I. ABOUT SOURCEWELL

A. SOURCEWELL

Sourcewell is a State of Minnesota local government unit and service cooperative created under the laws of the State of Minnesota (Minnesota Statutes Section 123A.21) that facilitates a competitive public solicitation and contract award process for the benefit of its 50,000+ participating entities across the United States and Canada. Sourcewell's solicitation process complies with State of Minnesota law and policies, conforms to Canadian trade agreements (including Canadian Free Trade Agreement, Ontario-Quebec Trade and Cooperation Agreement, and Canada-European Union Comprehensive Economic and Trade Agreement, as applicable), and results in cooperative purchasing solutions from which Sourcewell's Participating Entities procure equipment, products, and services.

Cooperative purchasing provides participating entities and suppliers increased administrative efficiencies and the power of combined purchasing volume that result in overall cost savings. At times, Sourcewell also partners with other purchasing cooperatives to combine the purchasing volume of their membership into a single solicitation and contract expanding the reach of contracted suppliers' potential pool of end users.

Sourcewell uses a website-based platform, the Sourcewell Procurement Portal, through which all proposals to this RFP must be submitted.

Participating Entities typically access contracted equipment, products, or services through a purchase order issued directly to the contracted supplier. A Participating Entity may request additional terms or conditions related to a purchase. Use of Sourcewell contracts is voluntary and Participating Entities retain the right to obtain similar equipment, products, or services from other sources.

To meet Participating Entities' needs, Sourcewell broadly publishes public notice of all solicitation opportunities, including this RFP. In addition, where applicable, other purchasing cooperatives and procurement officials receive notice and are encouraged to re-post the solicitation opportunity.

Proof of publication will be available at the conclusion of the solicitation process.

II. SOLICITATION DETAILS

A. SOLUTIONS-BASED SOLICITATION

This RFP and contract award process is a solutions-based solicitation; meaning that Sourcewell is seeking equipment, products, or services that meet the general requirements of the scope of this RFP and that are commonly desired or are required by law or industry standards.

B. REQUESTED EQUIPMENT, PRODUCTS, OR SERVICES

It is expected that proposers will offer a wide array of equipment, products, or services at lower prices and with better value than what they would ordinarily offer to a single government entity, a school district, or a regional cooperative.

1. Sourcewell is seeking proposals for Medium Duty and Compact Construction Equipment with Related Attachments, including, but not limited to, the following types of medium and compact construction equipment:

- a. Wheeled, tracked, and backhoe loaders;
- b. Skid steers;
- c. Mini excavators;
- d. Telehandlers; and
- e. Soil compaction and site preparation equipment.

Proposers may include related equipment, accessories, attachments, and services to the extent that these solutions are ancillary or complementary to the equipment, products, or services being proposed.

2. The primary focus of this solicitation is on Medium Duty and Compact Construction Equipment with Related Attachments. This solicitation should NOT be construed to include:

- a. Construction services; and,
- b. Equipment accessory, attachment, and supply only solutions.

3. This solicitation does not include those equipment, products, or services covered under categories included in pending or planned Sourcewell solicitations, or in contracts currently maintained by Sourcewell, identified below:

- a. Mobile Refuse Collection Vehicles with Related Equipment, Accessories, and Services (RFP #091219)
- b. Ag Tractors with Related Attachments, Accessories, and Supplies (RFP #110719)
- c. Equipment Rental with Related Services (RFP #062320)
- d. Forklifts and Lift Trucks with Related Services (RFP #091520)
- e. Grounds Maintenance Equipment, Attachments, Accessories, and Related Services (RFP #031121)
- f. Road Right-of-Way Maintenance Equipment (RFP #070821)
- g. Roadway Maintenance Equipment (RFP #080521)
- h. Street Sweepers and Specialty Sweepers, with Related Equipment, Accessories, and Supplies (RFP #093021)
- i. Sewer Vacuum, Hydro-Excavation, and Municipal Pumping Equipment with Related Accessories and Supplies (RFP #101221)
- j. Public Utility Equipment with Related Accessories and Supplies (RFP #110421)

- k. Roadway Paving Equipment (RFP #060122)
- l. Snow and Ice Handling Equipment, Supplies, and Accessories (RFP #062222)
- m. Trailers with Related Equipment, Accessories, and Services (RFP #092922)
- n. Heavy Construction Equipment with Related Attachments and Technology (RFP #011723)
- o. Portable Construction Equipment with Related Accessories and Attachments (RFP #TBD)

Generally, the solutions for Participating Entities are turn-key solutions, providing a combination of equipment, products and services, delivery, and installation to a properly operating status. However, equipment-only or products-only solutions may be appropriate for situations where Participating Entities possess the ability, either in-house or through local third-party contractors, to properly install and bring to operation the equipment or products being proposed.

Sourcewell prefers suppliers that provide a sole source of responsibility for the equipment, products, and services provided under a resulting contract. If proposer is including the equipment, products, and services of its subsidiary entities, the proposer must also identify all included subsidiaries in its proposal. If proposer requires the use of distributors, dealers, resellers, or subcontractors to provide the equipment, products, or services, the proposal must address how the equipment, products or services will be provided to Participating Entities, and describe the network of distributors, dealers, resellers, and/or subcontractors that will be available to serve Participating Entities under a resulting contract.

Sourcewell encourages suppliers to offer the broadest possible selection of equipment, products, and services being proposed over the largest possible geographic area and to the largest possible cross-section of Sourcewell current and future Participating Entities.

C. REQUIREMENTS

It is expected that proposers have knowledge of all applicable industry standards, laws, and regulations and possess an ability to market and distribute the equipment, products, or services to Participating Entities.

1. Safety Requirements. All items proposed must comply with current applicable safety or regulatory standards or codes.
2. Deviation from Industry Standard. Deviations from industry standards must be identified with an explanation of how the equipment, products, and services will provide equivalent function, coverage, performance, and/or related services.
3. New Equipment and Products. Proposed equipment and products must be for new, current model; however, proposer may offer certain close-out equipment or products if it is specifically noted in the Pricing proposal.
4. Delivered and operational. Unless clearly noted in the proposal, equipment and products must be delivered to the Participating Entity as operational.
5. Warranty. All equipment, products, supplies, and services must be covered by a warranty that is the industry standard or better.

D. ANTICIPATED CONTRACT TERM

Sourcwell anticipates that the term of any resulting contract(s) will be four years, with an optional one-year extension that may be offered based on the best interests of Sourcwell and its Participating Entities.

E. ESTIMATED CONTRACT VALUE AND USAGE

Based on past volume of similar contracts, the estimated annual value of all transactions from contracts resulting from this RFP are anticipated to be USD \$200 Million; therefore, proposers are expected to propose volume pricing. Sourcwell anticipates considerable activity under the contract(s) awarded from this RFP; however, sales and sales volume from any resulting contract are not guaranteed.

F. MARKETING PLAN

Proposer's sales force will be the primary source of communication with Participating Entities. The proposer's Marketing Plan should demonstrate proposer's ability to deploy a sales force or dealer network to Participating Entities, as well as proposer's sales and service capabilities. It is expected that proposer will promote and market any contract award.

G. ADDITIONAL CONSIDERATIONS

1. Contracts will be awarded to proposers able to best meet the need of Participating Entities. Proposers should submit their complete line of equipment, products, or services that are applicable to the scope of this RFP.
2. A proposer may submit only one proposal. If related, affiliated, or subsidiary entities elect to submit separate proposals, rather than a single parent-entity proposal, each such proposal must be prepared independently and without cooperation, collaboration, or collusion.
3. If a proposer works with a consultant on its proposal, the consultant (an individual or company) may not assist any other entity with a proposal for this solicitation.
4. Proposers should include all relevant information in its proposal, since Sourcwell cannot consider information that is not included in the proposal. Sourcwell reserves the right to verify proposer's information and may request clarification from a proposer, including samples of the proposed equipment or products.
5. Depending upon the responses received in a given category, Sourcwell may need to organize responses into subcategories in order to provide the broadest coverage of the requested equipment, products, or services to Participating Entities. Awards may be based on a subcategory.
6. A proposer's documented negative past performance with Sourcwell or its Participating Entities occurring under a previously awarded Sourcwell contract may be considered in the evaluation of a proposal.

III. PRICING

A. REQUIREMENTS

All proposed pricing must be:

1. Either Line-Item Pricing or Percentage Discount from Catalog Pricing, or a combination of these:
 - a. **Line-item Pricing** is pricing based on each individual product or services. Each line must indicate the proposer's published "List Price," as well as the "Contract Price."
 - b. **Percentage Discount from Catalog or Category** is based on a percentage discount from a catalog or list price, defined as a published Manufacturer's Suggested Retail Price (MSRP) for the products or services. Individualized percentage discounts can be applied to any number of defined product groupings. Proposers will be responsible for providing and maintaining current published MSRP with Sourcwell, and this pricing must be included in its proposal and provided throughout the term of any contract resulting from this RFP.
2. The proposer's not to exceed price. A not to exceed price is the highest price for which equipment, products, or services may be billed to a Participating Entity. However, it is permissible for suppliers to sell at a price that is lower than the contracted price.
3. Stated in U.S. and Canadian dollars (as applicable).
4. Clearly understandable, complete, and fully describe the total cost of acquisition (e.g., the cost of the proposed equipment, products, and services delivered and operational for its intended purpose in the Participating Entity's location).

Proposers should clearly identify any costs that are NOT included in the proposed product or service pricing. This may include items such as installation, set up, mandatory training, or initial inspection. Include identification of any parties that impose such costs and their relationship to the proposer. Additionally, proposers should clearly describe any unique distribution and/or delivery methods or options offered in the proposal.

B. ADMINISTRATIVE FEES

Proposers awarded a contract are expected to pay to Sourcwell an administrative fee in exchange for Sourcwell facilitating the resulting contracts. The administrative fee is normally calculated as a percentage of the total sales to Participating Entities for all contracted equipment, products, or services made during a calendar quarter, and is typically one percent (1%) to two percent (2%). In some categories, a flat fee may be an acceptable alternative.

IV. CONTRACT

Proposers awarded a contract will be required to execute a contract with Sourcwell (see attached template). Only those modifications the proposer indicates in its proposal will be available for discussion. Much of the language in the Contract reflects Minnesota legal

requirements and cannot be altered. Numerous and/or onerous exceptions that contradict Minnesota law may result in the proposal being disqualified from further review and evaluation.

To request a modification to the template Contract, a proposer must submit the Exceptions to Terms, Conditions, or Specifications table with its proposal. Only those exceptions noted at the time of the proposal submission will be considered.

Exceptions must:

1. Clearly identify the affected article and section.
2. Clearly note the requested modification; and as applicable, provide requested alternative language.

Unclear requests will be automatically denied.

Only those exceptions that have been accepted by Sourcewell will be included in the contract document provided to the awarded supplier for signature.

If a proposer receives a contract award resulting from this solicitation it will have up to 30 days to sign and return the contract. After that time, at Sourcewell's sole discretion, the contract award may be revoked.

V. RFP PROCESS

A. PRE-PROPOSAL CONFERENCE

Sourcewell will hold an optional, non-mandatory pre-proposal conference via webcast on the date and time noted in the Solicitation Schedule for this RFP and on the Sourcewell Procurement Portal. The purpose of this conference is to allow potential proposers to ask questions regarding this RFP and Sourcewell's competitive contracting process. Information about the webcast will be sent to all entities that have registered for this solicitation opportunity through their Sourcewell Procurement Portal Vendor Account. Pre-proposal conference attendance is optional.

B. QUESTIONS REGARDING THIS RFP AND ORAL COMMUNICATION

All questions regarding this RFP must be submitted through the Sourcewell Procurement Portal. The deadline for submission of questions is found in the Solicitation Schedule and on the Sourcewell Procurement Portal. Answers to questions will be issued through an addendum to this RFP. Repetitive questions will be summarized into a single answer and identifying information will be removed from the submitted questions.

All questions, whether specific to a proposer or generally related to the RFP, must be submitted using this process. Do not contact individual Sourcewell staff to ask questions or request information as this may disqualify the proposer from responding to this RFP. Sourcewell will not respond to questions submitted after the deadline.

C. ADDENDA

Sourcewell may modify this RFP at any time prior to the proposal due date by issuing an addendum. Addenda issued by Sourcewell become a part of the RFP and will be delivered to potential proposers through the Sourcewell Procurement Portal. Sourcewell accepts no liability in connection with the delivery of any addenda.

Before a proposal will be accepted through the Sourcewell Procurement Portal, all addenda, if any, must be acknowledged by the proposer by checking the box for each addendum. It is the responsibility of the proposer to check for any addenda that may have been issued up to the solicitation due date and time.

If an addendum is issued after a proposer submitted its proposal, the Sourcewell Procurement Portal will WITHDRAW the submission and change the proposer's proposal status to INCOMPLETE. The proposer can view this status change in the "MY BIDS" section of the Sourcewell Procurement Portal Vendor Account. The proposer is solely responsible to check the "MY BIDS" section of the Sourcewell Procurement Portal Vendor Account periodically after submitting its proposal (and up to the Proposal Due Date). If the proposer's proposal status has changed to INCOMPLETE, the proposer is solely responsible to:

- i) make any required adjustments to its proposal;
- ii) acknowledge the addenda; and
- iii) ensure the re-submitted proposal is received through the Sourcewell Procurement Portal no later than the Proposal Due Date and time shown in the Solicitation Schedule above.

D. PROPOSAL SUBMISSION

Proposer's complete proposal must be submitted through the Sourcewell Procurement Portal no later than the date and time specified in the Solicitation Schedule. Any other form of proposal submission, whether electronic, paper, or otherwise, will not be considered by Sourcewell. **Late proposals will not be considered.** It is the proposer's sole responsibility to ensure that the proposal is received on time.

It is recommended that proposers allow sufficient time to upload the proposal and to resolve any issues that may arise. The time and date that a proposal is received by Sourcewell is solely determined by the Sourcewell Procurement Portal web clock.

In the event of problems with the Sourcewell Procurement Portal, follow the instructions for technical support posted in the portal. It may take up to 24 hours to respond to certain issues.

Upon successful submission of a proposal, the Sourcewell Procurement Portal will automatically generate a confirmation email to the proposer. If the proposer does not receive a confirmation email, contact Sourcewell's support provider at support@bidsandtenders.ca.

To ensure receipt of the latest information and updates via email regarding this solicitation, or if the proposer has obtained this solicitation document from a third party, the onus is on the proposer to create a Sourcewell Procurement Portal Vendor Account and register for this solicitation opportunity.

Within the Sourcewell Procurement Portal, all proposals must be digitally acknowledged by an authorized representative of the proposer attesting that the information contained in the proposal is true and accurate. By submitting a proposal, proposer warrants that the information provided is true, correct, and reliable for purposes of evaluation for potential contract award. The submission of inaccurate, misleading, or false information is grounds for disqualification from a contract award and may subject the proposer to remedies available by law.

E. GENERAL PROPOSAL REQUIREMENTS

Proposals must be:

- In substantial compliance with the requirements of this RFP or it will be considered nonresponsive and be rejected.
- Complete. A proposal will be rejected if it is conditional or incomplete.
- Submitted in English.
- Valid and irrevocable for 90 days following the Proposal Due Date.

Any and all costs incurred in responding to this RFP will be borne by the proposer.

F. PROPOSAL WITHDRAWAL

Prior to the proposal deadline, a proposer may withdraw its proposal.

G. OPENING

The Opening of proposals will be conducted electronically through the Sourcewell Procurement Portal. A list of all proposers will be made publicly available in the Sourcewell Procurement Portal after the Proposal Due Date, but no later than the Opening time listed in the Solicitation Schedule.

To view the list of proposers, verify that the Sourcewell Procurement Portal opportunities list search is set to "All" or "Closed." The solicitation status will automatically change to "Closed" after the Proposal Due Date and Time.

VI. EVALUATION AND AWARD

A. EVALUATION

It is the intent of Sourcewell to award one or more contracts to responsive and responsible proposers offering the best overall quality, selection of equipment, products, and services, and

price that meet the commonly requested specifications of Sourcewell and its Participating Entities. The award(s) will be limited to the number of proposers that Sourcewell determines is necessary to meet the needs of its Participating Entities.

Factors to be considered in determining the number of contracts to be awarded in any category may include the following:

 - A sales and service network ensuring availability and coverage for Participating Entities' use; and
 - Other attributes of the proposer or contents of its proposal that assist Participating Entities in achieving environmental and social requirements, and goals.

B. AWARD(S)

Award(s) will be made to the highest-scoring proposer(s) whose proposal conforms to all conditions and requirements of the RFP, and consistent with the award criteria defined in this RFP.

Sourcewell may request written clarification of a proposal at any time during the evaluation process.

Proposal evaluation will be based on the following scoring criteria and the Sourcewell Evaluator Scoring Guide (a copy is available in the Sourcewell Procurement Portal):

Financial Viability and Marketplace Success	75
Ability to Sell and Deliver Service	100
Marketing Plan	50
Value Added Attributes	75

Solicitation Name: Medium Duty and Compact Construction Equipment with Related Attachments

Consider the following Question and Answer to be part of the above-titled solicitation documents. The remainder of the documents remain unchanged.

Question 1:

On page 16 of the template contract, Section 21. J., there is a Buy American Provisions Compliance section. "To the extent applicable, Supplier must comply with all applicable provisions of the Buy American Act."

Question 3:

How do you determine the fee that is paid to Sourcewell?

Answer 3:

Refer to RFP Section III. B. – Administrative Fees, for directions on proposing an administrative fee. It is left to the discretion of each proposer to determine and propose an administrative fee that is consistent with its business and its industry.

EXHIBIT B

Original Government Contract

**Solicitation Number: RFP #020223****CONTRACT**

This Contract is between Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 (Sourcewell) and **Caterpillar Inc.**, 5212 N. O'Connor Blvd., Suite 1100, Irving, TX 75039 (Supplier).

Sourcewell is a State of Minnesota local government unit and service cooperative created under the laws of the State of Minnesota (Minnesota Statutes Section 123A.21) that offers cooperative procurement solutions to government entities. Participation is open to eligible federal, state/province, and municipal governmental entities, higher education, K-12 education, nonprofit, tribal government, and other public entities located in the United States and Canada. Sourcewell issued a public solicitation for **Medium Duty and Compact Construction Equipment with Related Attachments** from which Supplier was awarded a contract.

Supplier desires to contract with Sourcewell to provide equipment, products, or services to Sourcewell and the entities that access Sourcewell's cooperative purchasing contracts (Participating Entities).

1. TERM OF CONTRACT

- A. **EFFECTIVE DATE.** This Contract is effective upon the date of the final signature below.
- B. **EXPIRATION DATE AND EXTENSION.** This Contract expires April 17, 2027, unless it is cancelled sooner pursuant to Article 22. This Contract may be extended one additional year upon the request of Sourcewell and written agreement by Supplier.
- C. **SURVIVAL OF TERMS.** Notwithstanding any expiration or termination of this Contract, all payment obligations incurred prior to expiration or termination will survive, as will the following: Articles 11 through 14 survive the expiration or cancellation of this Contract. All other rights will cease upon expiration or termination of this Contract.

2. EQUIPMENT, PRODUCTS, OR SERVICES

- A. **EQUIPMENT, PRODUCTS, OR SERVICES.** Supplier will provide the Equipment, Products, or Services as stated in its Proposal submitted under the Solicitation Number listed above.

Supplier's Equipment, Products, or Services Proposal (Proposal) is attached and incorporated into this Contract.

Pursuant to Section 10(b), Supplier will subcontract certain obligations under this Contract to its dealers. Only those dealers that sign a Participation Agreement with Supplier obligating them to comply with the terms of this Contract will be eligible to provide Equipment, Products, or Services as a subcontractor under this Contract. In the event there is no dealer who has entered into a Participation Agreement available to provide Equipment, Products, or Services to a Participating Entity, Supplier will be under no obligation to provide Equipment, Products, or Services to such Participating Entity under this Contract. Supplier will provide a copy of this Contract to its dealers that would normally service Participating Entities and invite such dealers to enter into a Participation Agreement as a subcontractor of Supplier under the terms of this Contract.

All Equipment and Products provided under this Contract must be new and the current model. Supplier may offer close-out or refurbished Equipment or Products if they are clearly indicated in Supplier's product and pricing list. Unless agreed to by the Participating Entities in advance, Equipment or Products must be delivered as operational to the Participating Entity's site.

This Contract offers an indefinite quantity of sales, and while substantial volume is anticipated, sales and sales volume are not guaranteed.

B. **WARRANTY.** Supplier warrants that all Equipment, Products, and Services furnished are free from liens and encumbrances, and are free from defects in design, materials, and workmanship. In addition, Supplier warrants the Equipment, Products, and Services are suitable for and will perform in accordance with the ordinary use for which they are intended. Supplier's dealers and distributors must agree to assist the Participating Entity in reaching a resolution in any dispute over warranty terms with the manufacturer. Any manufacturer's warranty that extends beyond the expiration of the Supplier's warranty will be passed on to the Participating Entity.

C. **DEALERS, DISTRIBUTORS, AND/OR RESELLERS.** Upon Contract execution and throughout the Contract term, Supplier must provide to Sourcewell a current means to validate or authenticate Supplier's authorized dealers, distributors, or resellers relative to the Equipment, Products, and Services offered under this Contract, which will be incorporated into this Contract by reference. It is the Supplier's responsibility to ensure Sourcewell receives the most current information.

3. PRICING

All Equipment, Products, or Services under this Contract will be priced at or below the price percentage list discount stated in Supplier's Proposal.

Upon request made to a participating CAT dealer, from a Participating Entity identifying themselves as a Sourcewell member by providing their Sourcewell member number and contract number; formal quotes will list all costs, including all delivery expenses, such as freight and permits (when required). Alternatively, Participating Entities may choose to make their own transportation arrangements. In such case, there would be no delivery charges from the local participating Cat dealer.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

A. **SHIPPING AND SHIPPING COSTS.** All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. If the damage is not readily apparent at the time of delivery, Supplier must permit the Equipment and Products to be returned within a reasonable time at no cost to Sourcewell or its Participating Entities. Participating Entities reserve the right to inspect the Equipment and Products at a reasonable time after delivery where circumstances or conditions prevent effective inspection of the Equipment and Products at the time of delivery. In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Supplier as soon as possible and the Supplier will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity.

Supplier must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcewell may declare the Supplier in breach of this Contract if the Supplier intentionally delivers substandard or inferior Equipment or Products.

B. **SALES TAX.** Each Participating Entity is responsible for supplying the Supplier with valid tax-exemption certification(s). When ordering, a Participating Entity must indicate if it is a tax-exempt entity.

C. **HOT LIST PRICING.** At any time during this Contract, Supplier may offer a specific selection of Equipment, Products, or Services at discounts greater than those listed in the Contract. When Supplier determines it will offer Hot List Pricing, it must be submitted electronically to Sourcewell in a line-item format. Equipment, Products, or Services may be added or removed from the Hot List at any time through a Sourcewell Price and Product Change Form as defined in Article 4 below.

Hot List program and pricing may also be used to discount and liquidate close-out and discontinued Equipment and Products as long as those close-out and discontinued items are clearly identified as such. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

4. PRODUCT AND PRICING CHANGE REQUESTS

Supplier may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcewell Price and Product Change Request Form to the assigned Sourcewell Supplier Development Administrator. This approved form is available from the assigned Sourcewell Supplier Development Administrator. At a minimum, the request must:

- Identify the applicable Sourcewell contract number;
- Clearly specify the requested change;
- Provide sufficient detail to justify the requested change;
- Individually list all Equipment, Products, or Services affected by the requested change, along with the requested change (e.g., addition, deletion, price change); and
- Include a complete restatement of pricing documentation in Microsoft Excel with the effective date of the modified pricing, or product addition or deletion. The new pricing restatement must include all Equipment, Products, and Services offered, even for those items where pricing remains unchanged.

A fully executed Sourcewell Price and Product Request Form will become an amendment to this Contract and will be incorporated by reference.

5. PARTICIPATION, CONTRACT ACCESS, AND PARTICIPATING ENTITY REQUIREMENTS

A. PARTICIPATION. Sourcewell's cooperative contracts are available and open to public and nonprofit entities across the United States and Canada; such as federal, state/province, municipal, K-12 and higher education, tribal government, and other public entities.

B. Supplier may not enter into a contract with a U.S. Federal Government entity prior to obtaining necessary internal approvals and shall not be obligated to provide Equipment, Products or Services to any U.S. Federal Government entity under this Contract unless separately agreed in writing. Supplier may work with such parties and may agree to provide equipment or services under the Contract on a case-by-case basis.

The benefits of this Contract should be available to all Participating Entities that can legally access the Equipment, Products, or Services under this Contract. A Participating Entity's authority to access this Contract is determined through its cooperative purchasing, interlocal, or joint powers laws. Any entity accessing benefits of this Contract will be considered a Service Member of Sourcewell during such time of access. Supplier understands that a Participating Entity's use of this Contract is at the Participating Entity's sole convenience and Participating Entities reserve the right to obtain like Equipment, Products, or Services from any other source.

Supplier is responsible for familiarizing its sales and service forces with Sourcewell contract use eligibility requirements and documentation and will encourage potential participating entities to join Sourcewell. Sourcewell reserves the right to add and remove Participating Entities to its roster during the term of this Contract.

C. PUBLIC FACILITIES. Supplier's employees may be required to perform work at government-owned facilities, including schools. Supplier's employees and agents must conduct themselves in a professional manner while on the premises, and in accordance with Participating Entity policies and procedures, and all applicable laws.

6. PARTICIPATING ENTITY USE AND PURCHASING

A. ORDERS AND PAYMENT. To access the contracted Equipment, Products, or Services under this Contract, a Participating Entity must clearly indicate to Supplier that it intends to access this Contract; however, order flow and procedure will be developed jointly between Sourcewell and Supplier. Typically, a Participating Entity will issue an order directly to Participating Dealers with payments made to the Participating Dealers. If a Participating Entity issues a purchase order, it may use its own forms, but the purchase order should clearly note the applicable Sourcewell contract number. All Participating Entity orders under this Contract must be issued prior to expiration or cancellation of this Contract; however, Supplier performance, Participating Entity payment obligations, and any applicable warranty periods or other Supplier or Participating Entity obligations may extend beyond the term of this Contract.

Supplier's acceptable forms of payment are included in its attached Proposal. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

B. ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM. Additional terms and conditions to a purchase order, or other required transaction documentation, may be negotiated between a Participating Entity and Supplier's Participating Dealer, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. Some Participating Entities may require the use of a Participating Addendum, the terms of which will be negotiated directly between the Participating Entity and the Supplier's Participating Dealer or its authorized dealers, distributors, or resellers, as applicable. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

C. SPECIALIZED SERVICE REQUIREMENTS. In the event that the Participating Entity requires service or specialized performance requirements not addressed in this Contract (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements), the Participating Entity and the Supplier may enter into a separate, standalone agreement, apart from this Contract. Sourcewell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

D. **TERMINATION OF ORDERS.** Participating Entities may terminate an order, in whole or in part, immediately upon notice to Supplier in the event of any of the following events:

1. The Participating Entity fails to receive funding or appropriation from its governing body at levels sufficient to pay for the equipment, products, or services to be purchased; or
2. Federal, state, or provincial laws or regulations prohibit the purchase or change the Participating Entity's requirements.

E. **GOVERNING LAW AND VENUE.** The governing law and venue for any action related to a Participating Entity's order will be determined by the Participating Entity making the purchase.

7. CUSTOMER SERVICE

A. **PRIMARY ACCOUNT REPRESENTATIVE.** Supplier will assign an Account Representative to Sourcewell for this Contract and must provide prompt notice to Sourcewell if that person is changed. The Account Representative will be responsible for:

- Maintenance and management of this Contract;
- Timely response to all Sourcewell and Participating Entity inquiries; and
- Business reviews to Sourcewell and Participating Entities, if applicable.

B. **BUSINESS REVIEWS.** Supplier must perform a minimum of one business review with Sourcewell per contract year. The business review will cover sales to Participating Entities, pricing and contract terms, administrative fees, sales data reports, performance issues, supply issues, customer issues, and any other necessary information.

8. REPORT ON CONTRACT SALES ACTIVITY AND ADMINISTRATIVE FEE PAYMENT

A. **CONTRACT SALES ACTIVITY REPORT.** Each calendar quarter, Supplier must provide a contract sales activity report (Report) to the Sourcewell Supplier Development Administrator assigned to this Contract. Reports are due no later than 45 days after the end of each calendar quarter. A Report must be provided regardless of the number or amount of sales during that quarter (i.e., if there are no sales, Supplier must submit a report indicating no sales were made).

The Report must contain the following fields:

- Participating Entity Name (e.g., City of Staples Highway Department);
- Participating Entity Physical Street Address;
- Participating Entity City;
- Participating Entity State/Province;

- Participating Entity Zip/Postal Code;
- Participating Entity Contact Name;
- Participating Entity Contact Email Address;
- Participating Entity Contact Telephone Number;
- Sourcwell Assigned Entity/Participating Entity Number;
- Item Purchased Description;
- Item Purchased Price;
- Sourcwell Administrative Fee Applied; and
- Date Purchase was invoiced/sale was recognized as revenue by Supplier.

B. ADMINISTRATIVE FEE. In consideration for the support and services provided by Sourcwell, the Supplier will pay an administrative fee to Sourcwell on all Equipment, Products, and Services provided to Participating Entities. The Administrative Fee must be included in, and not added to, the pricing. Supplier may not charge Participating Entities more than the contracted price to offset the Administrative Fee.

The Supplier will submit payment to Sourcwell for the percentage of administrative fee stated in the Proposal multiplied by the total sales of all Equipment, Products, and Services purchased by Participating Entities under this Contract during each calendar quarter. Payments should note the Supplier's name and Sourcwell-assigned contract number in the memo; and must be mailed to the address above "Attn: Accounts Receivable" or remitted electronically to Sourcwell's banking institution per Sourcwell's Finance department instructions. Payments must be received no later than 45 calendar days after the end of each calendar quarter.

Supplier agrees to cooperate with Sourcwell in auditing transactions under this Contract to ensure that the administrative fee is paid on all items purchased under this Contract.

In the event the Supplier is delinquent in any undisputed administrative fees, Sourcwell reserves the right to cancel this Contract and reject any proposal submitted by the Supplier in any subsequent solicitation. In the event this Contract is cancelled by either party prior to the Contract's expiration date, the administrative fee payment will be due no more than 30 days from the cancellation date.

9. AUTHORIZED REPRESENTATIVE

Sourcwell's Authorized Representative is its Chief Procurement Officer.

Supplier's Authorized Representative is the person named in the Supplier's Proposal. If Supplier's Authorized Representative changes at any time during this Contract, Supplier must promptly notify Sourcwell in writing.

10. AUDIT, ASSIGNMENT, AMENDMENTS, WAIVER, AND CONTRACT COMPLETE

A. **AUDIT.** Pursuant to Minnesota Statutes Section 16C.05, subdivision 5, the books, records, documents, and accounting procedures and practices relevant to this Contract are subject to examination by Sourcewell or the Minnesota State Auditor for a minimum of six years from the end of this Contract. This clause extends to Participating Entities as it relates to business conducted by that Participating Entity under this Contract.

B. **ASSIGNMENT.** Neither party may assign or otherwise transfer its rights or obligations under this Contract without the prior written consent of the other party and a fully executed assignment agreement. Such consent will not be unreasonably withheld. Any prohibited assignment will be invalid. Provided, however, that Supplier is permitted to subcontract certain of its rights and obligations to Supplier Participating Dealers for performance without Sourcewell's prior written consent.

C. **AMENDMENTS.** Any amendment to this Contract must be in writing and will not be effective until it has been duly executed by the parties.

D. **WAIVER.** Failure by either party to take action or assert any right under this Contract will not be deemed a waiver of such right in the event of the continuation or repetition of the circumstances giving rise to such right. Any such waiver must be in writing and signed by the parties.

E. **CONTRACT COMPLETE.** This Contract represents the complete agreement between the parties. No other understanding regarding this Contract, whether written or oral, may be used to bind either party. For any conflict between the attached Proposal and the terms set out in Articles 1-22 of this Contract, the terms of Articles 1-22 will govern.

F. **RELATIONSHIP OF THE PARTIES.** The relationship of the parties is one of independent contractors, each free to exercise judgment and discretion with regard to the conduct of their respective businesses. 3. *Performance while Dispute is Pending.* Notwithstanding the existence of a dispute, the Supplier must continue without delay to carry out all of its responsibilities under the Contract that are not affected by the dispute. If the Supplier fails to continue without delay to perform its responsibilities under the Contract, in the accomplishment of all undisputed work, the Supplier will bear any additional costs incurred by Sourcewell and/or its Participating Entities as a result of such failure to proceed.

B. **DEFAULT AND REMEDIES.** Either of the following constitutes cause to declare this Contract, or any Participating Entity order under this Contract, in default:

1. Nonperformance of contractual requirements, or
2. A material breach of any term or condition of this Contract.

The party claiming default must provide written notice of the default, with 30 calendar days to cure the default. Time allowed for cure will not diminish or eliminate any liability for liquidated or other damages. If the default remains after the opportunity for cure, the non-defaulting party may:

10	Provide a brief history of your company, including your company's core values, business philosophy, and industry longevity related to the requested equipment, products or services.	The history of Caterpillar is all about doing: creating, building, problem solving, innovating, testing, servicing and improving. We're proud of the ingenious machines that are part of our rich heritage. More importantly, we are proud of the people who founded and built the company one breakthrough at a time. Beginning with Benjamin Holt and C. L. Best, the people of Caterpillar have always been - and continue to be - extraordinary. In 1925 when Holt and Best merged to form their new tractor company, they used the name Caterpillar, which had become familiar with people around the world. The name was registered in 1910 by Holt and placed on his tractors to reflect the undulating movement the machine made as it crawled across the field like a caterpillar. With 2022 sales and revenues of \$59.4 billion, Caterpillar Inc. is the world's leading manufacturer of construction and mining equipment, off-highway diesel and natural gas engines, industrial gas turbines and diesel-electric locomotives. 11	What are your company's expectations in the event of an award? 16	How is your organization best described: is it a manufacturer, a distributor/dealer/reseller, or a service provider? Answer whichever question (either a) or b) just below) best applies to your organization. a) If your company is best described as a distributor/dealer/reseller (or similar entity), provide your written authorization to act as a distributor/dealer/reseller for the manufacturer of the products proposed in this RFP. If applicable, is your dealer network independent or company owned? b) If your company is best described as a manufacturer or service provider, describe your relationship with your sales and service force and with your dealer network in delivering the products and services proposed in this RFP. Are these individuals your employees, or the employees of a third party?	Caterpillar is a world class manufacturer which distributes products through a vast and capable independent dealer network. Cat dealers are strong independently owned companies and in North America alone our 47 dealers have a combined net worth of billions of dollars. Their large valuation is a competitive advantage because it allows them to have the infrastructure to support customers regardless of location, industry, fleet size, or application. Another advantage of independently owned dealers is that they know their customers and market well. They tailor their services specifically to their customers' needs. Although we will sign this contract as a manufacturer, our Cat dealers will be given the opportunity to avail themselves of the opportunity presented by the contract and will execute all the transactions with governmental customers as they do today. This includes but is not limited to consultation, quoting, accepting payment, delivery, warranty support, parts sales, and service. Caterpillar dealers heartily embrace the other Sourcewell contracts currently available to them (032119-CAT, 092222-CAT, 062320-CAT, 060122-CAT). They have all been trained on contract usage. In fact, the current Heavy Equipment contract is leveraged by 95% of our dealers in North America. Caterpillar offers specific discounts to Sourcewell members. By using any Sourcewell Contract, our dealers agree to honor those discounts.	*

As an equipment manufacturer focused on quality, Caterpillar created the Caterpillar Quality Management System, which is a process-based, ISO 9001:2015 compliant quality management system used throughout Caterpillar to continually improve the quality of our products and services to meet customer, statutory, and regulatory requirements. 26	Sales force.	The Cat dealer salesforce is highly capable and trained in the construction industry. The Cat dealer salespeople are consultants to their customers and advise their customers on the best solutions for their application and job. As a manufacturer we request our dealers to follow strict training protocols to ensure our sales force remains current on all product updates. Specifically, as it relates to governmental sales, each dealer has one or more people named to be a key liaison between us as manufacturer and their dealer sales team. They're offered additional in depth training on Sourcewell and ensures that all contract terms are followed. Caterpillar has Operational Excellence Programs that recognize dealers' excellence in marketing and sales processes and operations, among other areas of the business. In North America, Cat dealers employ more than 53,000 people across the machine, energy, parts and service divisions. The dealer sales teams are supported by a network of Caterpillar professionals. Each dealer has in territory support of 5 to 8 Caterpillar sales/marketing employees. It is the responsibility of these people to ensure that the dealer and Caterpillar are working well together to constantly improve and to adapt to marketplace changes. Beyond the territory experts, the sales and marketing department at Caterpillar is staffed by more than 600 people whose mission is to focus on customer satisfaction. Even more are employed "behind-the-scenes" to ensure industry leading product design, up to date product information, and maintaining the ease of doing business in an increasingly connected marketplace.
27	Dealer network or other distribution methods.	The Cat dealer network is key to the success of our company. Boasting 160 dealers throughout 193 countries worldwide, the Cat dealer network is widely considered to be the best in industry. Within Canada and the United States, we have 47 dealers and more than 800 dealer owned locations that sell and rent equipment. Please refer to our directory listing of Cat dealer locations and our easy to view locations map in the attached "Additional Documents" zip file. Cat dealers are independently-owned. Each dealer has multiple branches and a mobile service fleet than can serve customers regardless of location. These are full physical locations our governmental customers can use. Because of the size of Cat dealers, they are exceptionally capable to serve governmental customers. Dealers have trained specialists that cover many industries including heavy equipment. Collectively, Cat dealers' large net worth permits them to stock a high volume of replacement parts - allowing governmental customers the fastest turnaround on parts availability and repair time. Cat dealers recognize the importance of governmental business to their overall success and they each have one or more governmental specialists whose job it is to serve governmental agencies well. Please refer to the Cat dealer locations map included in "Additional Documents". Additionally, you can leverage https://www.cat.com/en_US/support/dealer-locator.html to locate dealers by location.

28	Service force.	At Caterpillar we are very proud of the saying "The sales department sells the first machine; the service department sells every one after that." The Cat dealer network in North America collectively employs more than 20,000 factory trained technicians, parts experts, product support managers and other service-oriented staff. These subject matter experts are supported by the best repair shop equipment and materials. As machines and engines are constantly updated, so too are our service experts. We conduct product-specific training every week of the year. Technician shortage is an industry-wide concern, but because Cat dealers are large, long established companies, they can offer strong compensation and benefit packages that encourage the best people to seek employment and to retain them once hired. Caterpillar works very closely with dealers and through a program called "ThinkBIG", we are able to keep the pipeline of high quality employees full. ThinkBIG is a Caterpillar-specific instructional program that pays the student while they train to become a technician. It is a 2-year program with lab and classroom work, and a paid internship at a sponsoring Cat Dealer. As a result, the student will graduate with an accredited degree backed with over 2,000 hours of work experience. In addition to the technicians and mechanics that work on the machines directly, each dealer has a service support staff that includes customer-facing consultants who are responsible for working with customers to set up maintenance and repair schedules to ensure the best possible up-time. Collectively, service support staff makes up the bulk of each dealers' staff. Roughly half of their personnel investment goes to ensuring customer success via product support. The dealer service teams are supported by a network of Caterpillar professionals. Each dealer has in territory support of 5 to 8 Caterpillar parts/service employees. It is the responsibility of these specialists to ensure that the dealer and Caterpillar are working well together to constantly improve and to adapt to marketplace changes. Beyond the territory experts, the service and support groups at Caterpillar are staffed by thousands of people whose mission is to focus on post-sale customer satisfaction. Even more are employed "behind-the-scenes" to ensure technical literature is up to date, service standards are adhere to and repair questions are answered quickly. We exceed our 95% 2-hour response rate target in responding to dealer service inquiries.
29	Describe the ordering process. If orders will be handled by distributors, dealers or others, explain the respective roles of the Proposer and others.	Our simple order process has been and will continue to be well appreciated by Sourcewell and Sourcewell members: 1) When a member decides to purchase a new Cat machine, they simply include their Sourcewell member number on the Purchase Order they issue to the Cat dealer. 2) The Cat dealer then accepts the PO, issues the invoice, accepts payment and delivers the machine. 3) After the machine has been delivered, the dealer, as part of their normal process, includes the member number when filing their sales claims with Caterpillar. 4) At month's end, Caterpillar aggregates these reports and sends the sales information quarterly to Sourcewell along with the administrative fee. IMPORTANT NOTE: Should a member wish to include additional terms and conditions to this contract, or to otherwise request a Participating Addendum, that agreement / PA should be executed between the member and Cat dealer directly.

30	Describe in detail the process and procedure of your customer service program, if applicable. Include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises.	We are proud that our reputation stands on having the best customer support in the industry. In fact, our capabilities are industry leading. In the event a customer ever has a problem or issue with a machine, their Cat dealer is empowered to resolve that issue locally. If the problem is a result of a defect in material or workmanship, within the standard warranty period, the local Cat dealer will work with Caterpillar to apply the appropriate warranty, and keep the customer informed. Every Cat dealer has a common detailed service process in place. Caterpillar supports and verifies that all the dealer service technicians are supplied with the tools and equipment needed to repair all Cat products. Technicians have access to an electronic library of technical information including Service Letters, Technical Information Bulletins, System Operations, Troubleshooting and Disassembly and Assembly manuals. These manuals are provided for every Cat product. Each dealer also has one or more "Technical Communicators" who are dedicated to supporting the service technicians by acting as a liaison between the shop personnel and Caterpillar. The service technicians also have a dealer support network (DSN) system with direct access to Caterpillar's Service Engineers. Caterpillar responds to more than 95% of all high priority tickets within one hour. Caterpillar is got everything customers need to keep their Cat machines in top shape. Whether they want Genuine Cat parts, manuals and resources to do maintenance and repairs themselves, or prefer to have one of our expert dealer technicians do the work. 38	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	Sourcewell is a well-respected contracting agency within the public procurement industry. It is important, in the event of an award, that our products and logos be included in Sourcewell marketing and website. We believe that the most important role that Sourcewell can play in marketing our contract and products, is to market themselves and promote contract purchasing across the industry. In the event of an award, Caterpillar will put high priority in building awareness and enthusiasm within our dealer network and customer base to leverage the Sourcewell contract as our go to market strategy.
39	Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.	We do offer a e-procurement ordering process for parts via parts.cat.com. We can also integrate into a variety of procurement systems for high volume customers. Our wide machine portfolio and multiple configurations per machine model allows us to provide the best machine for the customer need. Our Cat dealers are trained to configure our equipment and advise the customer on the best machine and configuration for their application. Therefore, a consultative salesperson is integral in this process, and we do not use an e-procurement machine ordering process.

43	Identify any third-party issued eco-labels, ratings or certifications that your company has received for the equipment or products included in your Proposal related to energy efficiency or conservation, life-cycle design (cradle-to-cradle), or other green/sustainability factors.	Plants certified with ISO 14001:2004 Environmental Management System include: 1) Anchor Coupling - Goldsboro NC, ISO 14001:2004- Sept 2018 2) Anchor Coupling - Menominee - ISO 14001: 2015 - Jan. 2021 3) Gen Sets - Newberry 0 ISO 14001:2004 - Nov. 2017 4) Mapleton - 14001:2004 self-certification issued Jan 2013 5) Reman Services - Corinth MS - ISO 14001-2015- Sept. 2021 6) Reman Services - Franklin - ISO 14001:2004-May 2017

44	Describe any Women or Minority Business Entity (WMBE), Small Business Entity (SBE), or veteran owned business certifications that your company or hub partners have obtained. Upload documentation of certification (as applicable) in the document upload section of your response.	Caterpillar has long drawn on the diversity of its people as a source of innovation and competitive advantage. We are proud that our people come from across the globe, with diverse backgrounds, experiences and perspectives. Despite our differences – in geography, culture, language and business – we are one Caterpillar, one company united by these common principles with a shared commitment to the highest standards of conduct. For example: Foley Equipment, a Cat dealer, with territory primarily in Kansas and Missouri, is woman owned. In addition to Foley equipment, there are 31 other women in our North American dealer network who hold the titles of President, Vice President or Director. One of the more recognized initiatives within Caterpillar's Global Supply Network Division is the Caterpillar Inc. Proprietary Information Supplier Diversity Program which spurs economic growth by increasing business opportunities to minority-owned, women-owned, veteran and service disabled veteran-owned, small disadvantaged businesses and those certified in HUBZones, all while ensuring expectations are met with regards to quality, velocity, capacity, and cost. Currently more than 37% of our direct and indirect purchasing is conducted with suppliers in these categories. Caterpillar is a proud member of the National Minority Supplier Development Council (NMSDC). We also use the System for Award Management (SAM), SBA, and NMSDC databases to locate SDB, VOSB, SDVOSB and HUBZone suppliers. Supplier Diversity is discussed with Global Supply Network Division leadership during the Monthly Operating Results Review meetings. This in turn forces accountability for supplier inclusion by measuring drivers, such as the number of sourcing projects, which include Divers Suppliers and the values of the projects in which they participate. The goal is to create greater transparency to determine which teams are creating inclusive environments and which are not. For more detail, please see our attached 2021 Global Diversity & Inclusion Report in the Additional Documents folder.

45	What unique attributes does your company, your products, or your services offer to Sourcewell participating entities? What makes your proposed solutions unique in your industry as it applies to Sourcewell participating entities?	BEST OVERALL VALUE / LOWEST LIFE CYCLE COST: Cat products deliver the best value for the money. While we rarely have the lowest initial purchase price, we are happy to demonstrate to customers that our machines offer the lowest overall owning and operating costs when factors such as fuel efficiency, repair frequency, productivity, and resale value are factored in. We believe that government agencies are tasked to be the best stewards of taxpayer funds and our products can prove that they are the best solution. Sourcewell members are in the best position to allow these discussions to take place in contrast to a local bid situation where the focus is often only on initial price. CAT SAFETY SERVICES / SAFETY FEATURES: In addition to the tangible, measurable aspects of the life cycle cost equation, we also bring our focus on safety to every product that we manufacture. Quantifying a human life or debilitating injury is impossible, but each machine has industry-leading features that strive to minimize the possibility for accidents. In addition to built-in safety features, we also offer products and services that are unique in the industry. Cat Safety Services include, but are not limited to, the following: Safety Perception Survey - Used to establish a baseline safety-culture assessment by measuring employee perceptions and gaps in beliefs between management and employees on the front line across 20 Safety Culture Indicators. Safety Leadership Assessment - Used to measure individual safety leadership capability around four domains of safety leadership. Worksite Assessment - Compares onsite observations of safety practices and employee interview data to the documented processes and procedures. Continuous Improvement Process - Involving all levels of the organization to generate engagement, involvement, and ownership in the safety improvement process. Training - can be conducted with e-learning courses on http://safelyhome.cat.com, instructor led training products or as Supplier-facilitated workshops. Topics available include, but are not limited to, safety culture, effective communication, supervisor safety training, recognition, etc. Fleet Management & Services through Caterpillar Job Site Solutions: We leverage the power of Caterpillar and our dealers by designing innovative solutions that solve customer problems and that have a positive impact on their bottom line. We approach each site differently, striving to deliver exactly what's needed — no more, no less. Every solution includes a unique mix of Caterpillar and dealer capabilities using industry best products, technology, services and expertise necessary to meet the customer's definition of success. The goal is to leave customers better off tomorrow than they are today. Details on products and services are available at www.cat.com/safety. More information can be found in the additional document section. Pricing can be found in the pricing document section.

Table 9: Warranty

Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your warranty materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *	
46	Do your warranties cover all products, parts, and labor?	Caterpillar has extensive warranty coverage. Please see our warranty statements attached in the warranty information documents.	*
47	Do your warranties impose usage restrictions or other limitations that adversely affect coverage?	Please see applicable warranty statements in the attached documents.	*
48	Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?	Caterpillar does not cover travel time and mileage. Dealer service territories vary considerably from state to state as do their policies about travel time and mileage during the warranty period.	*
49	Are there any geographic regions of the United States or Canada (as applicable) for which you cannot provide a certified technician to perform warranty repairs? How will Sourcewell participating entities in these regions be provided service for warranty repair?	One of our key differentiating strengths is our ability to service equipment regardless of where it is located. Please see applicable warranty statements in the attached documents.	*
50	Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?	Warranty service for machines ordered from a Caterpillar facility are generally provided by Caterpillar and performed by Cat dealers. Some items, such as tires, are covered under their manufacturers' warranties.	*
51	What are your proposed exchange and return programs and policies?	Please see applicable warranty statements in the attached documents.	*
52	Describe any service contract options for the items included in your proposal.	We have a large variety of service contract options which can all be customized according to customer needs. Below are just two examples. More solutions are available and we encourage members and dealers to explore all options. 1) Equipment Protection Plans (EPP): After the initial warranty period ends, members may choose to purchase additional protection plans to reduce their exposure to unplanned costs. These policies are written based on months and hours of operation. There are four standard levels of coverage: 1) Powertrain 2) Powertrain + Hydraulics 3) Powertrain + Hydraulics + Technology 4) Premier A description of all these options is included in the attached Equipment Protection Plans document. EPP can be purchased at the same time as the machine purchase, or anytime before the standard warranty expires. 2) Customer Value Agreements (CVA's): A member may choose to enter into an agreement with their Cat dealer to perform routine maintenance and/or repairs. These contracts are customizable based on member needs. The selling Cat dealer can take responsibility for some or all the required service and maintenance needs to allow the agency to gain efficiency by focusing on the performance demands more than maintenance. CVA's are a useful tool to manage expenses. CVAs can be purchased at the same time as the machine purchase, or anytime after. Cat Financial also offers CVAs, which can be performed by Cat dealers in the United States, and are particularly helpful for customers who move their machine fleet to multiple locations which may have different servicing Cat dealers.	*

Table 10: Payment Terms and Financing Options

Line Item	Question	Response *	
53	Describe your payment terms and accepted payment methods.	Cat dealers are independently owned businesses. As such their payment terms and accepted payment methods vary, but all will be stated on individual invoices. The most common terms are net 30.	*
54	Describe any leasing or financing options available for use by educational or governmental entities.	We offer both leasing and financing options to governmental members of Sourcewell at rates lower than available to the general public. Caterpillar has its own financing arm, Cat Financial. Cat Financial was founded in 1981 and serves Cat customers and dealers. With over 1,900 employees, Cat Financial is active in more than 40 countries covering more than 148,000 customers worldwide. Cat Financial offers you a complete solution for your acquisition needs: - Equipment & Attachments - Parts - Service - Rebuilds Financial products are aligned and customized with the project and work site requirements such as operating lease, loan or finance lease. Find more information from Cat Financial here: https://www.catfinancial.com/en_US.html/	*
55	Describe any standard transaction documents that you propose to use in connection with an awarded contract (order forms, terms and conditions, service level agreements, etc.). Upload a sample of each (as applicable) in the document upload section of your response.	Cat dealers are independently owned businesses. As such their standard transaction documents will vary.	*
56	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell participating entities for using this process?	Because Cat dealers will be receiving payments directly from members, accepting P-card procurement will be at their discretion. Many dealers do accept this method without additional fees. Some have limitations on the amount that can be processed.	*

Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcwell Price and Product Change Request Form.

Line Item	Question	Response *	
57	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcwell discounted price) on all of the items that you want Sourcwell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	We offer a deep list discount off the current Caterpillar machine and work tool list prices to all Sourcwell members. We have provided base machine list pricing in the document pricing section. Base machines must be properly configured with other mandatory and optional items from the price list before they are considered operational. For the execution of the agreement we will ask our Cat dealer and Sourcwell member to use the Caterpillar price list that is current at the time of the quote. Dealers, in consultation with the member, will configure the machine to the desired specifications and apply the stated list discount to that configured list price amount. Dealer and members should remember to factor in any expected price increases if a machine will be built to order. The pricing document, in the applicable pricing document attachment section, shows the list discount offered for each new machine. Additionally, we are pleased to offer a list discount of 15% off all products and consulting services under Cat Safety Services.	*
58	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	Pricing in this proposal is a percentage discount from list on current machine and work tools list prices. Our discount range varies between 10 - 26% off of the list price depending on the product family or model.	*
59	Describe any quantity or volume discounts or rebate programs that you offer.	Our dealers are empowered to consider purchase order volume, repeat purchases, etc. They may offer members additional discounts and /or services at their discretion.	*
60	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	Sourced goods / Open Market Items are available to members from Cat dealers. The prices for these goods or services will represent fair marketing value and will be determined between the member and the selling dealer. We encourage our dealers and members to use these options as it facilitates complimentary products and streamlines the procurement process. Customers and dealers are responsible for including their Sourcwell member numbers on all documentation related to these purchases. Caterpillar Inc. is not a party to these sales and is exempted from including them in quarterly reports. For audits, inclusion of a customer's Sourcwell member number on the PO and /or invoice shall be deemed sufficient.	*
61	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	Machines are unique in their requirements for preparation prior to use. Some may require local final assembly due to their large size others may have locally installed options (fire suppression, beacons, auto lube systems for example). When a dealer issues a quote for a machine, any dealer costs (like pre-delivery inspection, installation, set up, training, etc.) will be itemized separately and are not subject to the Caterpillar list discount for Sourcwell members.	*
62	If freight, delivery, or shipping is an additional cost to the Sourcwell participating entity, describe in detail the complete freight, shipping, and delivery program.	There is no additional cost to members who choose to pick up their machines from the Cat dealer. Dealers may charge fees for delivery to the Sourcwell member's location.	*
63	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	Just as for members in the 48 contiguous states, there is no additional cost to members who choose to pick up their machine from their Cat dealer. Dealers may charge fees for delivery to the Sourcwell members' location.	*
64	Describe any unique distribution and/or delivery methods or options offered in your proposal.	Machines are large purchases and if there are unique Sourcwell member requirements our dealers will be happy to discuss on a case by case basis.	*

Table 12: Pricing Offered

Line Item	The Pricing Offered in this Proposal is: *	Comments
65	b. the same as the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.	Caterpillar wants to provide the governmental customer the best list discount possible to allow them to be good stewards of tax-payers funds. We want our governmental customers to have the ability to choose which cooperative contract better fits their needs.

Table 13: Audit and Administrative Fee

Line Item	Question	Response *	
66	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcwell. This process includes ensuring that Sourcwell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcwell. Provide sufficient detail to support your ability to report quarterly sales to Sourcwell as described in the Contract template.	We plan to continue our very robust process to ensure reporting speed, accuracy, and contract compliance. Caterpillar and Cat dealers have very close and trusting relationships. Cat dealers are long-established, and the current process (under contract #032119-CAT) is working well. 1) To ensure pricing accuracy, we maintain our current Sourcwell customer discount sheet on our dealer facing pricing pages. Dealers integrate these numbers automatically in their quoting software. 2) To ensure new machines and work tool sales are recorded properly, we use our post-sale credit system. In a nutshell, this means that we corporately support the pricing offered in this contract at a level below what's available to other customers. To receive this additional monetary support after the machine is delivered, dealers must supply the member's name, address, and member number. There is no additional burden or cost to our dealers to use the Sourcwell contract and this is part of the reason for their high engagement and our high reporting accuracy. 3) At month end, we gather the new machine and work tool sales data attributed to Sourcwell and aggregate it for our reporting. 4) After quarter end, we will send the quarterly sales report and administration fee payment to Sourcwell for all items that are subject to the administrative fee.	*
67	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	We regularly track the % of sales that are sold using a cooperative contract. We will continue this practice if we are awarded a contract for RFP 020223.	*
68	Identify a proposed administrative fee that you will pay to Sourcwell for facilitating, managing, and promoting the Sourcwell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	Per amendment #1 to Contract #032119-CAT, we will be pleased to offer an administrative fee of 0.33% of Caterpillar's list price for each piece of new equipment and serialized work tools purchased by Sourcwell's Participating Entities. Caterpillar will pay this fee and will not ask dealers or members to pay the fee.	*

Table 14A: Depth and Breadth of Offered Equipment Products and Services

EXHIBIT C

City's Insurance and Indemnity

Exhibit C

Insurance and Indemnity

INDEMNIFICATION

To the furthest extent allowed by law, VENDOR shall indemnify, CITY and each of its officers, officials, employees, agents and volunteers from third-party loss, liability, fines, penalties, forfeitures, costs and damages (whether in contract, tort or strict liability, including but not limited to personal injury, death at any time and property damage) and from third-party claims, demands and actions in law or equity (including reasonable attorney's fees, litigation expenses and cost to enforce this agreement), (collectively, "Claims"), to the extent VENDOR is found liable for such Claims arising out of performance of this Contract. VENDOR'S obligations under the preceding sentence shall not apply to any Claims to the extent caused by the negligence, or the willful misconduct, of CITY or any of its officers, officials, employees, agents or volunteers.

If VENDOR should subcontract all or any portion of the work to be performed under this Contract, VENDOR shall require each subcontractor to indemnify, hold harmless and defend CITY and each of its officers, officials, employees, agents and volunteers in accordance with the terms of the preceding paragraph.

This section shall survive termination or expiration of this Contract.

INSURANCE REQUIREMENTS

(a) Throughout the life of this Agreement, VENDOR shall pay for and maintain in full force and effect all insurance as required herein with an insurance company(ies) either (i) admitted by the California Insurance Commissioner to do business in the State of California and rated no less than "A-VII" in the Best's Insurance Rating Guide, or (ii) as may be authorized in writing by CITY'S Risk Manager or his/her designee at any time and in his/her sole discretion. The required policies of insurance as stated herein shall maintain limits of liability of not less than those amounts stated therein. However, the insurance limits available to CITY, its officers, officials, employees, agents and volunteers as additional insureds, shall be the greater of the minimum limits specified therein or the full limit of any insurance proceeds to the named insured.

(b) If at any time during the life of the Agreement or any extension, VENDOR or any of its subcontractors fail to maintain any required insurance in full force and effect, all services and work under this Agreement shall be discontinued immediately, and all payments due or that become due to VENDOR shall be withheld until notice is received by CITY that the required insurance has been restored to full force and effect and that the premiums therefore have been paid for a period satisfactory to CITY. Any failure to maintain the required insurance shall be sufficient cause for CITY to terminate this Agreement. No action taken by CITY pursuant to this section shall in any way relieve VENDOR of its responsibilities under this Agreement. The phrase "fail to maintain any required insurance" shall include, without limitation, notification received by CITY that an insurer has commenced proceedings, or has had proceedings commenced against it, indicating that the insurer is insolvent.

(c) The fact that insurance is obtained by VENDOR shall not be deemed to release or diminish the liability of VENDOR, including, without limitation, liability under the indemnity provisions of this Agreement. The duty to indemnify CITY shall apply to all claims and liability regardless of whether any insurance policies are applicable. The policy limits do not act as a limitation upon the amount of indemnification to be provided by VENDOR. Approval or purchase of any insurance contracts or policies shall in no way relieve from liability nor limit the liability of VENDOR, vendors, suppliers, invitees, contractors, sub-contractors, subcontractors, or anyone employed directly or indirectly by any of them.

If the scope of work includes delivery and/or installation, the requirements below apply in addition to the above requirements.

Coverage shall be at least as broad as:

The Commercial General Liability policy shall be written on an occurrence form and shall provide coverage for "bodily injury," "property damage" and "personal and advertising injury" with coverage for premises and operations (including the use of owned and non-owned equipment), products and completed operations, and contractual liability (including, without limitation, indemnity obligations under the Agreement) with limits of liability not less than those set forth under "Minimum Limits of Insurance."
2. The most current version of ISO *Commercial Auto Coverage Form CA 00 01, providing liability coverage arising out of the ownership, maintenance or use of automobiles in the course of your business operations. The Automobile Policy shall be written on an occurrence form and shall provide coverage for all owned, hired, and non-owned automobiles or other licensed vehicles (Code 1- Any Auto).
3. Workers' Compensation insurance as required by the State of California and Employer's Liability Insurance.

MINIMUM LIMITS OF INSURANCE

VENDOR shall procure and maintain for the duration of the contract, and for 5 years thereafter, insurance with limits of liability not less than those set forth below. However, insurance limits available to CITY, its officers, officials, employees, agents and volunteers as additional insureds, shall be the greater of the minimum limits specified herein or the full limit of any insurance proceeds available to the named insured:

2. COMMERCIAL AUTOMOBILE LIABILITY

\$1,000,000 per accident for bodily injury and property damage.

3. Workers' Compensation Insurance as required by the State of California with statutory limits and EMPLOYER'S LIABILITY with limits of liability not less than:

- (i) \$1,000,000 each accident for bodily injury;
- (ii) \$1,000,000 disease each employee; and,
- (iii) \$1,000,000 disease policy limit.

UMBRELLA OR EXCESS INSURANCE

In the event VENDOR purchases an Umbrella or Excess insurance policy(ies) to meet the "Minimum Limits of Insurance," this insurance policy(ies) shall "follow form" and afford no less coverage than the primary insurance policy(ies). In addition, such Umbrella or Excess insurance policy(ies) shall also apply on a primary and non-contributory basis for the benefit of the CITY, its officers, officials, employees, agents and volunteers.

DEDUCTIBLES AND SELF-INSURED RETENTIONS

VENDOR shall be responsible for payment of any deductibles contained in any insurance policy(ies) required herein and VENDOR shall also be responsible for payment of any self-insured retentions.

OTHER INSURANCE PROVISIONS/ENDORSEMENTS

(i) All policies of insurance required herein shall be endorsed to provide that the coverage shall not be cancelled, non-renewed, reduced in coverage or in limits except after thirty (30) calendar days written notice has been given to CITY, except ten (10) days for nonpayment of premium. VENDOR is also responsible for providing written notice to the CITY under the same terms and conditions. Upon issuance by the insurer, broker, or agent of a notice of cancellation, non-renewal, or reduction in coverage or in limits, VENDOR shall furnish CITY with a new certificate and applicable endorsements for such policy(ies). In the event any policy is due to expire during the work to be performed for CITY, VENDOR shall provide a new certificate, and applicable endorsements, evidencing renewal of such policy not less than fifteen (15) calendar days prior to the expiration date of the expiring policy.

(ii) The Commercial General and Automobile Liability insurance policies shall be written on an occurrence form.

(iii) The Commercial General and Automobile Liability insurance policies shall be endorsed to name City, its officers, officials, agents, employees and volunteers as an additional insured all ongoing and completed operations. Additional Insured endorsements under the General Liability policy must be as broad as that contained in ISO Forms: GC 20 10 11 85 or both CG 20 10 & CG 20 37.

(iv) The Commercial General and Automobile Liability insurance shall contain, or be endorsed to contain, that VENDOR'S insurance shall be primary to and require no

contribution from the City. Primary and Non Contributory language under the General Liability policy must be as broad as that contained in ISO Form CG 20 01 04 13. These coverages shall contain no special limitations on the scope of protection afforded to City, its officers, officials, employees, agents and volunteers.

(v) Should any of these policies provide that the defense costs are paid within the Limits of Liability, thereby reducing the available limits by defense costs, then the requirement for the Limits of Liability of these policies will be twice the above stated limits.

(vi) All insurance policies required herein shall contain, or be endorsed to contain, a waiver of subrogation as to CITY, its officers, officials, agents, employees and volunteers.

PROVIDING OF DOCUMENTS

VENDOR shall furnish CITY with all certificate(s) and applicable endorsements effecting coverage required herein. All certificates and applicable endorsements are to be received and approved by the CITY'S Risk Manager or his/her designee prior to CITY'S execution of the Agreement and before work commences. All non-ISO endorsements amending policy coverage shall be executed by a licensed and authorized agent or broker. Upon request of CITY, VENDOR shall immediately furnish CITY with a complete copy of any insurance policy required under this Agreement, including all endorsements, with said copy certified by the underwriter to be a true and correct copy of the original policy. This requirement shall survive expiration or termination of this Agreement. All subcontractors working under the direction of VENDOR shall also be required to provide all documents noted herein.

SUBCONTRACTORS

If VENDOR subcontracts any or all of the services to be performed under this Agreement, VENDOR shall require, at the discretion of the CITY Risk Manager or designee, subcontractor(s) to enter into a separate Side Agreement with the City to provide required indemnification and insurance protection. Any required Side Agreement(s) and associated insurance documents for the subcontractor must be reviewed and preapproved by CITY Risk Manager or designee. If no Side Agreement is required, VENDOR will be solely responsible for ensuring that it's subcontractors maintain insurance coverage at levels no less than those required by applicable law and is customary in the relevant industry.
