

WATER SYSTEM CONSOLIDATION AGREEMENT

THIS AGREEMENT is made and entered into effective _____, 2025, (Effective Date) by and between the CITY OF FRESNO, a California municipal corporation (City), and Three Palms MH Park, LLC, a California Limited Liability Company (Owner).

RECITALS

- A. The Three Palms Mobile Home Park (Three Palms MHP), located at 1941 N Golden State Blvd, Fresno, CA 93705 (APN 442-122-12 and APN 442-122-26), is currently served by a single well and in March 2018 was issued a compliance order by the State Water Resources Control Board (SWRCB) for exceedance of the 1,2,3-tricholorpropane Maximum Contaminant Level in the raw well water.
- B. The Owner operates the Three Palms Mobile Home Park Water System (Three Palms MHP WS), a community water system, and has requested that the City provide water service (Services) to Three Palms MHP, which is located within the City's existing water service area and within the City's corporate boundaries.
- C. The Services to be provided by the City will serve the demands for the Owner's facilities at the Three Palms MHP, which can generally be described as a residential community.
- D. The City applied for and was awarded funding to connect Three Palms MHP to the City's Water System. This will be accomplished by (a) installing a 6-inch water service connection, meter, and meter vault to connect Three Palms MHP to the City's water system and (b) accomplishing the physical disconnection of the existing Three Palms MHP Well 3 and destruction of the three onsite wells (Project). On January 2, 2024, the City executed a Drinking Water Construction Grant Agreement (Grant Agreement) with the SWRCB.
- E. The City will be responsible for completing and paying for the following: (a) tap water main in front of entrance; (b) installation of 6" service lateral and shut off valve; (c) installation of meter box with street lid; (d) installation of 6" water meter; and (e) patching of asphalt associated with the preceding items (City Work).
- F. The Owner will be responsible for completing the following with the costs to be funded under the Grant Agreement in accordance with the terms of this Agreement and the Grant Agreement: (a) locate and expose existing distribution system connection points; (b) installation of 6" C900 pipe from meter to distribution system; (c) installation of 6" shut off valve at meter box; (d) patching of asphalt associated with items a, b, and c; (e) disconnect wells from distribution system; (f) flush well water from distribution system; and (g) abandon all three wells on the property in accordance with the requirements set forth in this Agreement (On-Site Work).
- G. The Grant Agreement requires that the City enter into a Water System Consolidation Agreement with the Owner under certain terms specified in the Grant Agreement.
- H. The Parties now desire to set forth the terms of the consolidation.

AGREEMENT

NOW, THEREFORE, in consideration of the mutual covenants set forth herein and for other good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, the parties hereto, agree as follows:

- A. Term. This Agreement shall commence upon the Effective Date, as evidenced in the preamble, and shall remain in effect until September 30, 2061.
- B. Master Meter Consolidation.
 1. The Parties agree that the Project constitutes a master meter consolidation. Upon completion of the Project, the Three Palms MHP WS will cease to operate as a community water system and the Three Palms MHP will become a City water customer.
 2. Consistent with Health & Safety Code section 116280, following consolidation, the Three Palms MHP WS will meet all the following conditions:
 - a. Three Palms MHP WS will consist only of distribution facilities and will not have any treatment facilities.
 - b. Three Palms MHP WS will obtain all of its water from, but will not be owned and operated by, the City's public water system; and
 - c. Three Palms MHP WS will not sell water to any person or user. This prohibition does not prevent Owner from submetering and/or passing through the monthly water rates to the residents of Three Palms MHP.
 3. The Parties agree that following consolidation, the City will be the restructured water system, and the Owner will be the consolidated water system.
- C. Construction Necessary to Establish Water Service. Connection to City's public water system by the Owner shall be subject to the following conditions:
 1. Metered Service Connection. Connection to the City's water system requires installation of a master meter and meter vault for all domestic and irrigation water uses required for the Three Palms MHP. As required by the Grant Agreement, the City shall install a 6-inch water service connection, meter, and meter vault to establish connection. The City shall be responsible for performing all City Work.
 2. Disconnection and Destruction of Existing Onsite Wells.
 - a. Prior to the City commencing water service, the Owner shall physically disconnect the existing Three Palms Mobile Home Park Well 3.
 - b. Owner must also destroy the three (3) existing onsite wells in compliance with the State of California Well Standards, Bulletin 74-81 and 74-90 or current revisions issued by California Department of Water Resources and City of Fresno standards (Well Destruction). All Well Destruction work must be performed by a C-57 licensed contractor. The Owner must complete the well destruction no later than two months after the establishment of a water service connection to the City's water system.

- c. In no case shall the physical disconnection of the existing Three Palms Mobile Home Park Well 3 or the well destruction occur after September 30, 2025.
- d. Compliance with Grant Agreement Requirements. In the performance of the On-Site Work, the Owner shall comply with all SWRCB Drinking Water Construction Grant requirements, including those requirements set forth in the Grant Agreement No. D2202042 which is attached as Exhibit A and incorporated into this Agreement. This includes all requirements pertaining to the prevailing wage and competitive bidding.
 - i. The Owner must assist the City in the completion of progress reports and project completion reports, as addressed in Exhibit A.5 and A.6 in the Grant Agreement. The Owner must provide information requested for any reports required by the Grant Agreement within 14 calendar days of a request from the City.
 - ii. Once the SWRCB has authorized commencement of construction and the Owner has commenced the On-Site Work, the Owners shall submit monthly invoices to the City documenting the contractor's performance of the On-Site Work.
 - iii. The City will pay the Owner no more than \$169,000 per month to pay the Owner's contractor's monthly invoices. In no event shall the City pay the Owner more than the actual cost of the work performed by the contractor.
 - iv. The City will submit the monthly invoices from the Owner's contractor to the SWRCB and will receive reimbursement from the SWRCB for those invoiced amounts.
- 3. Surrender of Water System Permits. Upon connection to the City's Water System, the Owner shall contact the SWRCB Drinking Water Division and surrender any domestic water supply permits or water system permits to ensure that the Three Palms MHP WS ceases to exist and operate as a community water system.
- 4. City to Provide Water Service. Upon the Owner's full and complete performance of all obligations and responsibilities under this agreement, City agrees to commence water service, from City's public water system to the Owner. The Parties agree that, as set forth below, commencement of water service is also conditioned on payment of all water capacity fees and connection fees required by the City. All water capacity fees and connection fees shall be paid for by grant funding, consistent with the terms of the Grant Agreement.
 - a. Continuing Obligations and Responsibilities of Owner. The Three Palms MHP will be established as a city water customer and the Owner shall be responsible to pay the fees and rates established for City water service and set forth in the City's Master Fee Schedule.

The Owner shall comply with and be subject to all regulations applicable to City of Fresno water customers, including but not limited to the water use regulations and utility billing and collection procedures set forth in the Fresno Municipal Code.

- b. Water Capacity and Water Connection Fees. The City's obligation to provide Services is conditioned on payment to City of all required fees as determined by the City, which may be amended from time to time, including any and all water capacity fees and water connections fees required to establish service.

The Parties acknowledge that once calculated, the invoice for these fees will be submitted, by the City, as water capacity and water connection fees for reimbursement under the Grant Agreement. The Owner is not obligated to directly pay any water capacity fees or connection fees to the City.

5. Maintenance and Repair. The Owner shall be responsible for operation, maintenance, repair, and replacement of all "Private Portions" of the water system beyond the City's Point of Service/Master Meter. Under no circumstances shall City be required or accountable to maintain, repair or replace the Private Portion or internal distribution system within Three Palms MHP. The Owner's obligation to maintain, repair and replace the Private Portion of the water system shall include, without limitation, any operation and maintenance, repair, replacement or modification of the Private Portion of the water system as may be reasonably required by City. Should the Owner fail to operate, maintain, repair and replace the Private Portion of the water system as needed for proper operation of the Public Portion, the City shall have the right, but not the obligation to stop providing water service. The City will be responsible for maintaining the lateral from the City water main located at Golden State Boulevard to the property line (Public Portion).
6. Fire Protection Upgrades. The Owner shall be solely responsible for meeting any fire protection upgrades beyond the Point of Connection to the City's water supply facilities that may be required by the City as the enforcement agency responsible for enforcing the requirements of the Mobilehome Parks Act, Division 13, Part 2.1 of the California Health and Safety Code, commencing with section 18200, and the implementing regulations set forth in Title 25, California Code of Regulations Division 1, Chapter 2.
7. Right to Access and Inspect Water Meters. City shall have the right of entry to access and inspect all water meters for compliance with AWWA standards, whether located on the Private or Public Portions.
8. Exclusive Use of Private Portion. The Private Portion is for the exclusive use of the Owner. After connection to the Public Portion, the Owner shall not permit the Private Portion to be used, either directly or indirectly, to provide water service to any other property regardless of whether the other property is owned by the Owner or a third party. The Private Portion will be maintained solely for the purpose of distributing water to the residents of Three Palms MHP.

9. Construction of Public Water Facilities. All public water facilities shall be constructed in accordance with City's Public Works Department Standard Specifications and Drawings, standards, specifications, and policies. The Parties agree that the City will be constructing all public water facilities to be funded by SWRCB funding.

D. Additional Provisions:

The following provisions shall apply to this entire Agreement:

1. Successors and Assigns. The covenants and agreements contained in this Agreement shall be binding upon and shall inure to the benefit of the heirs, successors, and assigns of the parties hereto. The Owner may not assign its rights and/or obligations under this Agreement without the prior written consent of the City, which consent shall not be unreasonably withheld. Any such consent by City shall not, in any way, relieve the Owner of its obligations and responsibilities under this Agreement.
2. Notice. Any notice required or intended to be given to either party under the terms of this Agreement shall be in writing and shall be deemed to be duly given if delivered personally, transmitted by facsimile followed by telephone confirmation of receipt, or sent by United States registered or certified mail, with postage prepaid, return receipt requested, addressed to the party to which notice is to be given at the party's address set forth on the signature page of this Agreement or at such other address as the parties may from time to time designate by written notice. Notice served by United States mail in the manner above described shall be deemed sufficiently served or given at the time of the mailing thereof.
3. Binding. Subject to Section 17, below, once this Agreement is signed by all parties, it shall be binding upon, and shall inure to the benefit of, all parties, and each parties' respective heirs, successors, assigns, transferees, agents, servants, employees and representatives.
4. Compliance With Law. In providing the services required under this Agreement, the Owner shall at all times, comply with all applicable laws of the United States, the State of California and City, and with all applicable regulations promulgated by federal, state, regional, or local administrative and regulatory agencies, now in force and as they may be enacted, issued, or amended during the term of this Agreement.
5. Waiver. The waiver by either party of a breach by the other of any provision of this Agreement shall not constitute a continuing waiver or a waiver of any subsequent breach of either the same or a different provision of this Agreement. No provisions of this Agreement may be waived unless in writing and signed by all parties to this Agreement. Waiver of any one provision herein shall not be deemed to be a waiver of any other provision herein.
6. Indemnification of City. To the furthest extent allowed by law, the Owner shall indemnify, hold harmless and defend City and each of its officers, officials, employees, agents and volunteers from any and all loss, liability, fines, penalties, forfeitures, costs and damages (whether in contract, tort or strict

liability, but not limited to personal injury, death at any time, and property damage) incurred by City, the Owner or any other person, and from any and all claims, demands, liabilities, damages and actions in law or equity (including attorney's fees and litigation expenses), arising or alleged to have arisen directly or indirectly out of the performance of this Agreement and the performance of any or all work to be done in and upon the street rights-of-way or within the Owner's property boundary, and premises adjacent thereto, pursuant to this Agreement, or arising or alleged to have arisen directly or indirectly in any way related to the construction, installation and operation of the new supply pipeline or its appurtenances by anyone occupying any portion of the Owner's property including, without limitation, any such claims, causes of action, damages, liabilities, fees, costs, expenses, and attorney fees arising from water quality compliance, a lack of volume of water, inadequate fire flow, lack of water pressure in, from or delivered to the new water supply pipeline, or lack of flow capacity in the new water supply pipeline. The Owner's obligations under the preceding shall apply regardless of whether City or any of its officers, officials, boards, employees, agents or volunteers are passively negligent, but shall not apply to any loss, liability, fines, penalties, forfeitures, costs or damages caused by the active or sole negligence, or the willful misconduct, of City or any of its officers, officials, employees, agents or volunteers.

If the Owner should subcontract all or any portion of the work to be performed under this Agreement, the Owner shall require each subcontractor to indemnify, hold harmless and defend City and each of its officers, officials, employees, agents and volunteers in accordance with the terms of the preceding paragraph.

This section shall survive termination or expiration of this Agreement.

7. Insurance Requirements.

(a) Throughout the life of this Agreement, OWNER shall pay for and maintain in full force and effect all insurance as required herein with an insurance company(ies) either (i) admitted by the California Insurance Commissioner to do business in the State of California and rated no less than "A-VII" in the Best's Insurance Rating Guide, or (ii) as may be authorized in writing by CITY'S Risk Manager or his/her designee at any time and in his/her sole discretion. The required policies of insurance as stated herein shall maintain limits of liability of not less than those amounts stated therein. However, the insurance limits available to CITY, its officers, officials, employees, agents and volunteers as additional insureds, shall be the greater of the minimum limits specified therein or the full limit of any insurance proceeds to the named insured.

(b) If at any time during the life of the Agreement or any extension, OWNER or any of its subcontractors fail to maintain any required insurance in full force and effect, all services and work under this Agreement shall be discontinued immediately, and all payments due or that become due to OWNER shall be withheld until notice is received by CITY that the required insurance has been restored to full force and effect and that the premiums therefore have been paid for a period satisfactory to CITY. Any failure to maintain the required insurance

shall be sufficient cause for CITY to terminate this Agreement. No action taken by CITY pursuant to this section shall in any way relieve OWNER of its responsibilities under this Agreement. The phrase “fail to maintain any required insurance” shall include, without limitation, notification received by CITY that an insurer has commenced proceedings, or has had proceedings commenced against it, indicating that the insurer is insolvent.

(c) The fact that insurance is obtained by OWNER shall not be deemed to release or diminish the liability of OWNER, including, without limitation, liability under the indemnity provisions of this Agreement. The duty to indemnify CITY shall apply to all claims and liability regardless of whether any insurance policies are applicable. The policy limits do not act as a limitation upon the amount of indemnification to be provided by OWNER. Approval or purchase of any insurance contracts or policies shall in no way relieve from liability nor limit the liability of OWNER, vendors, suppliers, invitees, contractors, sub-contractors, subcontractors, or anyone employed directly or indirectly by any of them.

Coverage shall be at least as broad as:

1. The most current version of Insurance Services Office (ISO) Commercial General Liability Coverage Form CG 00 01, providing liability coverage arising out of your business operations. The Commercial General Liability policy shall be written on an occurrence form and shall provide coverage for “bodily injury,” “property damage” and “personal and advertising injury” with coverage for premises and operations (including the use of owned and non-owned equipment), products and completed operations, and contractual liability (including, without limitation, indemnity obligations under the Agreement) with limits of liability not less than those set forth under “Minimum Limits of Insurance.”
2. The most current version of ISO *Commercial Auto Coverage Form CA 00 01, providing liability coverage arising out of the ownership, maintenance or use of automobiles in the course of your business operations. The Automobile Policy shall be written on an occurrence form and shall provide coverage for all owned, hired, and non-owned automobiles or other licensed vehicles (Code 1-Any Auto).
3. Workers’ Compensation insurance as required by the State of California and Employer’s Liability Insurance.

- (ii) \$1,000,000 disease each employee; and,
- (iii) \$1,000,000 disease policy limit.

UMBRELLA OR EXCESS INSURANCE

In the event OWNER purchases an Umbrella or Excess insurance policy(ies) to meet the "Minimum Limits of Insurance," this insurance policy(ies) shall "follow form" and afford no less coverage than the primary insurance policy(ies). In addition, such Umbrella or Excess insurance policy(ies) shall also apply on a primary and non-contributory basis for the benefit of the CITY, its officers, officials, employees, agents and volunteers.

DEDUCTIBLES AND SELF-INSURED RETENTIONS

OWNER shall be responsible for payment of any deductibles contained in any insurance policy(ies) required herein and OWNER shall also be responsible for payment of any self-insured retentions.

OTHER INSURANCE PROVISIONS/ENDORSEMENTS

(i) All policies of insurance required herein shall be endorsed to provide that the coverage shall not be cancelled, non-renewed, reduced in coverage or in limits except after thirty (30) calendar days written notice has been given to CITY, except ten (10) days for nonpayment of premium. OWNER is also responsible for providing written notice to the CITY under the same terms and conditions. Upon issuance by the insurer, broker, or agent of a notice of cancellation, non-renewal, or reduction in coverage or in limits, OWNER shall furnish CITY with a new certificate and applicable endorsements for such policy(ies). In the event any policy is due to expire during the work to be performed for CITY, OWNER shall provide a new certificate, and applicable endorsements, evidencing renewal of such policy not less than seven (7) calendar days following to the expiration date of the expiring policy.

(ii) The Commercial General and Automobile Liability insurance policies shall be written on an occurrence form.

(iv) The Commercial General and Automobile Liability insurance shall contain, or be endorsed to contain, that the OWNERS' insurance shall be primary to and require no contribution from the City. The General Liability endorsement shall be as broad as that contained in ISO Form CG 20 01 04 13. These coverages shall contain no special limitations on the scope of protection afforded to City, its officers, officials, employees, agents and volunteers.

(v) If OWNER maintains higher limits of liability than the minimums shown above, City requires and shall be entitled to coverage for the higher limits of liability maintained by OWNER.

(vi) Should any of these policies provide that the defense costs are paid within the Limits of Liability, thereby reducing the available limits by defense costs, then the requirement for the Limits of Liability of these policies will be twice the above stated limits.

(vii) All policies of insurance shall contain, or be endorsed to contain, a waiver of subrogation as to CITY, its officers, officials, agents, employees and volunteers.

PROVIDING OF DOCUMENTS

OWNER shall furnish CITY with all certificate(s) and applicable endorsements effecting coverage required herein. All certificates and applicable endorsements are to be received and approved by the CITY'S Risk Manager or his/her designee prior to CITY'S execution of the Agreement and before work commences. All non-ISO endorsements amending policy coverage shall be executed by a licensed and authorized agent or broker. Upon request of CITY, OWNER shall immediately furnish CITY with a complete copy of any insurance policy required under this Agreement, including all endorsements, with said copy certified by the underwriter to be a true and correct copy of the original policy. This requirement shall survive expiration or termination of this Agreement. All subcontractors working under the direction of OWNER shall also be required to provide all documents noted herein.

SUBCONTRACTORS

If OWNER subcontracts any or all of the services to be performed under this Agreement, OWNER shall be solely responsible for ensuring that its subcontractors maintain the insurance coverage required herein.

8. Public Health, Safety, and Welfare. Nothing contained in this Agreement shall limit City's authority to exercise its police powers, governmental authority or take other appropriate actions to address threats to public health, safety and welfare, including temporarily suspending water services as deemed appropriate by City in its sole determination and discretion.
9. Governing Law and Venue. This Agreement shall be governed by, and construed and enforced in accordance with, the laws of the State of California,

excluding, however, any conflict of laws rule which would apply the law of another jurisdiction. Venue for purposes of the filing of any action regarding the enforcement or interpretation of this Agreement and any rights and duties hereunder shall be Fresno County, California.

10. Headings. The section headings in this Agreement are for convenience and reference only and shall not be construed or held in any way to explain, modify, or add to the interpretation or meaning of the provisions of this Agreement.
11. Severability. The provisions of this Agreement are severable. The invalidity or unenforceability of any one provision in this Agreement shall not affect the other provisions.
12. Interpretation. The parties acknowledge that this Agreement in its final form is the result of the combined efforts of the parties and that, should any provisions of this Agreement be found to be ambiguous in any way, such ambiguity shall not be resolved by construing this Agreement in favor of or against either party, but rather by construing the terms in accordance with their generally accepted meaning.
13. Attorney's Fees. If either party is required to commence any proceeding or legal action to enforce or interpret any term, covenant or condition of this Agreement, the prevailing party in such proceedings or action shall be entitled to recover from the other party its reasonable attorney's fees and legal expenses.
14. Exhibits. Each exhibit and attachment referenced in this Agreement is, by the reference, incorporated into and made a part of this Agreement.
15. Precedence of Documents. In the event of any conflict between the body of this Agreement and any Exhibit or Attachment hereto, the terms and conditions of the body of this Agreement shall control and take precedence over the terms and conditions expressed within any Exhibit or Attachment hereto which purport to modify the allocation of risk between the parties, provided for within the body of this Agreement, shall be null and void.
16. Cumulative Remedies. No remedy or election hereunder shall be deemed exclusive but shall, wherever possible, be cumulative with all other remedies at law or in equity.
17. No Third-Party Benefits. The rights, interests, duties, and obligations defined within this Agreement are intended for the specific parties hereto as identified in the preamble of this Agreement. Notwithstanding anything stated to the contrary in this Agreement, it is not intended that any rights or interests in this Agreement benefit or flow to the interest of any third parties.
18. Extent of Agreement. Each party acknowledges that they have read and fully understand the contents of this Agreement. This Agreement represents the entire and integrated agreement between the parties with respect to the subject matter hereof and supersedes all prior negotiations, representations or agreements, either written or oral. This Agreement may be modified only by written agreement duly authorized and executed by both City and the Owner.

IN WITNESS THEREOF, the parties have executed the Agreement at Fresno, California, the day and year first above written.

The results of the final inspection and certification must be submitted to the Project Manager.

EXHIBIT B – FUNDING PROVISIONS

B.1 ESTIMATED REASONABLE COST AND PROJECT FUNDS.

The estimated reasonable cost of the total Project is set forth on the Cover Page of this Agreement, and is greater than or equal to the funding anticipated to be provided by the State Water Board under this Agreement. Subject to the terms of this Agreement, the State Water Board agrees to provide Project Funds not to exceed the amount of the Project Funding Amount set forth on the Cover Page of this Agreement.

B.2 RECIPIENT CONTRIBUTIONS.

The Recipient must pay any and all costs connected with the Project including, without limitation, any and all Project Costs. If the Project Funds are not sufficient to pay the Project Costs in full, the Recipient must nonetheless complete the Project and pay that portion of the Project Costs in excess of available Project Funds, and shall not be entitled to any reimbursement therefor from the State Water Board.

If the Recipient recovers funds from any responsible parties, the Recipient shall immediately notify the Division. The amount of this Agreement may be reduced to reflect the recovered funds.

B.3 VERIFIABLE DATA.

Upon request by the Division, the Recipient must submit verifiable data to support deliverables specified in the Scope of Work. The Recipient's failure to comply with this requirement may be construed as a material breach of this Agreement.

B.4 BUDGET COSTS

Estimated budget costs are contained in the Summary Project Cost Table below:

LINE ITEM	TOTAL ESTIMATED COST	PROJECT FUNDING AMOUNT
Construction	\$169,000	\$169,000
Pre-Purchased Material/Equipment	\$0	\$0
Real Property or Easement Acquisition	\$0	\$0
Change Order Contingency	\$66,000	\$66,000

TOTAL	\$392,461	\$392,461

The Division's Final Budget Approval and related Form 259 and Form 260 will document a more detailed budget of eligible Project Costs and Project funding amounts. Construction of the Project may be completed in phases with written approval of the Division. If construction proceeds under separate phases, the Recipient must submit a Final Budget Approval package and receive Final Budget Approval from the Division for each phase.

The Recipient is prohibited from requesting disbursement amounts that represent Recipient's mark-ups to costs invoiced or otherwise requested by consultants or contractors.

Project Costs incurred prior to the Eligible Work Start Date on the cover page of this Agreement are not eligible for reimbursement.

Reasonable indirect costs may be allowable upon approval by the Division.

B.5 LINE ITEM ADJUSTMENTS.

Upon written request by the Recipient, the Division may adjust the line items of the budget at the time of Division's Final Budget Approval(s). Upon written request by the Recipient, the Division may also adjust the line items of the budget at the time of Recipient's submittal of its final claim. Any line item adjustments to the budget that are due to a change in scope of work will require an Agreement amendment. The sum of adjusted line items in the budget must not exceed the Project Funding Amount. The Division may also propose budget adjustments.

Under no circumstances may the sum of line items in the budget approved through the Final Budget Approval process exceed the Project Funding Amount. Any increase in the Project Funding Amount will require an Agreement amendment.

B.6 REIMBURSEMENT PROCEDURE.

Except as may be otherwise provided in this Agreement, reimbursements will be made as follows:

1. Upon execution and delivery of this Agreement by both parties, the Recipient may request immediate reimbursement of any eligible incurred planning and design allowance costs through submission to the State Water Board of the Reimbursement Request Form 260 and Form 261, or any amendment thereto, duly completed and executed. To be eligible for reimbursement, Project Costs, including planning and design allowance costs, must have been incurred in compliance with all applicable requirements, including the cross-cutting requirements listed in Exhibits C and D.
2. The Recipient must submit a Reimbursement Request for costs incurred prior to the date this Agreement is executed by the State Water Board no later than ninety (90) days after this Agreement is executed by the State Water Board. Late Reimbursement Requests may not be honored.
3. Additional Project Funds will be promptly disbursed to the Recipient upon receipt of Reimbursement Request Form 260 and Form 261, or any amendment thereto, duly completed and executed by the Recipient for incurred costs consistent with this Agreement, along with receipt of progress reports due under this Agreement.
4. The Recipient must not request reimbursement for any Project Cost until such cost has been incurred and is currently due and payable by the Recipient, although the actual payment of such cost by the Recipient is not required as a condition of Reimbursement Request. Supporting documentation (e.g., receipts) must be submitted with each Reimbursement Request. The amount requested for Recipient's administration costs must include a calculation formula (i.e., hours or days worked times the hourly or daily rate = total amount claimed). Reimbursement of Project Funds will be made only after receipt of a complete, adequately supported, properly documented, and accurately addressed Reimbursement Request. Upon request by the Division, supporting documents for professional and administrative services must include the employees' names, classifications, labor rates, hours worked, and descriptions of the tasks performed. Reimbursement Requests submitted without supporting documents may be wholly or partially withheld at the discretion of the Division.
5. The Recipient must spend Project Funds within 30 days of receipt. If the Recipient earns interest earned on Project Funds, it must report that interest immediately to the State Water Board. The State Water Board may deduct earned interest from future reimbursements.
6. The Recipient must not request a reimbursement unless that Project Cost is allowable, reasonable, and allocable.
7. Notwithstanding any other provision of this Agreement, no reimbursement shall be required at any time or in any manner which is in violation of or in conflict with federal or state laws, policies, or regulations.

Notwithstanding any other provision of this Agreement, the Recipient agrees that the State Water Board may retain an amount equal to ten percent (10%) of the Project Funding Amount until Project Completion. Any retained amounts due to the Recipient will be promptly disbursed to the Recipient, without interest, upon Project Completion.

Except as follows, construction costs and disbursements are not available until after the Division has issued a Final Budget Approval for the corresponding costs. The Deputy Director of the Division may authorize the disbursement of up to ten percent (10%) of Project Funds for the reimbursement of eligible construction costs and pre-purchased materials prior to Division approval of the final budget form submitted by the Recipient. All other construction costs are not eligible for reimbursement until after the Division has approved the corresponding final budget form submitted by the Recipient. Construction costs incurred prior to the Eligible Construction Start Date are not eligible for reimbursement.

B.7 REVERTING FUNDS AND DISENCUMBRANCE.

In the event the Recipient does not submit Reimbursement Requests for all funds encumbered under this Agreement timely, any remaining funds revert to the State. The State Water Board may notify the Recipient that the project file is closed, and any remaining balance will be disencumbered and unavailable for further use under the Agreement.

5. **AUDIT.** The Division may call for an audit of financial information relative to the Project if the Division determines that an audit is desirable to assure program integrity or if an audit becomes necessary because of State or federal requirements. If an audit is called for, the audit must be performed by a certified public accountant independent of the Recipient and at the cost of the Recipient. The audit must be in the form required by the Division. The Recipient must return, or ensure the return of, any audit disallowances within 30 days.
6. **BONDING.** Where construction contractors are used, the Recipient must not authorize construction to begin until each contractor has furnished a performance bond in favor of the Recipient in the following amounts: faithful performance (100%) of contract value; labor and

materials (100%) of contract value. This requirement shall not apply to any contract for less than \$25,000.00.

7. **COMPETITIVE BIDDING.** Recipient must adhere to any applicable State law or local ordinance for competitive bidding and applicable labor laws. If Recipient is a private entity, any construction contracts related in any way to the Project must be let by competitive bid procedures which assure award of such contracts to the lowest responsive and responsible bidders. Recipient must not award a construction contract until a summary of bids and identification of the selected lowest responsible bidder is submitted to and approved in writing by the Division. Recipient must provide a full explanation if Recipient is proposing to award a construction contract to anyone other than the lowest responsible bidder.
8. **COMPLIANCE WITH APPLICABLE LAWS, RULES, AND REQUIREMENTS.** The Recipient must, at all times, comply with and require its contractors and subcontractors to comply with all applicable federal and State laws, rules, guidelines, regulations, and requirements and with provisions of the adopted environmental mitigation plan, if any, for the useful life of the Project.

10. **CONFLICT OF INTEREST.** The Recipient certifies that it, its owners, officers, directors, agents, representatives, and employees are in compliance with applicable State and federal conflict of interest laws and will remain in compliance for the useful life of the Project. Any service provider or contractor with which the Recipient contracts must not have any role or relationship with the Recipient, that, in effect, substantially limits the Recipient's ability to exercise its rights, including cancellation rights, under the contract, based on all the facts and circumstances. Public entities are required to have adopted conflict of interest codes and may be required to provide documentation of those codes to the Division.
11. **DATA MANAGEMENT.** The Recipient will undertake appropriate data management activities so that Project data can be incorporated into statewide data systems.
12. **DEBARRED, DISQUALIFIED, OR EXCLUDED CONTRACTORS.** The Recipient must not contract or allow subcontracting with excluded parties. The Recipient must not contract with any party who is debarred or suspended or otherwise excluded from or ineligible for participation in any work overseen, directed, funded, or administered by the State Water Board program for which this funding is authorized. The State Water Board's List of Disqualified Businesses and Persons is located at http://www.waterboards.ca.gov/water_issues/programs/enforcement/fwa/dbp.shtml

The Recipient shall publish a statement notifying employees that the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited in the Recipient's workplace and specifying the actions to be taken against employees for violations of the prohibition. The Recipient shall establish a drug-free awareness program to inform employees about the dangers of drug abuse in the workplace, the Recipient's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation and employee assistance programs, and penalties that may be imposed upon employees for drug abuse violations. The Recipient shall provide that

every employee who works on the Project receives a copy of the Recipient's drug-free workplace policy statement and agrees to abide by the terms of the statement as a condition of employment on the Project.

14. ENVIRONMENTAL CLEARANCE. No work that is subject to California Environmental Quality Act (CEQA) or the National Environmental Policy Act (NEPA) may proceed under this Agreement until the State Water Board has provided approval to proceed. Upon receipt and review of the Recipient's environmental documents, the State Water Board shall make the appropriate environmental findings before determining whether to approve construction or implementation funding for the Project under this Agreement. Providing approval for such construction or implementation funding is fully discretionary. The State Water Board may require changes in the scope of work or additional mitigation as a condition to providing construction or implementation funding under this Agreement. Recipient shall not perform any work subject to CEQA and/or NEPA before the State Water Board completes its environmental review and specifies any changes in scope or additional mitigation that may be required. Proceeding with work subject to CEQA and/or NEPA without approval by the State Water Board shall constitute a breach of a material provision of this Agreement. If this Project includes modification of a river or stream channel, the Recipient must fully mitigate environmental impacts resulting from the modification. The Recipient must provide documentation that the environmental impacts resulting from such modification will be fully mitigated considering all of the impacts of the modification and any mitigation, environmental enhancement, and environmental benefit resulting from the Project, and whether, on balance, any environmental enhancement or benefit equals or exceeds any negative environmental impacts of the Project.
15. FINAL REIMBURSEMENT REQUEST. The Recipient agrees to ensure that its final Reimbursement Request is received by the Division no later than the Final Reimbursement Request Date, unless prior approval has been granted by the Division. If the final Reimbursement Request is not received timely, the undisbursed balance of this Agreement may be deobligated.
16. FRAUD AND MISUSE OF PUBLIC FUNDS. All requests for disbursement must be accurate and signed by the Recipient or its Authorized Representative under penalty of perjury. All costs submitted pursuant to this Agreement must only be for the work or tasks set forth in this Agreement. The Recipient must not submit any invoice containing costs that are ineligible or have been reimbursed from other funding sources unless required and specifically noted as such (i.e., match costs). Any costs for which the Recipient is seeking reimbursement shall not be reimbursed from any other source. Double or multiple billing for time, services, or any other cost is improper and will not be compensated. Any suspected occurrences of fraud, forgery, embezzlement, theft, or any other misuse of public funds may result in suspension of disbursements and, notwithstanding any other section in this Agreement, the termination of this Agreement requiring the immediate repayment of all funds disbursed hereunder. Additionally, the Deputy Director of the Division may request an audit and refer the matter to the Attorney General's Office or the appropriate district attorney's office for criminal prosecution or the imposition of civil liability.
17. FUNDING CONTINGENCY. The State Water Board's disbursement of funds hereunder is contingent on the Recipient's compliance with the terms and conditions of this Agreement. The State Water Board's obligation to disburse funds is contingent upon the availability of sufficient funds to permit the disbursements provided for herein. If sufficient funds are not available for any reason, including but not limited to failure of the federal or State government to appropriate funds necessary for disbursement of funds, the State Water Board shall not be obligated to make any disbursements to the Recipient under this Agreement. If this Agreement's funding for any fiscal year expires due to reversion or is reduced, substantially delayed, or deleted by the Budget Act, by Executive Order, or by order or action of the Department of Finance, the State Water Board

has the option to either cancel this Agreement with no liability accruing to the State Water Board, or offer an amendment to the Recipient to reflect the reduced amount. This provision shall be construed as a condition precedent to the obligation of the State Water Board to make any disbursements under this Agreement. Nothing in this Agreement shall be construed to provide the Recipient with a right of priority for disbursement over any other entity. If any disbursements due the Recipient under this Agreement are deferred because sufficient funds are unavailable, it is the intention of the State Water Board that such disbursement will be made to the Recipient when sufficient funds do become available, but this intention is not binding.

18. **GOVERNING LAW.** This Agreement is governed by and shall be interpreted in accordance with the laws of the State of California.
19. **RECIPIENT'S SHARE.** The Recipient agrees that it will provide for the payment of its full share, if any share is required, of Project Costs and that all costs connected with the Project will be timely paid by the Recipient.
20. **INDEMNIFICATION AND STATE REVIEWS.** The parties agree that review or approval of Project plans and specifications by the State Water Board is for administrative purposes only, including conformity with application and eligibility criteria, and expressly not for the purposes of design defect review or construction feasibility, and does not relieve the Recipient of its responsibility to properly plan, design, construct, operate, and maintain the Project. To the extent permitted by law, the Recipient agrees to indemnify, defend, and hold harmless the State Water Board and any trustee, and their officers, employees, and agents for the Bonds, if any (collectively, "Indemnified Persons"), against any loss or liability arising out of any claim or action brought against any Indemnified Persons from and against any and all losses, claims, damages, liabilities, or expenses, of every conceivable kind, character, and nature whatsoever arising out of, resulting from, or in any way connected with (1) the Project or the conditions, occupancy, use, possession, conduct, or management of, work done in or about, or the planning, design, acquisition, installation, or construction, of the Project or any part thereof; (2) the carrying out of any of the transactions contemplated by this Agreement or any related document; (3) any violation of any applicable law, rule or regulation, any environmental law (including, without limitation, the Federal Comprehensive Environmental Response, Compensation and Liability Act, the Resource Conservation and Recovery Act, the California Hazardous Substance Account Act, the Federal Water Pollution Control Act, the Clean Air Act, the Toxic Substances Control Act, the Occupational Safety and Health Act, the Safe Drinking Water Act, the California Hazardous Waste Control Law, and California Water Code Section 13304, and any successors to said laws), rule or regulation or the release of any toxic substance on or near the Project; or (4) any untrue statement or alleged untrue statement of any material fact or omission or alleged omission to state a material fact necessary to make the statements required to be stated therein, in light of the circumstances under which they were made, not misleading with respect to any information provided by the Recipient for use in any disclosure document utilized in connection with any of the transactions contemplated by this Agreement, except those arising from the gross negligence or willful misconduct of the Indemnified Persons. The Recipient must also provide for the defense and indemnification of the Indemnified Persons in any contractual provision extending indemnity to the Recipient in any contract let for the performance of any work under this Agreement, and must cause the Indemnified Persons to be included within the scope of any provision for the indemnification and defense of the Recipient in any contract or subcontract. To the fullest extent permitted by law, the Recipient agrees to pay and discharge any judgment or award entered or made against Indemnified Persons with respect to any such claim or action, and any settlement, compromise or other voluntary resolution. The provisions of this section survive the term of this Agreement.

21. **INDEPENDENT ACTOR.** The Recipient, and its agents and employees, if any, in the performance of this Agreement, shall act in an independent capacity and not as officers, employees, or agents of the State Water Board.
22. **INSPECTION.** Throughout the useful life of the Project, the State Water Board shall have the right to inspect the Project area to ascertain compliance with this Agreement.
23. **INTEGRATION.** This Agreement constitutes the complete and final agreement between the parties. No oral or written understanding or agreement not incorporated in this Agreement shall be binding on either party.
24. **LIENS.** The Recipient must not make any pledge of or place any lien on the Project or Project assets except upon consent of the Division.
25. **NO DISCRIMINATION.** The Recipient must comply with Government Code section 11135 and the implementing regulations (Cal. Code Regs, tit. 2, § 11140 et seq.), including, but not limited to, ensuring that no person is unlawfully denied full and equal access to the benefits of, or unlawfully subjected to discrimination in the operation of, the Project on the basis of sex, race, color, religion, ancestry, national origin, ethnic group identification, age, mental disability, physical disability, medical condition, genetic information, marital status, or sexual orientation as such terms are defined under California law, for as long as the Recipient retains ownership or possession of the Project. If Project Funds are used to acquire or improve real property, the Recipient must include a covenant of nondiscrimination running with the land in the instrument effecting or recording the transfer of such real property. The Recipient must comply with the federal American with Disabilities Act of 1990 and implementing regulations as required by Government Code section 11135(b). The Recipient's obligations under this section shall survive the term of this Agreement. During the performance of this Agreement, Recipient and its contractors and subcontractors must not unlawfully discriminate, harass, or allow harassment against any employee or applicant for employment because of sex, race, color, ancestry, religious creed, national origin, sexual orientation, physical disability (including HIV and AIDS), mental disability, medical condition (cancer), age (over 40), marital status, denial of family care leave, or genetic information, gender, gender identity, gender expression, or military and veteran status. The Recipient, its contractors, and subcontractors must ensure that the evaluation and treatment of their employees and applicants for employment are free from such discrimination and harassment. The Recipient, its contractors, and subcontractors must comply with the provisions of the Fair Employment and Housing Act and the applicable regulations promulgated thereunder. (Gov. Code, §12990, subds. (a)-(f) et seq.; Cal. Code Regs., tit. 2, § 7285 et seq.) Such regulations are incorporated into this Agreement by reference and made a part hereof as if set forth in full. The Recipient, its contractors, and subcontractors must give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other agreement. The Recipient must include the nondiscrimination and compliance provisions of this clause in all subcontracts to perform work under this Agreement.
26. **NO THIRD-PARTY RIGHTS.** This Agreement creates no rights in and grants no remedies to any third party as a beneficiary of this Agreement.
27. **NO OBLIGATION OF THE STATE.** Any obligation of the State Water Board herein contained shall not be an obligation, debt, or liability of the State and any such obligation shall be payable solely out of the moneys encumbered pursuant to this Agreement.
28. **NON-WAIVER.** Nothing in this Agreement shall affect or impair the Recipient's obligation to undertake work under this Agreement or shall affect or impair the right of the State Water Board to bring suit to enforce such work. No delay or omission of the State Water Board in the exercise of any right arising upon an Event of Default shall impair any such right or be construed to be a

waiver of any such Event of Default. The State Water Board may exercise from time to time and as often as shall be deemed expedient by the State Water Board, any remedy or right provided by law or pursuant to this Agreement. Any waiver of rights by the State Water Board with respect to a default or other matter arising under this Agreement at any time shall not be considered a waiver of rights with respect to any other default or matter.

29. OTHER FUNDING SOURCES; INCOME RESTRICTIONS. If funding for Project Costs is made available to the Recipient from sources other than this Agreement, the Recipient must notify the Division. The Recipient may retain such funding up to an amount which equals the Recipient's contribution to Project costs. To the extent allowed by requirements of other funding sources, excess funding must be remitted to the State Water Board. The Recipient agrees that any refunds, rebates, credits, or other amounts (including any interest thereon) accruing to or received by the Recipient as related to this Agreement must be paid by the Recipient to the State Water Board, to the extent that they are properly allocable to costs for which the Recipient has been reimbursed by the State Water Board under this Agreement.

30. PERMITS AND AUTHORIZATIONS. Recipient must procure all permits, licenses and other authorizations necessary to accomplish the work contemplated in this Agreement, pay all charges and fees, and give all notices necessary and incidental to the due and lawful prosecution of the work. Signed copies of any such permits or licenses must be submitted to the Division before any construction or implementation begins.

Any contractors, outside associates, or consultants required by the Recipient in connection with the services covered by this Agreement shall be limited to such individuals or firms as were specifically identified and agreed to during negotiations for this Agreement, or as are specifically authorized by the State Water Board's Project Manager during the performance of this Agreement. Any substitutions in, or additions to, such contractors, associates, or consultants, shall be subject to the prior written approval of the State Water Board's Project Manager.

31. PREVAILING WAGES. If applicable, the Recipient agrees to be bound by all applicable provisions of State Labor Code regarding prevailing wages. The Recipient must maintain separate books, records and other material relative to the Project and retain such books, records, subcontracts, and other material until at least the Records Retention End Date set forth on the Cover Page of this Agreement. The Recipient must require that such

books, records, and other material are subject at all reasonable times (at a minimum during normal business hours) to inspection, copying, and audit by the State Water Board, the Department of Finance, the California State Auditor, the Bureau of State Audits, or any authorized representatives of the aforementioned, including federal funding agencies and their auditors, if any. The Recipient must allow and must require its contractors to allow interviews during normal business hours of any employees who might reasonably have information related to such records. The Recipient agrees to include a similar duty regarding audit, interviews, and records retention in any contract or subcontract related to the performance of this Agreement. The provisions of this section survive the term of this Agreement.

35. **RELATED LITIGATION.** Under no circumstances may the Recipient use funds from any reimbursement under this Agreement to pay costs associated with any litigation the Recipient pursues against the State Water Board or any Regional Water Board. Regardless of the outcome of any such litigation, and notwithstanding any conflicting language in this Agreement, the Recipient agrees to complete the Project funded by this Agreement or to repay all of the disbursed funds plus interest.
36. **REMEDIES.** The State Water Board may enforce its rights under this Agreement by any judicial proceeding, whether at law or in equity. The State Water Board will not mediate disputes between the Recipient and any other entity concerning responsibility for performance of work.
39. **RIGHTS IN DATA.** The Recipient agrees that all data, plans, drawings, specifications, reports, computer programs, operating manuals, notes, and other written or graphic work produced in the performance of this Agreement are subject to the rights of the State as set forth in this section. The State shall have the right to reproduce, publish, and use all such work, or any part thereof, in any manner and for any purposes whatsoever and to authorize others to do so. If any such work is copyrightable, the Recipient may copyright the same, except that, as to any work which is copyrighted by the Recipient, the State reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish, and use such work, or any part thereof, and to authorize others to do so, and to receive electronic copies from the Recipient upon request. The Recipient may disclose, disseminate and use in whole or in part, any final form data and information received, collected, and developed under this Agreement, subject to appropriate acknowledgement of credit to the State Water Board for financial support. The Recipient shall not utilize the materials for any profit-making venture or sell or grant rights to a third party who intends to do so.

41. **STATUS QUO.** If any action to enforce any right or exercise any remedy shall be brought and either discontinued or determined adversely to the State Water Board, then the State Water Board shall be restored to its former position, rights, and remedies as if no such action had been brought.
42. **TERMINATION, IMMEDIATE REPAYMENT, AND INTEREST:** This Agreement may be terminated by written notice at any time, at the option of the State Water Board, if:
 - a. the Recipient has received funds as a result of a material misrepresentation in the funding application or other submitted document; or
 - b. upon violation by the Recipient of any material provision of this Agreement after such violation has been called to the attention of the Recipient and after failure of the Recipient to bring itself into compliance with the provisions of this Agreement within a reasonable time as established by the State Water Board.

In the event of such termination, the Recipient agrees, upon demand, to immediately repay to the State Water Board an amount equal to the amount of Project Funds disbursed to the Recipient prior to such termination. In the event of termination, interest shall accrue on all amounts due at the highest legal rate of interest from the date that notice of termination is mailed to the Recipient to the date of full repayment by the Recipient.
43. **TIMING.** Time is of the essence. The Recipient must expeditiously proceed with and complete the Project. Failure to proceed according to the timelines set forth in this Agreement may require the Recipient to repay to the State Water Board all disbursed Project Funds.
44. **TRAVEL AND PER DIEM.** No work or travel outside the State of California is permitted under this Agreement unless the Division provides prior written authorization. No work or travel outside the United States of America is authorized. Failure to comply with this restriction may constitute an Event of Default and result in termination of this Agreement. Any reimbursement for necessary travel and per diem shall be set pursuant to and at rates not to exceed those set by the California Department of Human Resources at <http://www.calhr.ca.gov/employees/Pages/travel-reimbursements.aspx>, as of the date costs are incurred by the Recipient.
45. **UNDISBURSED FUNDS.** The Recipient is not entitled to interest earned on undisbursed funds.
46. **UNENFORCEABLE PROVISION; SEVERABILITY.** In the event that any provision of this Agreement is unenforceable or held to be unenforceable, then the parties agree that all other provisions of this Agreement have force and effect and shall not be affected thereby.
47. **UNION ACTIVITIES:** The Recipient hereby acknowledges the applicability of Government Code sections 16645 through 16649 to this Agreement. The Recipient certifies that none of the Project Funds will be used to assist, promote, or deter union organizing. If the Recipient incurs costs or makes expenditures to assist, promote, or deter union organizing, the Recipient will maintain records sufficient to show that no reimbursement from Project Funds has been sought for these costs and the Recipient shall provide those records to the Attorney General upon request.
48. **VENUE.** Any action arising out of this Agreement shall be filed and maintained in the Superior Court in and for the County of Sacramento, California.
49. **WAIVER AND RIGHTS OF THE STATE WATER BOARD.** Any waiver of rights by the State Water Board with respect to a default or other matter arising under this Agreement at any time shall not be considered a waiver of rights with respect to any other default or matter.

50. **WATER CONSERVATION AND EFFICIENCY PROGRAMS:** The Recipient acknowledges that it has appropriate water conservation and efficiency programs in place, and that this provision constitutes a condition of this Agreement. A web link with examples of water conservation and efficiency programs is available at:
http://www.waterboards.ca.gov/waterrights/water_issues/programs/drought/conservation.shtml.
51. **WATER DIVERSION AND USE:** To the extent applicable, the Recipient has complied with, and shall continue to comply with, the requirements of Water Code, division 2, part 5.1, section 5100 et seq. for filing statements of water diversion and use.

 - e) The Recipient's material violation of, or threat to materially violate, any provision of this Agreement;

1. The Recipient shall not solicit bids, award a contract, or commence construction activities until final plans and specifications are approved by the Division's Project Manager and the Division of Drinking Water.
2. The Recipient must submit a final water system consolidation agreement with the legal owner of the Three Palms MHP water system, in a form satisfactory to the Division, and receive written approval from the Project Manager to proceed before bids are solicited, contracts are awarded, and construction activities are commenced for any construction included in the Project. Project Funds shall not be disbursed for any construction costs prior to satisfaction of this condition.

D.6 FUNDS RELATED TO CONTAMINATION.

(a) As a condition precedent to this Agreement and prior to any disbursement for construction costs, the Recipient shall (i) notify the Division of any demands made by the Recipient against third parties for monetary damages, reimbursement of costs, or other relief, including litigation, related to drinking water contamination, including but not limited to contamination by 1,2,3-trichloropropane (1,2,3-TCP), perfluoroalkyl and polyfluoroalkyl substances (PFAS), or other contaminants (Contamination-Related Demands); and (ii) unless waived by the Division, notify and provide to the Division copies of any agreements with third parties (e.g., settlement agreements, consent agreements, etc.) or court or administrative orders arising out of litigation or disputes related to contamination of the drinking water associated with the Project (Contamination-Related Agreements or Orders).

Upon request, the Recipient shall promptly provide information and copies of documents as requested by the Division.

(c) Unless the Division provides approval to exclude certain funds, the Recipient shall place all funds received as a result of Contamination-Related Demands or Contamination-Related Agreements or Orders (Recovered Funds) into a restricted reserve account, to be used for either Operation and Maintenance costs related to addressing the associated drinking water contamination, or a capital improvement project, other than the Project, that addresses the associated drinking water contamination. Alternatively, upon consent of the Division, the Recovered Funds may be used as match funding for the Project or held in a restricted reserve account to support the financial capacity of the System. The Recipient shall provide documentation satisfactory to the Division showing the total amount of Recovered Funds deposited into a restricted reserve account prior to the start of construction. The Recipient shall provide documentation thereafter of any Recovered Funds that Recipient receives. The Recipient will procure and maintain or cause to be maintained insurance on the System/Project with responsible insurers, or as part of a reasonable system of self-insurance, in such amounts and against such risks (including damage to or destruction of the System/Project) as are usually covered in connection with systems similar to the System/Project. Such insurance may be maintained by a self-insurance plan so long as such plan provides for (i) the establishment by the Recipient of a separate segregated self-insurance fund in an amount determined (initially and on at least an annual basis) by an independent insurance consultant experienced in the field of risk management employing accepted actuarial techniques and (ii) the establishment and maintenance of a claims processing and risk management program.

In the event of any damage to or destruction of the System/Project caused by the perils covered by such insurance, the net proceeds thereof shall be applied to the reconstruction, repair or replacement of the damaged or destroyed portion of the System/Project. The Recipient must begin such reconstruction, repair or replacement as expeditiously as possible, and must pay out of such net proceeds all costs and expenses in connection with such reconstruction, repair or replacement so that the same must be completed and the System/Project must be free and clear of all claims and liens.

Recipient agrees that for any policy of insurance concerning or covering the construction of the Project, it will cause, and will require its contractors and subcontractors to cause, a certificate of insurance to be issued showing the State Water Board, its officers, agents, employees, and servants as additional insured; and must provide the Division with a copy of all such certificates prior to the commencement of construction of the Project.

D.11 CONTINUOUS USE OF PROJECT; NO LEASE, SALE, TRANSFER OF OWNERSHIP, OR DISPOSAL OF PROJECT.

The Recipient agrees that, except as provided in this Agreement, it will not abandon, substantially discontinue use of, lease, sell, transfer ownership of, or dispose of all or a significant part or portion of the Project during the Useful Life of the Project without prior written approval of the Division. Such approval may be conditioned as determined to be appropriate by the Division, including a condition requiring repayment of all disbursed Project Funds or all or any portion of all remaining funds covered by this Agreement together with accrued interest and any penalty assessments that may be due.

If there are any applicable provisions of a mitigation, monitoring and reporting program adopted for the project, the Recipient shall comply with such provisions. The Recipient must coordinate with the Division to determine the appropriate course of action necessary to mitigate potential impacts. In the event of the discovery of human remains during construction of the Project, the Recipient shall cease construction and take other action required by any applicable laws, which may include but are not limited to Health and Safety Code, section 7050.5 and Public Resources Code, section 5097.98.

- vii. Consideration of dissolution, or disincorporation;
- viii. Enforcement actions by or brought on behalf of the State Water Board or Regional Water Board.
- ix. The discovery of a false statement of fact or representation made in this Agreement or in the application to the Division for this funding, or in any certification, report, or request for reimbursement made pursuant to this Agreement, by the Recipient, its employees, agents, or contractors;
- x. Any substantial change in scope of the Project. The Recipient must undertake no substantial change in the scope of the Project until prompt written notice of the proposed change has been provided to the Division and the Division has given written approval for the change;
- xi. Any circumstance, combination of circumstances, or condition, which is expected to or does delay Completion of Construction for a period of ninety (90) days or more;
- xii. Cessation of all major construction work on the Project where such cessation of work is expected to or does extend for a period of thirty (30) days or more;
- xiii. The Recipient must promptly notify the Division and Party Contacts of the discovery of any unexpected endangered or threatened species, as defined in the federal Endangered Species Act. Should a federally protected species be unexpectedly encountered during implementation of the Project, the Recipient agrees to promptly notify the Division. This notification is in addition to the Recipient's obligations under the federal Endangered Species Act;

The Recipient understands that discovery of any evidence of misrepresentation or fraud related to Reimbursement

Requests, invoices, proof of payment of invoices, or other supporting information, including but not limited to double or multiple billing for time, services, or any other eligible cost, may result in an administrative action by the State Water Board and/or referral to the Attorney General's Office or the applicable District Attorney's Office for appropriate action. The Recipient further understands that any suspected occurrences of false claims, misrepresentation, fraud, forgery, theft or any other misuse of Project Funds may result in withholding of reimbursements and/or the termination of this Agreement requiring the immediate repayment of all funds disbursed hereunder. A person who knowingly makes or causes to be made any false statement, material misrepresentation, or false certification in any submittal may be subject to a civil penalty, criminal fine, or imprisonment. (Wat. Code, § 13490 et seq.)

D.14 DISPUTES.

The Recipient must continue with the responsibilities under this Agreement during any dispute. The Recipient may, in writing, appeal a staff decision within 30 days to the Deputy Director of the Division or designee, for a final Division decision. D.15 EXECUTIVE ORDER N-6-22 — RUSSIAN SANCTIONS.

On March 4, 2022, Governor Gavin Newsom issued Executive Order N-6-22 (the EO) regarding Economic Sanctions against Russia and Russian entities and individuals. "Economic Sanctions" refers to sanctions imposed by the U.S. government in response to Russia's actions in Ukraine, as well as any sanctions imposed under state law. The EO directs state agencies to terminate contracts with, and to refrain from entering any new contracts with, individuals or entities that are determined to be a target of Economic Sanctions. Accordingly, should the State Water Board determine Recipient is a target of Economic Sanctions or is conducting prohibited transactions with sanctioned individuals or entities, that shall be grounds for termination of this Agreement. The State Water Board shall provide Recipient advance written notice of such termination, allowing Recipient at least 30 calendar days to provide a written response. Termination shall be at the sole discretion of the State Water Board.

The Recipient represents that the Recipient is not a target of economic sanctions imposed in response to Russia's actions in Ukraine imposed by the United States government or the State of California. Notwithstanding any other provision in this Agreement, failure to comply with the economic sanctions and all applicable reporting requirements may result in termination of this Agreement.

For Recipients with an aggregated agreement value of Five Million Dollars (\$5,000,000) or more with the State of California, reporting requirements include, but are not limited to, information related to steps taken in response to Russia's actions in Ukraine, including but not limited to:
