For what Board or Commission are you applying?

Fancher Creek Implementation Committee

Briefly explain why you are interested in serving on this Board(s) or Commission(s)

I am interested in serving on the board for the Fancher Creek Implementation Committee. As a resident of the Fancher Creek community my goal would be to look out for my fellow residents. The few ways I would be doing this would be having their best interest at heart which would include safety, green space and jobs for the local area. As a cyclist myself I understand the dangers of not having proper bike lanes and coming from a field surveyor, constantly working near the road gave me a better understanding of safety for myself and others on the road whether pedestrian or drivers. Also, I would like to see more green space, having gone to Campus Pointe at Fresno State I really enjoy their green space and would love for Fancher Creek committee to build upon that idea. Lastly, I would like to see more jobs open here, not only would it be beneficial for the people looking for jobs but when you have the right diversity of restaurants and entertainment it benefits everyone in the community.

Do you or an immediate family member have any professional or financial relationship that may present a potential conflict of interest for this board, commission or similar body?

No

Briefly explain why are you interested in serving on this board or commission?

I am interested in the preservation of the historic Fancher Creek canal, and the subsequent creation of a walking trail area along side of its hallowed banks. Our great southeast Fresno fore fathers, Moses Church & A.W. Easterby foresaw the importance that Fancher Creek would play in the lifeblood of early Fresno, and I believe their vision of the creeks importance has not changed, it is vital and now needed as something that will aid the economic resurgence of our area. If chosen, it would be my honor as a lifelong Sunnyside resident to be selected to participate in this extremely worthwhile, and historic endeavor.

For what Board or Commission are you applying?	Fancher Creek Implementation Committee
Briefly explain why you are interested in serving on this Board(s) or Commission(s)	I was born & raised in Sunnyside. Moved away for a few years after I got married but as soon as i had the opportunity to buy a home with my husband, moving back to Sunnyside was tops on my list. We purchased my old childhood home about 4 years ago, lived there a couple of years, & then in December of 2016 we moved down the street & have settled in here for the long haul. I love my street, my neighbors, my neighborhood, & my community. I love that Sunnyside has a slower pace of life than the north side of town. I enjoy the ethnic diversity of our area & appreciate its proximity to the country, the river, the lakes, & the mountains. I am especially excited to finally see the beginnings of infrastructure & projects that have been promised for years (even decades) starting to come to reality. These are projects & plans that will forever shape our southeast community & be used for generations to come. I've never had the opportunity to be a part of anything like this, so that's why I'd like to be considered for this committee. I don't have any political experience or great knowledge to offer, I simply have a huge love for my Sunnyside community & hope to make a difference that can leave a legacy for future generations. I would be honored to serve in whatever way possible for District 5 & the Sunnyside area. I live on a county island & technically can't vote for my district representatives, but I'm a proud supporter of Mr. Chavez & am very happy that he is also a past & present resident of southeast Fresno. I'd love to partner with him & support his vision for making southeast Fresno even more of a shining gem of our city than it already is. Thank you for considering my application.
