The Engineer's Estimate for this expenditure is \$ 263,000. The contract price is 48.7 % above/below the Engineer's Estimate. If the overage is greater than 10% or only one bid was received, give explanation:

Only one bid was submitted with a considerable mark-up on all of the bid items. The pre-fabricated building manufacturer specified in the plans and specs did not submit cost to the prospective bidders because of their unusual high amount of orders at this time. The lowest bidder used an "or equal" who's cost are considerably more than the model specified.
