PROPOSALS

FOR: N. PEACH AVENUE AND MCKENZIE TRAIL HIGH INTENSITY ACTIVATED
CROSSWALK (HAWK)

Bid File No. 3792
Bid Opening: 10/12/2021

<u>BIDDERS</u>	<u>TOTAL NET BID AMOUNT</u>
1. PTM General Engineering Services, Inc. 5942 Acorn Street Riverside, CA 92504	\$209,009.00
2. Power Design Electric P.O. Box 251 Kingsburg, CA 93631	\$389,178.00

Each bidder has agreed to allow the City sixty-four (64) days from date bids are opened to accept or reject their bid proposal. Purchasing requests that you complete the following sections and return this bid evaluation to the Purchasing Unit at the latest by Monday, November 8, 2021, 5:00 P.M.

The Engineer's Estimate for this expenditure is \$268,000. The contract price is 22% below the Engineer's Estimate. If the overage is greater than 10% or only one bid was received, give explanation:

BACKGROUND OF PROJECT (To be completed by Evaluating Department/Division. Explain need for project/equipment):

The design phase of the project was initiated in FY20 when the City was awarded a state grant from the Active Transportation Plan (ATP). The grant funds were obligated and the project was budgeted in the adopted FY 20 Capital Budget by City Council. The design commenced following Council approval. The preliminary engineering design and project management took approximately two years.

The scope of the project includes the installation of a High Intensity Activated Crosswalk along the McKenzie Trail as it crosses Peach Avenue and a slight modification to the existing roadway signing and striping to better present the presents of pedestrians in the vicinity. These proposed improvements will create a positive impact for all trail users by improving the safety of this trail crossing a major street. Public Woks staff performed all necessary survey and engineering work and prepared the construction documents for the project.
