**TOTAL NET BID AMOUNT**

1. Zim Industries, Inc. 4545 E. Lincoln Avenue Fresno CA 93725	\$237,680.00
--	--------------

---

Each bidder has agreed to allow the City sixty-four (64) days from date bids are opened to accept or reject their bid proposal. Purchasing requests that you complete the following sections and return this bid evaluation to the Purchasing Division at the latest by Monday, March 23, 2015, 5:00 P.M.

The Engineer's Estimate for this expenditure is \$250,000. The contract price is 4.9% below the Engineer's Estimate. If the overage is greater than 10% or only one bid was received, give explanation:

**BACKGROUND OF PROJECT** (To be completed by Evaluating Department/Division. Explain need for project/equipment): This 16" diameter well was drilled in 1964, and is 340 deep. This well produces over 1,000 gallons per minute with an excess sand content due to the old style vertical slot casing, corrosion of the casing, and lack of gravel pack. By adding an inside liner with Ful-Flo stainless steel perforations, we will be able to maintain the current rate of 1,000 gallons per minute with no sand production. In addition to rehabilitating this well, we can remove the surge tank from this site that has been accumulating the sand production in the past, and creating additional maintenance to clean the sand out of this tank. Due to the wells location on Barstow and Del Mar, it is a critical pressure sustainer during peak months of production, and convenient for maintenance because it is neighboring a FMFCD basin when flushing.

**FISCAL IMPACT STATEMENT**

PROGRAM: REHAB 16 INCH DIAMETER WELL AT PUMP STATION 244  
FURNISH AND INSTALL 14 INCH OD FUL-FLO LINER
