---

Each bidder has agreed to allow the City sixty-four (64) days from date bids are opened to accept or reject their bid proposal. Purchasing requests that you complete the following sections and return this bid evaluation to the Purchasing Unit at the latest by Monday, May 11, 2020 5:00 P.M.

The Engineer's Estimate for this expenditure is \$560,000.00. The contract price is 29% below the Engineer's Estimate. If the overage is greater than 10% or only one bid was received, give explanation:

**BACKGROUND OF PROJECT:**

The South Fresno Pedestrian Signalization Upgrade Project will remove existing pedestrian signal heads and replace them with count-down heads at eighty-eight (88) intersections within the downtown Fresno, and area approximately bounded by SR180, Belmont, SR41, and SR99. The project area encompasses five Council Districts (Districts 1, 3, 4, 5, and 7) and will upgrade two major corridors in south Fresno. A total of six hundred and fifty (650) pedestrian signal countdown heads will be upgraded to provide pedestrians clear notice of when to proceed with crossing the intersections and show the green-time remaining in the pedestrian phase of the traffic signal operation.
