

RESOLUTION NO. \_\_\_\_\_

A RESOLUTION OF THE COUNCIL OF THE CITY OF FRESNO, CALIFORNIA, AUTHORIZING APPLICATION FOR AND ACCEPTANCE OF FUNDING DIRECTLY FROM THE STATE OF CALIFORNIA BUSINESS, CONSUMER SERVICES AND HOUSING AGENCY'S (BCSH) CALIFORNIA INTERAGENCY COUNCIL ON HOMELESSNESS (CAL ICH) AS A REGIONAL APPLICANT FOR THE FIFTH ROUND OF HOMELESS HOUSING, ASSISTANCE, AND PREVENTION PROGRAM (HHAP) AND AUTHORIZING THE CITY MANAGER TO SIGN ALL REQUIRED IMPLEMENTING DOCUMENTS TO APPROVE

WHEREAS, the City of Fresno (City) has been recognized as an eligible regional applicant to apply for HHAP program funds; and

WHEREAS, eligible applicants include Continuums of Care (CoC), as identified by the United States Department of Housing and Urban Development (HUD), large cities (with populations of 300,000 or more) or counties; and

WHEREAS, a "region" refers to the geographic area served by a county, including all cities and the CoC or CoCs within it; and

WHEREAS, BCSH requires that all eligible applicants apply as part of a region and must be a signatory on a Memorandum of Understanding (MOU) committing them to participate in and comply with the jointly completed Regionally Coordinated Homelessness Action Plan; and

WHEREAS, the City desires to apply as part of the Fresno-Madera region for the Homeless Housing, Assistance, and Prevention (HHAP) Program round 5 and shall receive the City's base allocation of \$13,096,671.82 directly.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Fresno as

Date Adopted:

Date Approved:

Effective Date:

City Attorney Approval: 

Resolution No.

follows:

1. The above recitals are true and correct and incorporated herein.
2. The Council of the City of Fresno, California, authorizes the City Manager to apply for and accept funding in an amount not to exceed \$13,096,671.82 directly from Cal ICH as a regional applicant for the fifth round of HHAP, as well as submission of a Regionally Coordinated Homeless Action Plan.
3. The City Manager is authorized as the signatory on the MOU committing the City to participate in and comply with the jointly completed Regionally Coordinated Homelessness Action Plan and to sign all required implementing documents, subject to approval as to form by the City Attorney.
4. This resolution shall be effective upon final approval.

## Part II: Regionally Coordinated Homelessness Action Plan

### 2.1 Participating Jurisdictions' Roles and Responsibilities

#### Outreach and Site Coordination

Participating Jurisdictions	Role(s) and Responsibilities in Outreach and Site Coordination
<b>City of Fresno</b>	<p>"The City of Fresno utilizes local, state and federal funding to support street outreach and encampment resolution services within metro Fresno. The City's HHAP funding allocation supports the Homeless Outreach Progressive Engagement Team (HOPE Team). The HOPE team works with the City's Homeless Assistance Response Team (HART), code enforcement, Public Works/Solid Waste department, Police Department, the CoC's Coordinated Entry System (CES), and homeless service providers to effectively engage, serve, and stabilize the most vulnerable and at-risk individuals experiencing unsheltered homelessness and to resolve encampments within Fresno city limits.</p> <p>The City's Homeless Assistance Response Team (HART) is comprised of four components:</p> <ol style="list-style-type: none"><li>1) Outreach (HOPE)</li><li>2) Police Response (HART PD)</li><li>3) Code Enforcement (HART CODE)</li><li>4) Sanitation (HART Sanitation)</li></ol> <p>Each section of HART is responsible for a different aspect of encampment resolution. The Homeless Outreach Progressive Engagement (HOPE) team provides street outreach throughout the City of Fresno. The City currently contracts with a local non-profit, the Poverello House to provide street outreach services. HART PD provides law enforcement services at locations where temporary encampments have been constructed by individuals that are not legally permitted to occupy the property. HART PD will respond to such encampments in accordance with local ordinances. HART CODE provides code enforcement services to encampment locations where conditions of the encampment require additional notification or case management services. This consists primarily of notification to responsible parties and encampment occupants. HART Sanitation provides trash and or debris removal services including collection and storage of any unattended personal property of value at encampment locations. Depending on the nature of the service request, team sections can act independently or collectively to address encampment locations.</p> <p>The HOPE Team connects individuals and families experiencing homelessness with services that may include screening, assessment, crisis intervention, community referrals and linkages to interim shelter, and short-term case management. The HOPE team dispatcher receives referrals from the City of Fresno and assign HOPE Team members to the identified encampment locations to provide outreach services. The HOPE Team collaborates with other jurisdictions in addressing such as Fresno Irrigation District, Caltrans, the County of Fresno, the Downtown Association, and other jurisdictions to provide outreach to people experiencing homelessness.</p> <p>Additionally, the City's Encampment Resolution Fund project supports robust outreach services to the</p>

	<p>Downtown Encampment area in metro Fresno, engaging with unsheltered individuals to administer an initial screening to identify immediate emergency needs, provide linkages to shelter and housing resources through the CES. Encampment residents that are awaiting or are otherwise ineligible for shelter receive "street navigation" to develop a housing plan with street navigation outreach staff to expedite the process of connecting with permanent housing."</p>
<p><b>Fresno County</b></p>	<p>The County of Fresno's homeless encampment resolution process includes coordination with other jurisdictions and agencies. When an encampment is reported to the County of Fresno through its Homeless Response website, a report with a risk number is generated and then reviewed by County staff. Once reviewed the report is triaged to the appropriate agencies. Often these agencies are outside of the County of Fresno's jurisdiction. The County of Fresno has coordinated and communicated with its cities, other jurisdictions like the railroad companies, CalTrans, irrigation districts and the neighboring County of Madera to establish a triaging process of homeless encampment reports that fall within those jurisdictions. The County of Fresno homeless encampment resolution process also includes the component of noticing and outreach services. If a homeless encampment falls within the unincorporated jurisdiction of the County of Fresno, the agencies involved in the encampment resolution response effort include, but are not limited to, the County Administrative Office, the Sheriff's Office, the Environmental Health Division, Code Enforcement, the Outreach team, and County Counsel. These County agencies meet regularly to coordinate and prioritize homeless encampment response. Once an encampment has been formally noticed by the Sheriff's Office an outreach team is sent out to offer services including transportation and linkage to the Coordinated Entry System locations. In addition to these linkages, the outreach team can also do mental health screenings, provide food, water and hygiene products as well as offer other service to lower barriers to housing including ID vouchers. Additionally, the Department of Behavioral Health utilizes HHAP and ARPA funding to provide outreach, engagement, and linkage services to individuals experiencing homelessness in the rural and unincorporated areas of Fresno County through the Projects for Assistance in Transition from Homelessness (PATH) program. This program is currently operated by Kings View, Corporation, a local provider and is targeted to adults experiencing serious mental illness and/or co-occurring substance use disorders who are homeless or at imminent risk of becoming homeless.</p>
<p><b>Madera County</b></p>	<p>The County of Madera recently published a homelessness website within the main county website. Through this website, the public can identify encampments for outreach services, and submit referral forms to CAMPC's H.E.L.P Center. The County of Madera Sheriff's Office, Social Services Department, Behavioral Health, and Public Health coordinate with CAPMC and other local agencies when an encampment has been identified. A combination of supportive services are provided as needed.</p>
<p><b>FMCoC</b></p>	<p>Through the HUD CoC Grant, the FMCoC funds the Coordinated Entry Management Entity. This entity, through Poverello House, employs the housing matcher and community coordinator positions for the Coordinated Entry System, and works actively in the community to connect clients with navigators and complete match requests as well as oversee the training for homeless services providers across the continuum. Most recently, the entity has worked to create referrals for access site staff to connect clients with</p>

	<p>navigators funded through HHIP, to ensure that these services are made available to clients who present when no shelter beds are available. Additionally, the Coordinated Entry Subcommittee meets bi-monthly to evaluate community performance and address bottlenecks in the system, making recommendations to the FMCoC Board of Directors as appropriate.</p>
--	--

Given the individual roles and responsibilities identified above, describe and explain how all participating jurisdictions are or will begin to coordinate these efforts to ensure comprehensive outreach and site coordination to individuals experiencing and at-risk of

<p>The regional jurisdictions are committed to providing comprehensive outreach services and site coordination to individuals experiencing and at-risk of homelessness throughout the region. The regional jurisdictions will coordinate encampment resolution efforts where jurisdictional boundaries intersect and will collaborate with the Coordinated Entry System to connect those engaged with supportive services and housing resources.</p>
--

experiencing homelessness in the region.

Land Use and Development

Participating Jurisdictions	Role(s) and Responsibilities in land use and development
<p><b>City of Fresno</b></p>	<p>"The City of Fresno's Planning and Development Department carries out its land use functions through its Development Services Section, which is responsible for formulation and updates of the General Plan (including the Housing Element), Specific Plans and Community Plans that guide the City's growth and change in both development and undeveloped areas. These plans are utilized by the public, other City departments, the Planning Commission and the City Council to plan and build public improvements that will guide private investment, and to improve the quality of life for community residents. In addition, entitlement applications are reviewed and conditioned to ensure consistency with applicable plans and the Development Code, and construction plans are reviewed to ensure compliance with fire, life, health, safety, accessibility and occupancy requirements. The Department also includes Community Development, Housing Production and Finance, and Homeless Services that provide funding for the production of affordable housing and related community infrastructure and shelter and support for individuals experiencing homelessness.</p> <p>City of Fresno staff actively pursue various funding opportunities that align with community needs and facilitate affordable housing development. Recent examples of funding sources include Local Housing Trust Fund match dollars, Project Homekey, and the Encampment Resolution Fund program. Regarding identification of surplus land, City of Fresno staff currently maintain a list of all</p>

	City owned parcels, which vary in current uses and planned uses from parks, pump stations, vacant land, etc. From this list, staff perform due diligence on select parcels that are best suited for affordable housing development. For parcels determined to be suitable for affordable housing development, staff explore disposition pursuant to the California Surplus Land Act."
<b>Fresno County</b>	The County of Fresno, through its Department of Public Works and Planning, reviews building permits and discretionary land use and subdivision map applications, makes recommendations to the County's Planning Commission and Board of Supervisors regarding land use, building, subdivision, and zoning matters, and administers the County's General Plan (which includes a Housing Element) and Community Plans for unincorporated areas of the County. The County coordinates with other jurisdictions on regional land use and resource management items and certain discretionary land use applications which fall within a city's sphere of influence. When Federal/State funds are available, the County also provides loans to support the construction and rehabilitation of affordable housing.
<b>Madera County</b>	The County of Madera's Community & Economic Development (CED) Department consists of the following divisions: Environmental Health, Planning, and Building. Through its Environmental Health Division, the County provides programs for land use and development. The Planning Division administers County Affordable Housing and Economic Development Programs including CDBG and NSP, as Federal and State funding is made available and/or awarded to the County. Planning is also responsible for preparing and updating the County's General Plan for the land use and physical development of the County and for executing this Plan. The Building Division reviews construction permits, plans for new development, and conducts building inspections. These three divisions work together to make recommendations to the County's Planning Commission and the Board of Supervisors.
<b>FMCoC</b>	The FMCoC serves a critical role in informing the community of the needs for households experiencing homelessness. From coordinating the Point-in-Time Count, to improving and analyzing HMIS data, the various subcommittees and Board of Directors of the CoC work to inform the City and Counties of Fresno and Madera of the housing needs in the community. Once projects are developed and funded, the FMCoC CES Management Entity ensures that households are connected to services and matched to appropriate housing interventions, resulting in prioritized referrals to projects as they come online.

Given the individual roles and responsibilities identified above, describe and explain how all participating jurisdictions are or will begin

The regional jurisdictions will use and develop available land in alignment with their General Plans (including the Housing Element) and other applicable ordinances to address and end homelessness in the region. The regional jurisdictions will explore further opportunities to collaborate on use of available land to address homelessness and continue to seek input from community stakeholders on housing needs for those experiencing homelessness.

to coordinate these efforts to use and develop available land to address and end homelessness in the region.

### Development of Interim and Permanent Housing Options

Participating Jurisdictions	Role(s) and Responsibilities in development of interim and permanent housing options
<p><b>City of Fresno</b></p>	<p>Recognizing the ongoing need to address unsheltered homelessness and create pathways to housing for people experiencing homelessness, the City of Fresno has committed significant resources to develop and maintain interim shelter and permanent housing capacity in the community and will continue to pursue funding opportunities to address these needs. The City's Homekey Round 2 award is currently supporting 295 interim housing beds and supportive services. Additionally, the City has committed a substantial percentage of its HHAP allocations to establish and maintain support for interim shelter capacity in the community. The City's HHAP funding provides 380 emergency shelter beds annually and the City's Encampment Resolution Fund (ERF) awards and American Rescue Plan Act (ARPA) funding have been leveraged to secure an additional 155 interim shelter beds for encampment residents in the Downtown Encampment Area. All City-funded shelter and interim housing programs are designed to provide housing focused wraparound services intended to quickly connect households experiencing homelessness with permanent housing and link them to all available resources to ensure they are able to maintain their housing once exiting the shelters. In addition to ongoing support for shelter capacity, the City plans to invest in Rapid Rehousing subsidies including vouchers for Room and Board housing placements through its HHAP Round 5 allocation. The City will also apply for the Encampment Resolution Fund Round 3 grant to provide Rapid Rehousing subsidies and supportive services for those experiencing unsheltered homelessness in encampments. Increased investment in Rapid Rehousing services will supplement the existing pathways to permanent housing. City of Fresno staff actively pursue various funding opportunities that align with community needs and facilitate affordable housing development. Recent examples of funding sources include Local Housing Trust Fund match dollars, Project Homekey, American Rescue Plan, Permanent Local Housing Allocation Program, and the Encampment Resolution Fund (ERF) program. The City's Homekey Round 3 award will support the development of a modular multifamily new construction project that will create 95 permanent housing units, along with one manager unit. 35 units in this project will serve people experiencing homelessness, and 60 units will serve homeless youth and youth at risk of homelessness. The City's ERF Round 1 and 2 allocations include funding for the development of permanent affordable housing units for formerly homeless individuals including 52 tiny home units and the conversion of a motel into 33 affordable housing units.</p>
<p><b>Fresno County</b></p>	<p>The Fresno County Department of Behavioral Health (DBH) partnered with the Fresno Housing Authority and Upholdings, LLC for the development of The Arthur at Blackstone, Avalon Commons, Crossroads Village and Libre Commons developments. DBH applied to Housing and Community Development and received No Place Like Home (NPLH) awards in the amount of</p>

	<p>\$3,499,685 for The Arthur at Blackstone, \$2,183,000 for Avalon Commons, \$20,000,000 for Crossroads Village and \$11,922,685 for Libre Commons that were allocated toward the construction of these developments. Additionally, DBH has a 20-year commitment to provide Specialty Mental Health Services and Housing Supportive Services for all tenants living at these sites. Through HHAP funding, the County, in partnership with the FMCoC, is currently funding 121 shelter beds: 12 interim shelter beds for youth; 12 triage emergency shelter beds in Madera County; 64 triage emergency shelter beds in Fresno County; 20 family emergency shelter rooms; and 33 interim shelter (bridge) beds; along with 66 project-based rapid rehousing units and a rural, tenant-based rapid rehousing project with a capacity of 15 households. Services at a similar level are being procured, and will continue, effective July 1, 2024, when existing contracts expire in June of 2024. The Department of Social Services (DSS) is also using HHAP4 funding to extend CalWORKs Homeless Assistance stays beyond 16 days. These extended stays are coupled with CalAIM services to help ensure that households are connected to permanent housing or another appropriate housing interventions prior to exiting shelter. Each of the ESG, HDAP, CalWORKs HSP, Home Safe, and BFH funding serve as additional resources in the community for housing, employment, training, advocacy, and financial assistance. These allocations work alongside and in coordination with the CES to ensure DSS families and individuals are connected to all available resources and the most appropriate housing interventions. Additionally, the County participation in the FMCoC ensures a pathway to public assistance administered by the County, for households in need.</p>
<p><b>Madera County</b></p>	<p>The County of Madera was approved for the CDBG-CV3 grant in the amount of \$843,595. The funding is being utilized for the Madera Rescue Mission (MRM) Triage Center project. The Triage Center will consist of prefabricated units, six single bedroom units and one two bedroom manufactured unit. The units will be placed in the residentially zoned land owned by and adjacent to MRM.</p>
<p><b>FMCoC</b></p>	<p>Through the HUD CoC Grant, the FMCoC requested \$7,982,048 for Rapid Rehousing and Permanent Supportive Housing programs. Through HHAP funding, the County, in partnership with the FMCoC, is currently funding 121 shelter beds: 12 interim shelter beds for youth; 12 triage emergency shelter beds in Madera County; 64 triage emergency shelter beds in Fresno County; 20 family emergency shelter rooms; and 33 interim shelter (bridge) beds; along with 66 project-based rapid rehousing units and a rural, tenant-based rapid rehousing project with a capacity of 15 households. Services at a similar level are being procured, and will continue, effective July 1, 2024, when existing contracts expire in June of 2024. The FMCoC CES provides training, referrals, and match to all participating projects in the continuum. Additionally, the FMCoC will utilize HHAP-5 funding to support tenant-based Rapid Rehousing for 42 households in Madera County.</p>

Given the individual roles and responsibilities identified above, describe and explain how all participating jurisdictions are or will begin to coordinate these efforts to develop adequate interim and permanent housing options to address and end homelessness in the

The regional jurisdictions have committed significant resources to develop and maintain adequate interim housing capacity and permanent housing options to address and end homelessness in the region. The jurisdictional partners will continue to pursue funding opportunities and other available resources to meet the housing needs of those experiencing homelessness in the community.

region.

### Coordination of and Connection to Service Delivery

Participating Jurisdictions	Role(s) and Responsibilities in connection to service Delivery
<p><b>City of Fresno</b></p>	<p>The City of Fresno requires all services providers funded with State and Federal homeless services dollars to provide wraparound services to those who present at triage centers/emergency shelters for homeless services or contacted during street outreach. The City is also working to expand opportunities for engagement with unhoused individuals through its mobile shower and street medicine partnerships. The City regularly engages with the community's lived experience advisory board, using insights from their expertise to improve connection to services for unsheltered individuals. The established relationships the service providers have with social services, justice entities, and other services have contributed to the long-term success of many placements out of homelessness. City administered projects are required to participate in the local CoC and accept referrals through the community's Coordinated Entry System (CES), ensuring that those experiencing homelessness are linked to the appropriate interventions to meet their housing crisis needs.</p> <p>Additionally, the City's Encampment Resolution Fund (ERF) projects support robust outreach services to the Downtown Encampment area in metro Fresno, engaging with unsheltered individuals to administer an initial screening to identify immediate emergency needs, provide linkages to shelter and housing resources through the CES. Encampment residents that are awaiting or are otherwise ineligible for shelter receive "street navigation" to develop a housing plan with street navigation outreach staff to expedite the process of connecting with permanent housing. The City's ERF Round 2 project also funds a licensed clinician to provide mental health services to unsheltered individuals and facilitate linkages to other mental health services and resources.</p> <p>The City for Fresno continues to collaborate on the use of funding for homeless services through the cross-jurisdictional planning team consisting of representatives from the City of Fresno, County of Fresno, County of Madera, and the Fresno Madera Continuum of Care previously established to coordinate HEAP services and subsequent Cal ICH funding. The City is working with its</p>

	jurisdictional partners to continue to apply for and use grants and other available sources of funding to: 1) coordinate support for ongoing operations and services at emergency shelters, transitional housing, Triage Centers, street outreach and navigation; 2) improve representation of underserved populations within all systems in an effort to improve access, delivery, and participation in service programs; 3) increase housing navigation and access to other housing resources to increase shelter outflow and inflow; 4) expand landlord engagement services to increase housing units available to homeless population; and 5) explore shared housing options to increase affordability for households moving to permanent housing.
<b>Fresno County</b>	The County of Fresno requires all HHAP-funded emergency shelters to provide wraparound services to all guests as well as serve as Coordinated Entry access sites. Access sites are an essential component of the CES wherein clients are triaged for acuity and immediate interventions available and referred to other necessary interventions, including diversion (also HHAP-funded). Additionally, the Department of Social Services Homeless Assistance Unit (HAU) assists CalWORKs clients in crisis, with CalWORKs Homeless Assistance, evaluates for assistance programs for which households may be eligible, but not receiving, and refers to access sites for further assessment and referral, as needed. Through HHAP funding, in 2024, the DSS HAU will become an initial screening and diversion site to offer access to services (including CalAIM resources) and diversion services on-site.
<b>Madera County</b>	CAMPC's H.E.L.P. Center connects those experiencing homelessness with services. The County of Madera Sheriff's Office, Social Services Department, Behavioral Health, and Public Health coordinate with CAPMC and other local agencies to deliver a combination of supportive services as needed.
<b>FMCoC</b>	The FMCoC funds the CES Management Entity, through its HUD CoC Grant. This entity, which employs the housing matcher and community coordinator, co-chairs the CES subcommittee and takes the lead on identifying gaps in the system. The CES housing matcher and community coordinator, refer clients to navigators and complete match requests to connect clients to the appropriate housing interventions through referrals from participating FMCoC providers across all jurisdictions. The HMIS lead provides support to evaluate information in addressing data quality and system performance toward ending homelessness. Representatives from all jurisdictions participate in both the HMIS and CES subcommittees as well as on the FMCoC Board of Directors, to work together to coordinate service delivery across the continuum. Additionally, the FMCoC holds a weekly case conferencing meeting with housing providers wherein staff are provided with community resource information for referrals and upcoming housing opportunities for clients.

Given the individual roles and responsibilities identified above, describe how all participating jurisdictions are or will begin to coordinate to provide the full array of services, including interim and permanent housing solutions to people experiencing and at-risk of

The regional partners are coordinating the use of available funding and homelessness interventions to provide the full array of services, including interim and permanent housing solutions to people experiencing and at-risk of homelessness in the region. Services and housing resources are prioritized through the community's Coordinated Entry System to ensure that those experiencing homelessness are linked to appropriate services.

experiencing homelessness in the region.

## 2.2 System Performance Measures and Improvement Plan

*SPM 1a: Number of people accessing services who are experiencing homelessness.*

**Measure**

**8029**

*Key Action(s) for Improving SPM 1a*

Key Action(s)	Funding Source(s) the region intends to use to achieve the action	Funding Type (Federal/ State/ Local gov/Other)	Lead Entity	Collaborating Entity/ies	Timeframe for Action	Method(s) of Measuring success of the Action
The City of Fresno is providing expanded outreach services, including mobile shower services, mobile health clinic services, and mental health services provided by a licensed clinician for unhoused individuals throughout metro Fresno, creating opportunities to increase engagement with people experiencing homelessness and facilitate connections to housing services. Additionally, the mobile shower services are co-located with the UCSF mobile health clinic, providing street medicine services, and creating linkages to other health resources.	HHAP-3, ARPA, CDBG, ERF-2	State and Federal	City of Fresno	CES, County of Fresno, UCSF	9/30/2026	Success will be measured through number of successful placements from the mobile shower street outreach project and unique engagements at mobile shower sites as measured in HMIS.
The County of Madera is utilizing CDBG - CV 2/3 grant to build tiny homes which will consist of 6 single-bedroom and 1 two-bedroom units	CDBG – CV 2/3	State	Madera County	CAPMC, MRM	5/30/2024	Success will be measured through CAPMC by data collected on number of individuals in need of services
The County of Fresno will leverage the existing DSS Homeless Assistance Unit	HHAP-4, CalAIM,	State, Federal	County of	FMCoC	12/31/2024	HMIS data on the number of households

(HAU) to expand on services for those presenting in housing crisis. This will include making the HAU a CES initial screening site wherein clients can be assessed, connected with diversion services, and entered into the CES/HMIS. This will provide a more ready connection to services, particularly CalAIM services, and the CES. It will also decrease wait times by offsetting the number of households referred to other access sites, sharing the load in the community.	CalWORKs HSP, HDAP, Home Safe		Fresno			accessing services; the number diverted from services; and the number entered into the CES
The Fresno Madera Continuum of Care (FMCoC) Management Entity and CES sub-committee will continue to evaluate the effectiveness of the CES in connecting individuals and families on the street with CalAIM and other navigation services, to ensure that unsheltered households are also able to receive services.	HUD CoC, CalAIM, HHIP	State, Federal	FMCoC	County of Fresno, City of Fresno, County of Madera, Managed Care Plans and providers, FMCoC CES Subcommittee and CES Management Entity	6/30/2024	HMIS data on the number of households receiving services, including those connected to and receiving navigation

### 2.3 Equity Improvement Plan

#### Key Action(s) the Region Will Take to Ensure Racial and Gender Equity in Service Delivery

Key Action(s)	Lead Entity	Collaborating Entity/ies
The County of Fresno will require all funded homeless services providers to submit a racial and gender equity plan to include language access. Through careful review of these plans, the County will identify best practices as well as areas in need of improvement to share with the community.	County of Fresno	County of Fresno, City of Fresno, County of Madera
The FMCoC will implement a new assessment tool to ensure vulnerability ratings are appropriate for all races and genders. This update will assist service providers to identify relevant barriers to housing and ensure that housing matches are prioritized and appropriate according to client vulnerability and that services address the individual needs of clients according to their races and gender identities.	Fresno Madera Continuum of Care	FMCoC, City of Fresno, County of Madera

#### Key Action(s) the Region Will Take to Ensure Racial and Gender Equity in Housing Placements

Key Action(s)	Lead Entity	Collaborating Entity/ies
Through implementation of the new assessment tool, the CES housing matcher and community coordinators will be able to ensure appropriate prioritization and match referrals. This new tool will also assist with identifying barriers to remaining housed which can be addressed with clients during placement, to ensure successful placements.	Fresno Madera Continuum of Care	County of Fresno, City of Fresno, County of Madera

The FMCoC CES Subcommittee will work with the HMIS Subcommittee to continually evaluate housing placement data to explore and address racial and gender inequities at a system-level.	Fresno Madera Continuum of Care	County of Fresno, City of Fresno, County of Madera
---	---------------------------------	--

Key Action(s) the Region Will Take to Ensure Racial and Gender Equity in Housing Retention

Key Action(s)	Lead Entity	Collaborating Entity/ies
Through implementation of the new assessment tool, the CES housing matcher and community coordinators will be able to ensure appropriate prioritization and match referrals. This new tool will also assist with identifying barriers to remaining housed which can be addressed with clients during follow-ups following placement, to ensure housing retention.	Fresno Madera Continuum of Care	County of Fresno, City of Fresno, County of Madera
The FMCoC CES Subcommittee will continually evaluate housing retention data to explore and address racial and gender inequities at a system-level.	Fresno Madera Continuum of Care	County of Fresno, City of Fresno, County of Madera

Key Action(s) the Region Will Take to Change Procurement or Other Means to Affirm Equitable Access to Housing and Services for Overrepresented Groups Among People Experiencing Homelessness in the Region

Key Action(s)	Lead Entity	Collaborating Entity/ies
The County of Fresno will require all funding proposals to include strategies for ensuring racial equity and inclusion in program design and service delivery. Proposals must also include efforts toward achieving racial equity and inclusion within the structure of the organization itself.	County of Fresno	FMCoC, City of Fresno, County of Madera
The County of Fresno will require services in a linguistically inclusive manner, including the use of bilingual staff, when appropriate.	County of Fresno	FMCoC, City of Fresno, County of Madera
The County of Fresno will seek to make funding opportunities available to smaller organizations with limited experience through encouraging partnerships with larger, more experienced organizations and funding award thresholds proportionate to organization budgets.	County of Fresno	FMCoC, City of Fresno, County of Madera
The FMCoC will conduct outreach and provide learning sessions for potential and new members to recruit and support providers from marginalized communities.	FMCoC	County of Fresno, City of Fresno, County of Madera

Coordinated Entry Prioritization for Place-Based Encampment Resolution

Yes

Is place-based encampment resolution occurring within the region?

If yes, then the CoC must describe and provide evidence of collaboration with the cities or counties providing encampment resolution services that addresses how people served through encampment resolution have or will be prioritized for permanent housing within the Coordinated Entry System.

The Fresno Madera Continuum of Care's Coordinated Entry System process prioritizes connection to permanent housing interventions, including supportive housing, for those that are experiencing chronic homelessness, have experienced long periods of homelessness, have a disability, and have severe service needs. While many encampment residents may meet these criteria, there is not a current process to prioritize individuals living in encampment areas. The Fresno Madera Continuum of Care is currently in the process of creating a new prioritization assessment tool. The assessment is being created with a concerted effort to achieve equity in connection to services and examining for factors including literal homelessness and time spent homeless. The new tool will help ensure more equitable prioritization for individuals who are experiencing literal homelessness such as residing in encampments. The County of Fresno's encampment resolution process includes the component of noticing and outreach services. Once an encampment has been formally noticed by the Sheriff's Office an outreach team is sent out to offer services including transportation and linkage to the Coordinated Entry System locations. In addition to these linkages, the outreach team can also conduct mental health screenings, provide food, water and hygiene products as well as offer other services to lower barriers to housing including ID vouchers. The County of Fresno works with the various cities throughout the county to provide support and guidance in their encampment resolution process including but not limited to the utilization of the County's outreach team if needed. The County of Madera currently does not have a formal encampment resolution process in place. However, Madera County recognizes the importance of establishing a humane, multi-sector encampment resolution program. Establishing such a program is prioritized in the Madera County Homelessness Strategic Plan – Taking Action: Steps to Prevent & Reduce Homelessness in Madera County (Adopted May 2023). The goal is to establish a program by June 30, 2024 that assists individuals to access permanent solutions to their homelessness before enforcement and/or movement away from public space, which may cause displacement and/or removal of their belongings. The program will strive to engage a combination of outreach supportive services, shelter, and housing; pursue encampment resolution funding; and collaborate with neighboring jurisdictions. The City of Fresno works with all appropriate jurisdictions within the City and County. The City has worked diligently to develop relationships and communicate with responsible parties when dealing with encampments located within the authority of outside jurisdictions. The City of Fresno primarily works with jurisdictions to notify of the existence of encampments but also provides outreach to the unhoused through the HOPE team. The City will support encampment resolutions by other jurisdictions via police service coordination and/or code enforcement service coordination. The City has conducted operations where encampments on public property not owned by the City of Fresno were prioritized for resolution and housing through CES. Prioritization was based primarily on risks to the health and safety of encampment residents or the public. The City also strives to implement cooperative plans for

encampment site maintenance.

## 2.4 Plan to Reduce the Number of People Experiencing Homelessness Upon Exiting an Institutional Setting

### Key Action(s) to Reduce the Number of People Experiencing Homelessness Upon Exiting a Jail

Key Action(s)	Lead Entity	Collaborating Entity/ies
The County of Fresno, through its Probation Department currently operates, through a contracted provider, a homeless transitional housing program known as the Belgravia Center. This program is specifically for individuals being released from custody (jail or prison) who report to be transient or homeless. These specific individuals are provided the opportunity to live at the Belgravia Center (up to 120 days). At Belgravia Center there is a curfew, drug/alcohol testing, person(s) can leave throughout the day to look for employment, attend rehabilitation programs, programming, etc. If employed, a portion of their check is managed by the Belgravia Center in an account to help pay for first and last month's rent once permanent housing is located. If a person chooses not to stay at the Belgravia Center a list of homeless community resources is provided.	County of Fresno	Fresno Madera Continuum of Care
Individuals being released from jail experiencing homelessness are referred to the Madera Rescue Mission. CAPMC's H.E.L.P. Center provides case management to try to find housing.	CAPMC	MRM
The FMCoC will utilize the CES Access sites in the community to provide referrals to shelter and CalAIM navigation for persons exiting institutional settings to ensure they are connected with resources for housing and other public assistance upon exit.	FMCoC	County of Fresno, Managed Care Plans

### Key Action(s) to Reduce the Number of People Experiencing Homelessness Upon Exiting a Prison

Key Action(s)	Lead Entity	Collaborating Entity/ies
Through HHAP4 funding awarded to the County and the FMCoC, rapid rehousing services will be provided for formerly incarcerated and former foster youth with coordination of services and the expansion of family unification vouchers.	County of Fresno	FMCoC, service providers

The County of Fresno, through its Probation Department currently operates, through a contracted provider, a homeless transitional housing program known as the Belgravia Center. This program is specifically for individuals being released from custody (jail or prison) who report to be transient or homeless. These specific individuals are provided the opportunity to live at the Belgravia Center (up to 120 days). At Belgravia Center there is a curfew, drug/alcohol testing, person(s) can leave throughout the day to look for employment, attend rehabilitation programs, programming, etc. If employed, a portion of their check is managed by the Belgravia Center in an account to help pay for first and last month's rent once permanent housing is located. ## 2.6 Plan to Connect People Experiencing Homelessness to All Eligible Benefit Programs

### Benefit Programs

Benefit Program	Connection Strategy/ies	Lead Entity	Collaborating Entity/ies
CalWORKS	The CAPMC's H.E.L.P. Center outreach team	County of Madera	CAPMC, FMCoC

	assesses individuals for CalWORKs upon encounter. If not recipients already, outreach will transport at that moment or assist with scheduling an appointment.		
<b>CalWORKs</b>	County of Fresno DSS outreach staff participate in Coordinated Entry case conferencing meetings and other trainings with local homeless service providers, to share benefit programs and processes for referrals to DSS assistance programs for initial applications and ongoing eligibility. All homeless services providers in the FMCoC are informed regarding CalWORKs WTW opportunities such as subsidized employment and training to assist clients with increasing household income as an essential component to housing security. Additionally, Neighborhood Resource Centers (NRCs) throughout the County make connections to benefit programs as appropriate to those in need of services.	County of Fresno	FMCoC
<b>CalFresh</b>	Madera County Outreach assesses for CalFresh eligibility, if not recipients, outreach will transport or schedule an appointment. A H.E.L.P. Center caseworker is assigned and guides the individual through process including transportation to DSS.	County of Madera	CAPMC, FMCoC
<b>CalFresh</b>	County of Fresno DSS staff participate in Coordinated Entry case conferencing meetings and other trainings with local homeless services providers to share benefit programs and processes for referrals to DSS assistance programs for initial application and ongoing eligibility. All homeless services providers in the FMCoC are informed regarding CalFresh Employment Training Program wherein clients may receive employment training and placement toward increased income and housing stability. Additionally, NRCs throughout the County make connections to benefit programs as appropriate to those in need of services.	County of Fresno	FMCoC, CFET provider(s)

<b>Supplemental Security Income/State Supplemental Program (SSI/SSP) and disability benefits advocacy</b>	CAPMC Outreach team will assess and make referrals for benefits to County of Madera DSS and the County's Veteran's Services Office. The Outreach Caseworker will guide individual through process, schedule appointments, and provide transportation as needed.	County of Madera	CAPMC, FMCoC
<b>Supplemental Security Income/State Supplemental Program (SSI/SSP) and disability benefits advocacy</b>	The County of Fresno Housing and Disability Advocacy Program (HDAP) is integrated with the FMCoC CES; referrals for benefits advocacy are made through CES.	County of Fresno	FMCoC, HDAP provider(s) (currently WestCare California)
<b>In-home supportive services</b>	The outreach team assesses and makes referrals to DSS, as applicable, to connect individuals with IHSS services. Appointments are coordinated and transportation is provided, as needed.	County of Madera	CAPMC, FMCoC
<b>In-home supportive services</b>	County of Fresno, DSS HDAP providers make referrals as needed to IHSS for clients who require assistance in their permanent housing situation. DSS will provide training to homeless services providers through the CES, to ensure that they are aware of the process for making referrals to IHSS for clients once permanently housed.	County of Fresno	FMCoC
<b>Adult Protective Services</b>	The outreach team assesses and makes reports immediately if necessary. They will then send a referral to the DSS Housing Unit to connect individuals with APS services.	County of Madera	CAPMC, FMCoC,
<b>Adult Protective Services</b>	County of Fresno Adult Protective Services (APS) Home Safe accepts referrals from FMCoC providers. Clients are then connected with homeless prevention and other rapid solutions to end homelessness, as well as referrals to APS services as needed.	County of Fresno	FMCoC, Home Safe Provider (currently WestCare California)
<b>Child Welfare</b>	The outreach team assesses and makes reports immediately if necessary. They will then send referral to the County of Madera DSS Housing Unit to connect individuals with CPS services	County of Madera	CAPMC, FMCoC
<b>Child Welfare</b>	County of Fresno DSS will provide training to FMCoC providers and housing matcher to ensure	County of Fresno	FMCoC, NRCs, HVP providers, Fresno Housing

	they are aware of how to make referrals for Child Welfare services including the Neighborhood Resource Centers (NRCs), CalWORKs Home Visiting Program (HVP), and additional Family Unification Program vouchers, once they are made available to access through the FMCoC.		Authority
<b>Child Care</b>	The outreach team assesses and will make referrals to County of Madera DSS and CAPMC for child care programs based on need.	County of Madera	CAPMC, FMCoC, local child care providers
<b>Child Care</b>	County of Fresno DSS will provide training in 2024 to FMCoC providers (including outreach providers) to ensure they are informed of child care benefits available to DSS clients and how to refer them for benefits. DSS refers clients to local providers for connection to child care services.	County of Fresno	CAPMC, FMCoC, local child care providers
<b>Medi-Cal benefits through Managed Care Plans</b>	Outreach assesses, if not recipients, outreach will transport or schedule an appointment with eligibility worker. H.E.L.P. Center caseworker is assigned and guides individual through process including transportation to DSS.	County of Madera	CAPMC, FMCoC
<b>Medi-Cal benefits through Managed Care Plans</b>	County of Fresno DSS outreach staff participate in Coordinated Entry case conferencing meetings and other trainings with local homeless services providers to share benefits processes for referrals to DSS assistance programs for initial applications and ongoing eligibility. The FMCoC CES Subcommittee is working with CalAIM providers and the CES Management Entity to implement a process for referrals to navigation. Additionally, FMCoC providers are being encouraged to leverage CalAIM services as part of their service delivery models through procurement to ensure the most efficient use of all available funding.	County of Fresno	FMCoC, service providers, CalAIM providers

## 2.7 Memorandum of Understanding

The MOU reflects the actions in the Regionally Coordinated Homelessness Action Plan submitted under this application, be signed by each participating eligible applicant, and commit each signatory to participate in and comply with the Regionally Coordinated Homelessness Action Plan

## 2.8 Application Development Process Certification

Meeting	Meeting Date	Meeting Location
1	October 30, 2023	County of Madera
2	November 7, 2023	City of Fresno
3	November 9, 2023	Fresno Madera Continuum of Care
4	November 13, 2023	County of Fresno
5	November 15, 2023	County of Fresno
6	November 30, 2023	Cross-jurisdictional virtual meeting

Stakeholders	Description of how Stakeholders were invited and encouraged to engage in the public stakeholder process
<b>People with lived experience of homelessness</b>	Members of the Fresno Madera Continuum of Care (FMCoC) Lived Experience Advisory Board (LEAB) participated in the development and design of meeting structure and materials. Service providers were encouraged to post and distribute flyers and invite all participants to attend the meetings and meeting flyers were posted on the FMCoC, County of Fresno, and County of Madera websites.
<b>Youth with lived experience of homelessness</b>	Youth were invited to attend the meetings through the jurisdiction's connection with providers serving this special population.
<b>Persons of populations overrepresented in homelessness</b>	Invitations were distributed through social media posts on all jurisdictional partners medial platforms, including Facebook, Instagram, Twitter, and other media outlets. Service providers were encouraged to post and distribute flyers and invite participants to attend the meetings. Social Service organizations posted materials at rural offices. The rural cities where the meetings were held also posted materials at their respective city halls. The City of Fresno posted flyers in libraries, community centers, and on bus lines
<b>Local department leaders and staff of qualifying small jurisdictions, including child welfare, health care, behavioral health, justice, and education system leaders</b>	Partners were invited through announcements at FMCoC general membership meetings, internal Social Services leadership meetings, the County of Fresno website, and City of Fresno distribution list. The County of Madera invited Social Services, Public Health, and Behavioral Health leadership via email with reminders as the date approached; Other local leaders were invited through announcements at leadership meetings. Announcements were also posted on

	the County of Madera website.
<b>Homeless service and housing providers working in that region</b>	Service providers received invites during regular Coordinated Entry Committee meetings, monthly FMCoC leadership meeting and general membership meetings. The FMCoC hosted a hybrid community meeting during a general membership meeting connecting with multiple service, housing providers, and other stakeholders. The County of Madera invited homeless service providers through announcements at the County's monthly Housing our Homeless Committee meetings.
<b>Each Medi-Cal Managed Care Plan contracted with the State Department of Health Care Services in the region</b>	Managed Care Plans were invited through existing relationships within the jurisdictions, and announcements at the FMCoC general membership meetings.
<b>Street medicine providers and other providers directly serving people experiencing homelessness or at risk of homelessness</b>	Partners providing street medicine were invited through announcements at FMCoC general membership meetings, and the County of Fresno, County of Madera and City of Fresno websites, and City of Fresno distribution list.

The regional jurisdictions certify under penalty of perjury that all participating eligible applicants met the statutory public meeting process requirements in developing the Regionally Coordinated Homelessness Action Plan.

## Part III: Funding Plan

### Funding Plan – City of Fresno

Eligible Use Category	Dollars Budgeted	If applicable, Dollars Budgeted for the Youth Set-Aside	Activities these funds will support	How are these activities aligned with the State's priorities?
