RE: Fresno Building Healthy Communities General Plan Workshop

On behalf of Fresno Building Healthy Communities (Fresno BHC), I regret that scheduling circumstances force us to cancel the Fresno BHC General Plan Workshop planned for October 22, 2014 during the Fresno City Council meeting. I am sure that you are aware of the difficulties we have faced in scheduling an appropriate time to conduct this workshop.

We initially requested time during the August 21, 2014 Fresno City Council meeting, which was erroneously agendaized as scheduled communications and inappropriately cut short by Council. We then submitted additional requests after being rescheduled a number of times (first on August 28, 2014 to October 9, 2014) until finally being allotted time on the October 22, 2014 agenda.

We have been working to adjust our schedules and be as accommodating as possible with all of the unexpected changes. However, due to our partners' commitments we regret that we will be unable to conduct the workshop as intended.

We apologize for the inconvenience that our canceling the workshop causes. Fresno BHC partners and community residents look forward to working with you on the General Plan and hope that we can engage in more robust discussions in the coming weeks.

Sincerely,

Sandra Celedon-Castro  
Fresno BHC Hub Manager
