Briefly explain why are you interested in serving on this board or commission?

I enjoy biking in the city of Fresno, yet I recognize there is an immense need for safe biking infrastructure in order to help clean our air. The needs include filling gaps in our ATP network, a lack of adequate bike parking, and a lack of protected bike facilities along Fresno's major transportation corridors such as Shaw, Blackstone, and more. I believe that young people need to get involved in city government if we want to see the changes that we want in the world around us. That is why, as a student transferring to Fresno State to pursue City and Regional Planning, I want to help advise the city council in meeting the needs of our residents.

Educational background, Schools Attended, Degrees and Certifications

I am in my last semester at Fresno City College and am currently in the process of transferring to Fresno State for the spring 2021 semester.
