AGREEMENT FOR RELOCATION, ADJUSTMENT OR PROTECTION OF TELECOMMUNICATIONS FACILITIES

THIS UTILITY RELOCATION, ADJUSTMENT AND/OR PROTECTION AGREEMENT (hereinafter called, "Agreement"), is executed to be effective as of _____, 2023, by and between the CITY OF FRESNO, a California municipal corporation, (hereinafter called, "Requestor"), and CenturyLink Communications, LLC, a Delaware limited liability company (hereinafter called, "Affiliate").

WHEREAS, Requestor has contacted Affiliate, an affiliate of Lumen Technologies, Inc. ("Company"), regarding relocation, protection and/or adjustment of the Company's telecommunications facilities, including those facilities as set forth in Exhibit A, (the "Facilities"), located at E North Ave / S Golden State Blvd, City of Fresno, County of Fresno, State of California, for the benefit of the Requestor's North Avenue sewer main realignment project ("Project");

WHEREAS, the current location of the Facilities is set forth in the description attached hereto as Exhibit A. To avoid all identified conflicts between the Facilities and the Requestor's Project, Company will adjust, protect and/or relocate its Facilities as further described in Exhibit B, subject to the terms and conditions set forth below.

AGREEMENT

In consideration of the mutual covenants and agreements of the parties contained herein, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

- (1) The government or private entity owning or otherwise controlling the underlying property whereupon the Facilities are located or are to be relocated, if so required, first grant to Company the complete authority to perform the Work described in Exhibit B and, where necessary, to provide Company permanent easement rights necessary for the Facilities to remain in the location upon completion of the Work.
- (2) Company will coordinate and perform all relocation, protection and/or adjustment work (the "Work") described in Exhibit B at the Requestor's sole cost and expense. Company will use reasonable efforts to perform all Work from within the area where the Facilities are located or are to be relocated; provided, however, that where Company is required to perform the Work from a third party's property, Company will, obtain any necessary permission in advance

the Work until payment is received. A failure to pay such amount shall cause same to bear interest from the due date until payment is received at a rate of one-and one-half percent (1 1/2%) per month, compounded annually.

- (6) To the furthest extent allowed by law, Company shall indemnify, hold harmless and defend Requestor and each of its officers, officials, employees, agents and volunteers from any and all loss, liability, fines, penalties, forfeitures, costs and damages (whether in contract, tort or strict liability, including but not limited to personal injury, death at any time and property damage) incurred by Requestor, Company or any other person, and from any and all claims, demands and actions in law or equity (including reasonable attorney's fees, litigation expenses and cost to enforce this agreement), arising or alleged to have arisen directly or indirectly out of performance of this Agreement. Company's obligations under the preceding sentence shall not apply to any loss, liability, fines, penalties, forfeitures, costs or damages caused by the gross negligence, or caused by the willful misconduct, of Requestor or any of its officers, officials, employees, agents or volunteers.

If Company should subcontract all or any portion of the work to be performed under this Agreement, Company shall require each subcontractor to indemnify, hold harmless and defend Requestor and each of its officers, officials, employees, agents and volunteers in accordance with the terms of the preceding paragraph.

This section shall survive termination or expiration of this Agreement.

- (7) (a) Throughout the life of this Agreement, COMPANY shall pay for and maintain in full force and effect all insurance as required herein with an insurance company(ies) either (i) admitted by the California Insurance Commissioner to do business in the State of California and rated no less than "A-VII" in the Best's Insurance Rating Guide, or (ii) as may be authorized in writing by REQUESTOR'S Risk Manager or his/her designee at any time and in his/her sole discretion. The required policies of insurance as stated herein shall maintain limits of liability of not less than those amounts stated therein. However, the insurance limits available to REQUESTOR, its officers, officials, employees, agents and volunteers as additional insureds, shall be the greater of the minimum limits specified therein or the full limit of any insurance proceeds to the named insured.

Pre50 P-338271

Any failure to maintain the required insurance shall be sufficient cause for REQUESTOR to terminate this Agreement. No action taken by REQUESTOR pursuant to this section shall in any way relieve COMPANY of its responsibilities under this Agreement. The phrase "fail to maintain any required insurance" shall include, without limitation, notification received by REQUESTOR that an insurer has commenced proceedings, or has had proceedings commenced against it, indicating that the insurer is insolvent.

(c) The fact that insurance is obtained by COMPANY shall not be deemed to release or diminish the liability of COMPANY, including, without limitation, liability under the indemnity provisions of this Agreement. The duty to indemnify REQUESTOR shall apply to all claims and liability regardless of whether any insurance policies are applicable. The policy limits do not act as a limitation upon the amount of indemnification to be provided by COMPANY. Approval or purchase of any insurance contracts or policies shall in no way relieve from liability nor limit the liability of COMPANY, vendors, suppliers, invitees, contractors, sub-contractors, subcontractors, or anyone employed directly or indirectly by any of them.

Summary Description of Work

Scope: City has advised the CenturyLink fiber within UPRR ROW conflicts with proposed sewer bore. CenturyLink will ENG, seek approval from railroads and utilize our approved vendor for all aspects of construction. Duct package will be like for like (same size, quantity, and fiber type and count). New deep “wireline” bore will be proposed for UPRR approval. Once approved new fiber will be pulled and spliced from existing splice points. Typically, these are located approximately at 25,000-foot intervals.
