Project: CLOVIS AVE ITS ADAPTIVE TS SYNCHRONIZATION
Project I.D. PW01005

Subject: Project subcontractor substitution request/advisory

Dear Mr. Anguiano

Please accept this as a formal request to substitute Anderson Striping from the Clovis Ave ITS Adaptive TS Synchronization (PW01005) as they will not sign the PLA agreement document and wish to replace them with T&T Pavement Markings & Sub Contactor. Please see attached supporting documentation of PLA non acceptance.

Thank you,

Victor Perez
Project Manager
