Postal Code**What district do you live in? ***

☒ District 2**Briefly explain why are you interested in serving on this board or commission?**

I am interested in serving on the board because it is essential to contribute my expertise in a meaningful way. With over 45 years of experience practicing architecture, I bring a deep understanding of the built environment, comprehensive knowledge of building codes, and a strong familiarity with regulatory processes. I am confident that my professional background and commitment to thoughtful design and compliance can support the board's mission and help guide its decisions with integrity and informed perspective.

Educational background, Schools Attended, Degrees and Certifications

I hold both a Bachelor's and a Master's degree in Architecture from Cal Poly San Luis Obispo, 1974-1975. In addition I have earned a terminal degree and am fully certified by the State of California to practice architecture. My academic and professional credentials reflect a lifelong commitment to the field and a strong foundation in both theory and practice of architecture. Since 2000, I have served as a faculty member at Fresno State, where I continue to educate future architects and share my professional insights with the next generation. My academic and professional journey reflects a lifelong dedication to architecture, education, and community service.

Briefly explain your qualifications or areas of demonstrated expertise for this board or commission.

I bring over four decades of architectural experience, with a portfolio that includes award-winning residential, commercial, healthcare, hospitality, and industrial projects. My broad expertise in design, code compliance, and project delivery uniquely positions me to contribute valuable insights to the board's decision-making and strategic direction.

Leadership and Professional Expertise. President, AIA San Joaquin Chapter - Elected by peers to lead the local chapter of the American Institute of Architects, demonstrating trusted leadership and governance within the architectural community. Long-standing Director Serving as a board director since 1999, contributing decades of institutional knowledge, strategic insight and consistency to chapter initiatives.

Do you or an immediate family member have any professional or financial relationship that may present a potential conflict of interest for this board, commission or similar body?

EXPERIENCE CONTINUED

Residential Design

- The Martin House (1987) - French Style Residence and Cabana and Workshop 7,000 sq.ft. on Van Ness Extension, Fresno.
- The Jebian House (1978) - 6,000 sq.ft. bluffside contemporary residence in Fresno featuring Gaudi inspired architecture, Stan Bitters ceramic art, natural redwood finishes, and an exotic site design with ponds, bridge and sculptured rockwork.
- The Roth House - (1998) Contemporary Style Residence 10,000 sq.ft. - Forkner Avenue, Fresno. Designed custom finish hardware and fixtures to complement the architectural character and scale of the house.
- The Whitehead House - (2005) 12,000 sq.ft. Georgian-style residence with a contemporary flair, located in the historic Martha Barry College subdivision in Rome, Georgia. The twelve-bedroom home blends classical symmetry and proportion with modern interior detailing and updated spatial flow.
- Alta Apartments - (2009) in Fresno. Designed six-plex townhouses on a compact site, optimizing spatial efficiency while complying with California accessibility codes and local zoning regulations.
- Fountainway House - (2025) in Tower District, Fresno 1070 sq.ft. Led the architectural design of a high-performance A single-family residence, utilizing SIPs (structural insulated panels) to reduce energy loads, improve indoor comfort, and support sustainable building practices.
- Hunter West Development - (2012) Designed and developed energy-efficient tract homes (1,000-1,200 sq.ft.) in Selma, Fresno, and Kerman, integrating sustainable design principles, code compliance, and optimized site layouts.
- Butler Villas Estates - (2012) A designed modular units (900-1,200 sq.ft.) for the Fresno designed for use as primary residence or ADUs; scalable layout supports flexible placement and duplex conversion based on site and zoning conditions.
- Dr. Huff Residence - (2023) Restored and preserved the historic House on Divisadero St. Fresno, a turn-of-the-century American Foursquare residence, adapting the structure for affordable housing use through a sensitive conversion into a 4-unit multifamily dwellings.
- **Educational & Liturgical Projects**
 - St. Anthony's School - (1994) K- 8 grade Classroom Design & construction management and School office remodel.
 - St. Anthony of Padua Church - (2000) Liturgical furniture and altar design for a Brutalist-style Catholic Church in Fresno, including a tailored granite baptismal font that aligned with the Church's architectural expression.
 - New Covenant Community Church - (2024) Developed preschool classrooms and offices as part of the campus in Fresno; contributed to the master planning and design of outdoor communal spaces, including a focal-point baptismal fountain to enhance the spiritual and architectural unity of the site.
