AGREEMENT

SECTION I

Covenants of Responsible Agency

Responsible Agency agrees to abide by the terms and conditions of this Agreement for the receipt of Measure C funds and to comply with the Expenditure Plan, SIP, and adopted Policies and Procedures, as well as any subsequent amendments, updates, or other applicable plans.

1.1 Project Scope, Schedule and Funding Program. The Project scope of work, schedule and funding program, as well as any change thereto may not be implemented or initiated until it has been approved by the Authority in accordance with the SIP. For purposes of this Agreement, the Project scope, schedule and funding program is as defined and described in the SIP and as further described below. Responsible Agency hereby certifies that the Project Construction Phase is fully funded, as demonstrated in the Project Funding Program.

1.1.1 Project Scope. See Attached Exhibit A.

1.1.2 Project Schedule. See Attached Exhibit B.

1.1.3 Project Funding Program. See Attached Exhibit C.

1.2 Eligible Project Costs. Notwithstanding section 1.1, the Authority reserves the right to consider on a case by case basis, eligible costs incurred after July 1, 2007, but before a Responsible Agency has entered into an Agreement with the Authority. Eligible Project costs shall be equal to or less than Measure C funds allocated to the Project as specified in Section 1.1.3 of this Agreement and in the SIP. State Transportation Improvement Program (STIP) or other funding allocations (other than Measure C) identified in the SIP are considered "other" contributions available to the Project. The Responsible Agency must match Measure C funds with other such funds consistent with the funding program referenced in Section 1.1.3 and consistent with the SIP and Expenditure Plan.

NOTE: Expenses incurred after July 1, 2007, but before a Responsible Agency has entered into an Agreement with the Authority for a currently active project, are incurred at the risk of the Responsible Agency.

1.3 Compliance with California PUC Code 142257. Responsible Agency agrees to the following:

1.3.1 Measure C funds will not be used to substitute for property tax funds, which the Responsible Agency had previously used for regional or other transportation purposes. It is hereby acknowledged by Responsible Agency that such substitution of property tax funds is expressly prohibited by California Public Utilities Code Section 142257.

1.3.2 The Responsible Agency has segregated property tax revenues from its other general fund revenues used to support the Project so that verification of non-substitution can be proved through audit or that the non-substitution of funds shall apply to the Responsible Agency's entire general fund.

1.3.3 Responsible Agency shall account for Project funds received pursuant to Public Utilities Code Section 142257. Responsible Agency shall maintain current records in accordance with generally accepted accounting principles, and shall separately record expenditures for each type of eligible purpose. Responsible Agency shall make such records available to the Authority for inspection or audit at any time.

1.4 Compliance with Other Laws. In performance of its obligations relating to administration and completion of the Project, Responsible Agency shall at all times comply with all federal, state and local laws, ordinances and regulations currently in force as well as those that are subsequently enacted, promulgated or amended and thereby become applicable during the term of this Agreement.

1.5 Measure C Funds Defined. For purposes of this Agreement, eligible Project Measure C funds are deemed available as of the effective date of this Agreement. Eligible Project costs shall be equal to or less than the amount of funding available for the Project on a fiscal year basis as specified in the SIP and in Section 1.1.3 of this Agreement. In no case shall the total amount of Measure C funds for the Project in the SIP or referenced in Section 1.1.3 be exceeded without written amendment to this Agreement and to the SIP.

1.6 Invoices. The Responsible Agency shall submit invoices to the Authority no more frequently than monthly for activities conducted over the prior unbilled month. These documents shall include the following specified information:

1.6.1 Monitoring Expenditures and Progress Payments. The Responsible Agency will monitor expenditures and progress payments against the “not to exceed” limits specified in Section 1.1.3 of this Agreement.

1.6.2 Project Progress. If Project costs have not been invoiced for a six-month period, Responsible Agency agrees to submit a written explanation of the absence of the Project’s progress to the Authority, along with a target billing date and a target billing amount.

1.6.3 Direct and Indirect Costs. Responsible Agency may include in the Project invoice, direct and indirect costs of the Project. Indirect costs (as defined by OMB Circular A-87) will be considered an eligible expense.

1.6.4 Copies of Invoices. Responsible Agency shall provide the Authority with one (1) copy of appropriate source documentation to substantiate Project expenses or costs.

1.6.5 Eligible Project Cost Request Deadline. Invoices for eligible Project costs incurred by the Responsible Agency shall be submitted to the Authority on the approved form. The appropriation request will specify the use of the funding and the manner in which local matching funds were applied. The Authority’s Executive Director will review invoices for accuracy and sufficiency in terms of compliance with the foregoing requirements. Unsatisfactory or inadequate invoices will be returned to the Responsible Agency for correction and resubmission. Upon receipt of a proper invoice, eligible Measure C funds shall be provided to the Responsible Agency within 45 days.

1.6.6 Use of Funds. Responsible Agency shall use Measure C funds consistent with the Expenditure Plan, SIP, and Section 1.1.1 of this Agreement.

1.7 Reporting Form. Responsible Agency will indicate in the invoice form, its intent to complete and return the Annual Reporting Form (reference Appendix H in the SIP) to the Authority no later than November 15th of each year. If the Responsible Agency does not return the Annual Reporting Form to the Authority

by that deadline, the Authority will withhold Measure C funds until such time as the form is returned by the Responsible Agency and reviewed for correctness by the Authority.

1.8 Cost Savings and Excess Costs.

1.8.1 Cost Savings. After the Project has been accepted by the Responsible Agency as complete, any positive difference between the total Project cost, as approved by the Authority pursuant to Section 1.1.3 and the total amount invoiced to the Authority shall be considered Project cost savings and shall be reprogrammed to other Tier 1 projects by Fresno COG and the Authority as the SIP is amended or updated.

1.8.2 Excess Costs. In the event the actual total Project costs exceed the estimate approved by the Authority, this amount will be considered an Excess Cost.

1.8.3 Reconciliation of Excess Costs. In the event that costs to complete the Project exceed the total amount of funds programmed, the Responsible Agency will be fiscally responsible for the full amount of Excess Costs associated with the Project, unless otherwise agreed by the parties pursuant to Section 2.3.

1.9 **Project Management/Formation of Project Development Team (PDT).** To ensure that the Project is implemented in a timely manner and consistent with the SIP and Expenditure Plan, a Project Development Team (PDT) shall be formed under the control of the Responsible Agency. The Responsible Agency will form, notice, conduct and administer the PDT for the Project. The PDT formed for the Project shall include a staff member from both the Authority and Fresno COG.

1.10 **Award of Project.** The Responsible Agency shall administer the Project, including but not limited to its advertisement and award of all contracts, in accordance with applicable legal requirements as provided above in Section 1.4 and in full conformity with the standards applied by Responsible Agency in the administration of its own road construction projects.

1.11 **Maintenance of Project Records.** Responsible Agency shall maintain complete and accurate records with respect to costs addressed in Section 1.1.3 of this Agreement. All such records shall be maintained on a generally accepted

accounting basis and be clearly identified and readily accessible. Responsible Agency shall provide free access to the Authority at all times to such books and records. Responsible Agency shall maintain all work data, documents, and proceedings of this Agreement for a period of five (5) years from the date of final audit from the Authority.

1.12 Project Groundbreaking and Ribbon Cutting Ceremonies. Responsible Agency shall acknowledge Measure C funding contribution to the Project at the groundbreaking and ribbon cutting ceremony should the Responsible Agency conduct such a ceremony. Groundbreaking and ribbon cutting ceremonies are encouraged, but not required unless specifically requested by the Authority.

1.13 Project Signage. Responsible agency agrees to the following:

1.13.1 Responsible agency shall provide signage at construction sites or on equipment, as appropriate, for the projects funded partially or wholly by Measure C sales tax revenue, so that Fresno County Taxpayers are informed as to how those funds are being used. Responsible Agency shall include the Measure C logo on all project reports, bulletins, flyers, press releases, webpages or other related media.

1.13.2 Responsible Agency shall erect funding signs as a first order of work of any construction contract. The signage shall be in conformance with specifications approved by and on file with the Authority, and included in Appendix J to the SIP. Responsible Agency shall keep signs cleaned, well maintained, and visible throughout all phases of the construction contract. Signage shall remain in place at least three (3) months after completion of the Project. Installation and removal of signage is an eligible expense.

SECTION II

Covenants of Authority

Authority agrees to provide Measure C funds to the Responsible Agency for eligible Project costs in accordance with the terms and conditions set forth herein, and in compliance with the Expenditure Plan, the SIP, all Measure C Policies and Procedures, as well as any subsequent amendments or updates, and to other applicable plans and programs.

2.1 Eligible Project Cost Payments. The Authority shall make payments to Responsible Agency for actual incurred eligible Project costs as specified in Section 1.1.3 of this Agreement and consistent with the SIP. To receive payments for Project work completed, the Responsible Agency shall comply with the following procedures:

2.1.1 Ineligible Costs. The Authority reserves the right to recover payment from the Responsible Agency if an invoice includes ineligible Project costs.

2.1.2 Payment Amount. The amount of Project payments to the Responsible Agency shall be made pursuant to the SIP and this Agreement.

2.1.3 Suspension of Payment. Payments for eligible Project costs shall be suspended without interest when a dispute arises as to whether or not a cost item(s) is eligible for payment.

2.2.1 Notice of Audit. The Authority must provide at least 30 days' advance notice to the Responsible Agency if an audit is to be conducted.

2.3 Reconciliation of Excess Costs. Excess project costs to complete a Project are not eligible for reimbursement. The amount of Measure C funds identified in Section 1.1.3 of this Agreement and in the SIP are the maximum funds available for reimbursement to the Responsible Agency and will not be exceeded by the Responsible Agency without an approved amendment to this agreement. If needed for that purpose, the Responsible Agency shall make a written request to the Authority for an amendment to this Agreement. Any such amendment shall constitute an effective modification of this Agreement only if signed and approved by duly authorized representatives of both the Authority and the Responsible Agency.

3.2 Discharge. This Agreement shall be subject to discharge as follows:

3.2.1 Termination of Mutual Consent. This Agreement may be terminated at any time by mutual consent of Responsible Agency and Authority. If this Agreement is mutually terminated by the parties, Responsible Agency will no longer receive Measure C funds unless a new agreement between Responsible Agency and Authority is formed.

Project Limits

The project limits for Urban Project H2 are California Ave. from Fruit Avenue to Ventura Avenue, approximately 1.0 mile.

Project Phase *(Choose the Project Phase(s) applicable to this Agreement only)*

- ☒ Phase 1 - Preliminary Engineering *[Includes Preliminary Design/Engineering (PS&E) and Environmental]*
- ☒ Phase 2 - Right-of-Way Acquisition
- ☐ Phase 3 - Construction *(Includes Project Construction & Construction Management)*

Project Phase(s) Scope *(Provide detail to describe the Phase(s) that is the subject of this Agreement as checked above)*

Phase 1 includes preliminary design/engineering (PS&E) and environmental review and approval. ROW acquisition will start after approval of the preliminary environmental study (CEQA).

Complete Project Scope *(Provide detail to describe all phases of the Project - It is important for the Authority to understand the scope of the entire Project; not just the Project phase(s) that is described above).*

The project will improve California Avenue as a 3-lane collector with sidewalks on both sides, street lighting and either buffered or protected bike lanes. Installation of new Traffic Signal at West and Fruit Avenues. Modifications at existing traffic signal facilities at Thorne Avenue. Intersection modifications at Fresno Street, Plumas and Tulare Avenues. Phase 1 includes preliminary design/engineering (PS&E) and environmental document to comply with CEQA requirements, and preparation of contract construction documents including engineer's estimates for construction. Phase 2 involves the appraisal, acquisition processing and purchase of property for street right-of-way purposes involving several parcels.

Project Purpose

The main purpose of the project is to create a more complete street and corridor, providing amenities and options that reduce barriers to walking and bicycling. Installing infrastructure that provides transportation options will reduce vehicle emissions and improve safety for all users.

Transportation Benefit

The project will provide bicycle/pedestrian congestion relief approximately 5,000 students attending Edison High School, Computech Middle School, Lincoln Elementary School, and King Elementary School will benefit daily from using the project as a route to campus. Installation of new traffic signal and intersection modifications at Fresno Street, Plumas, and Fruit Avenues will primarily serve commuters to area schools while also providing improved active transportation facilities for residents desiring to walk or bicycle as their transportation.

Implications of Not Doing the Project

The Fresno County Department of Public Health, California Walks, and UC Berkeley Safe TREC recently partnered with community members and City staff to host a Community Pedestrian and Bicycle Safety Training. The July 2021 virtual walk audit and training was the accumulation of planning meetings for the event. Pedestrian and bicyclist improvements along the limits of the California Complete Streets Project corridor were included in the discussions. A final report should be forthcoming. California Walks, describes themselves as a statewide voice for pedestrian safety and healthy, walkable communities for people of all ages and abilities. The UC Berkeley Safe Transportation Research and Education Center (SafeTREC) is a program of the UC Berkeley School of Public Health. With sponsored funding, the Center's objective is to prevent injuries from traffic collisions through projects encompassing research, training, public service and/or policy. SafeTREC The audit was the culmination of community sessions to discuss transportation issues and concerns in southwest Fresno.

Community Engagement

The project limits are within a moderately populated residential area. Residents, businesses and property owners will be kept informed of the Project's status and schedule through Project newsletters, the City's website and local media.

Construction Staging

Construction phasing may be implemented due to the potential impacts on adjacent residences, businesses, schools, which use these streets to access their property.

Detours

During construction of this Project, traffic will be routed to north/south arterials Thorne and Walnut Avenues, and east/west arterials Fresno, Tulare, and Kern Streets. Access to residences, businesses, and schools adjacent to California Avenue will be provided and maintained throughout construction.

Current Status

The preliminary engineering design work and ROW Acquisition work will begin upon execution of the funding agreement.
