Manufacturing

MANUFACTURING CLUSTER

We are building upon decades of effort to align the resources of our community behind a shared economic strategy. With renewed national interest in manufacturing and career technical education (CTE), we have a wide open window to capitalize on our lessons learned and achieve amazing results.

Vision

The San Joaquin Valley is the location of choice for advanced and agile manufacturing.

Mission

To create an asset-rich environment that supports, expands and attracts manufacturers to increase the economic vitality of the San Joaquin Valley.
