Briefly explain why are you interested in serving on this board or commission?

I am interested in continuing my service on the Fresno County Transportation Authority because I feel that I bring a unique perspective to the table as a person with disabilities. Since I have been on the Board, I have seen improvements in accessibility of documents, marketing & outreach, as well as presentations at the meetings. It has been my pleasure to serve alongside so many other leaders in th community. I would like to note that in September I will be moving into district 2. My current mailing address is in District 3. I also want to note that I am applying to be the Urban Member at Large for the Fresno County Transportation Authority which is not listed as a choice.

Educational background, Schools Attended, Degrees and Certifications

I graduated from Fresno High School in 1998 and then attended Fresno City College. DUE to a major accident, I became blind and had to withdraw from classers to learn how to live independently again. I then had my dauhter, and never got back to school, but instead entered the advocacy and then the employment realm followed. I am a Certified Americans with Disabilities Act Coordinator through Great Plains ADA Center annd th University of Missouri. I also have certifications in Project Management and Leadership.

Briefly explain your qualifications or areas of demonstrated expertise for this board or commission.

I am qualified to serve on the FCTA for many reasons. I have been serving on the Transportation Sub-Committee for the Disability Advisory Commission since August of 2016, I have consulted with FAX and other transportation entities locally to improve service, I serve on the Alliance on Aging and Vision Loss Transportation Committee, and I have been appointed to the Accessible Transportation Resource Center Steering Committee which is a National Committee with people with different levels of expertise. Most importantly, I am a person who uses public transportation to get around.

Do you or an immediate family member have any professional or financial relationship that may present a potential conflict of interest for this board, commission or similar body?

Question applies to multiple boards

I declare under penalty of perjury the above information is true and correct.

Yes No

Question applies to multiple boards

The Political Reform Act of 1974 prohibits public officials from using their official positions to influence governmental decisions in which they have a financial interest. The Board Members in the designed positions must disclose their financial interests as specified in the agency's conflict of interest code.

I agree that I have read the above and agree to file a Statement of Economic Interest Form should I be appointed to a Board, Commission, or similar body according to the adopted resolution.
