however, that any such permits, variances, rezoning or other entitlements for use shall be obtained and any conditions of issuance shall be performed at the sole cost and expense of Licensee, and Licensee agrees to protect and save the City, and the property of the City, including such Premises, free and harmless from any such cost and expense.

Nothing in this Agreement shall be deemed to imply that the City has agreed or bound itself to approve any entitlement for use of such Premises by Licensee, and the City shall retain

its full governmental discretion to consider Licensee's land use applications on their merits. Any legally proper denial of a permit or entitlement by the City, shall not be considered a breach of this Agreement and shall not result in any damages accruing to Licensee hereunder nor reimbursement of any portion of any license fee paid.

Ownership of Facilities

Section 6.05. The Facilities placed or erected on such Premises as well as any and all furniture, equipment or other personal property placed in or on such Premises by Licensee shall remain the property of Licensee and upon expiration or sooner termination of this License shall be removed by Licensee at Licensee's sole cost and expense. For purposes of this Agreement, the Facilities or any portion thereof shall constitute trade fixtures which are not, by the manner in which they are affixed, an integral part of the Premises.

ARTICLE 7. REPAIRS AND RESTORATION

Maintenance

Section 7.01. At all times during the term of this License, Licensee shall, at Licensee's own cost and expense, keep and maintain Licensee's equipment and Facilities now or hereafter on such Premises in good order and repair and in a safe and clean condition. Licensee, at Licensee's own cost and expense, shall be entitled to reconstruct and restore the Facilities erected and installed on such Premises in the event such improvements are damaged or destroyed.

Requirements of Governmental Agencies

Section 7.02. At all times during the term of this License, Licensee, at Licensee's own cost and expense, shall:

(a) Make all alterations, additions, or repairs to its building and the monopole on such Premises, or to the underlying property, as required by any valid law, ordinance, statute, regulation, or permit now or hereafter made or issued by any federal, state, county, local, or other governmental agency or entity;

(b) Observe and comply with all valid laws, ordinances, statutes, and regulations now or hereafter made or issued respecting such Premises or the improvements or Facilities on such Premises by any federal, state, county, local, or other governmental agency or entity;

(c) Contest if Licensee, in Licensee's sole discretion, desires, by appropriate legal proceedings brought in good faith and diligently prosecuted in the name of Licensee, the validity or applicability to such Premises of any law, ordinance, statute, or regulation now or hereafter made or issued by any federal, state, county, local, or other governmental agency or entity provided, however, that any such contest or proceeding shall be without cost to the City, and Licensee shall protect such Premises and the City from Licensee's failure to

observe or comply during the contest with the contested law, ordinance, statute, or regulation; and

(d) Indemnify and hold the City and the property of the City, including such Premises, free and harmless from any and all liability, loss, damages, fines, penalties, claims, and actions resulting from Licensee's failure to comply with and perform the requirements of this section.

ARTICLE 8. INDEMNITY AND INSURANCE

Section 8.01. To the furthest extent allowed by law, Licensee shall indemnify, hold harmless and defend the City and each of its officers, officials, employees, agents and volunteers from any and all loss, liability, fines, penalties, forfeitures, costs and damages (whether in contract, tort or strict liability, including but not limited to personal injury, death at any time and property damage) incurred by the City, Licensee or any other person, and from any and all claims, demands and actions in law or equity (including attorney's fees and litigation expenses), arising or alleged to have arisen directly or indirectly out of performance of this License. Licensee's obligations under the preceding sentence shall apply regardless of whether the City or any of its officers, officials, employees, agents or volunteers are passively negligent, but shall not apply to any loss, liability, fines, penalties, forfeitures, costs or damages caused by the active or sole negligence, or the willful misconduct, of the City or any of its officers, officials, employees, agents or volunteers.

If Licensee should subcontract and/or contract all or any portion of the work to be performed under this Contract, Licensee shall require each subcontractor to indemnify, hold harmless and defend the City and each of its officers, officials, employees, agents and volunteers in accordance with the terms of the preceding paragraph. Licensee, as a material part of the consideration to be rendered to the City under this Agreement, waives all claims against the City for damages to all Facilities and personal property in, on, or about the premises, and for injuries to persons in or about the Premises, from any cause arising at any time. The City shall not be liable to Licensee for any damage by or from any act or negligence of any other occupant of the Premises or any occupant of adjoining or contiguous property.

This section shall survive termination or expiration of this License.

MINIMUM LIMITS OF INSURANCE

Licensee shall carry and maintain for the duration of the License, and for 5 years thereafter, insurance with limits of liability not less than those set forth below. However, insurance limits available to the City, its officers, officials, employees, agents and volunteers as additional insureds, shall be the greater of the minimum limits specified herein or the full limit of any insurance proceeds available to the named insured:

(b) The failure of Licensee to operate in the manner required by this License, where such failure continues for more than five (5) days after written notice to Licensee from the City for correction thereof, provided that where fulfillment of such obligation requires

Such waiver by the City shall not be unreasonably withheld.

(c) The failure of Licensee to maintain its property on such Premises as required by this License, where such failure continues for more than five (5) days after written notice to Licensee from the City for correction thereof, provided that where fulfillment of such obligation requires activity over a period of time and Licensee shall have immediately, following receipt of such notice, commenced to perform whatever reasonably may be required to cure the particular default and continues such performance diligently, such time limit may be waived in the manner and to the extent allowed by the City. Relocation in lieu of Termination; Termination for Convenience

Section 10.04.

(a) In the event the City determines the Premises are necessary for public purposes, the City will have the one-time right to require Licensee to relocate its communications facility to an alternate ground location on the Property. Such relocation will (a) be performed exclusively by Licensee or its agents, (b) not result in any interruption of the communications service provided by Licensee on the Property including but not limited to Licensee's right to maintain the rights to the existing communications facility until such time that all existing licensees or sublicensees are successfully moved to the relocation site, (c) not impair, put the Premises at risk, or in any manner alter, the quality of communications service provided by Licensee on and from the Property, (d) can only be exercised in the event the City requires the Premises for public purposes, and the location of the existing facility is not compatible with the public purposes, and (5) be done in accordance with the terms and conditions in subsections (a), (b), (c) and (d) below. Upon relocation of the communications facility of Licensee, the access and utility easement(s) of Licensee will be relocated as required to operate and maintain the communications facility.

(b) The cost of the relocation shall be paid solely by the Licensee.

(c) The City will exercise its relocation right under subsection (a), above, by (and only by) delivering written notice (the "Notice") to Licensee. In the Notice, the City will propose an alternate site on the Property to which Licensee may relocate its communications facility. Licensee will have sixty (60) days from the date it receives the Notice to evaluate the City's proposed relocation site, including, but not limited to, conducting tests to determine the technological feasibility of the proposed relocation site ("Review Period"). If Licensee fails to approve the proposed relocation site in writing within the Review Period, Licensee will be deemed to have not approved such proposed relocation site. If Licensee does not approve such relocation site, the City may then propose another relocation site by Notice to Licensee in the manner set forth above. Licensee's approval of the proposed relocation site shall not be unreasonably withheld, delayed or denied. Any relocation site which the City and Licensee agree upon in writing is referred to hereinafter as the "Relocation Site". Upon reaching agreement on the Relocation Site, both parties will enter into a written agreement between the parties concerning the location, dimensions, specifications and anticipated construction schedule and costs for the relocation ("Relocation Agreement"). The City acknowledges that Licensee will be required to obtain all required approvals of affected governmental agencies, including, but not limited to, the

FAA and local zoning authorities. If all governmental requirements are met, including local, state and federal, Licensee will use commercially reasonable efforts to complete the relocation of the new communications facility and the removal of the existing tower compound within a timeframe not to exceed sixty (6) months from execution of the Relocation Agreement ("Relocation Phase"). Notwithstanding the foregoing, Licensee will have an option to extend the Relocation Phase for two ninety (90) day extensions if there are delays which are outside of the control of Licensee.

(d) Upon relocation of the communications facility, or any part thereof, to the Relocation Site, all references to the Premises in this License will be deemed to be references to the Relocation Site. The City and Licensee hereby agree that the Relocation Site (including the access and utility right of way) will be surveyed by a licensed surveyor with the costs paid per subsection (b), and such survey will then replace the previous survey and legal description of the Premises and become a part hereof and will be the controlling description. The City and Licensee shall execute an amendment to the lease to update the new Premises of record and shall cooperate with each other to obtain a subordination and non-disturbance agreement from any lender or holder of a mortgage against the Property at the time of the relocation. The City and Licensee hereby agree that in no event will the relocation of the communications facility of Licensee, or any part thereof, under subsection (a), above, affect, alter, modify or otherwise change any of the terms and conditions and of this License as may be amended, unless changes are agreed to in writing by both parties.

Section 10.05. If no alternate site is available on the Property, the City reserves the right to terminate this License upon twenty-four (24) months' written notice to Licensee.

Recovery by City
