He explained parking exceptions, reduced parking exceptions for Affordable Housing Developments, transit accessibility, Assembly Bill 2097, and other parking reductions. He concluded with location restrictions, setback requirements, and parking lot landscaping and shading requirements. A copy of the City of Fresno Parking Manual was also provided to the Commissioners.

Commissioners had questions regarding enforcement of shading in parking lots, overflow parking flooding into neighborhoods, and parking in downtown Fresno. Clark responded to their concerns, and spoke of Grant funding for 2 new parking garages in downtown Fresno.

VIII-C [ID 25-1227](#) Workshop: West Area Neighborhoods Specific Plan

6:31 p.m.

Lauderdale gave an update on the West Area Neighborhoods Specific Plan, including the benefits of Specific Plans, history of West Fresno, and concerns from residents such as conditions of roadways, and lack of access. She stated that even with positive steps forward, many challenges remained, and the community members requested a better pattern of development for the West Area, with improved infrastructure and more access to needed amenities. This led to the initiation of the Specific Plan back in 2017 and 2018, followed by many community meetings, public outreach, and the core visions and guiding principles proposed for the West Area. Lauderdale concluded with a break down of areas impacted that were identified by the Environmental Impact Report, and was available for questions.

Commissioners thanked Lauderdale for her presentation and were excited about growth in Fresno.

IX. REPORT BY SECRETARY

6:56 p.m.

Clark encouraged the Commissioners to read and familiarize themselves with the West Area Neighborhoods Specific Plan that will be coming before them on October 1, 2025. She also spoke of how Planning is a great tool to create vision and encourage development where the market demands it. She concluded by telling the Commission the next few meetings are full and reminded them of the importance of notifying Staff of their attendance when trying to identify quorum.
