Briefly explain why are you interested in serving on this board or commission?

DISTRICT 1/PLANNING COMMISSION: I would utilize my two decades of professional environmental and transportation planning experience to benefit the citizenry of Fresno. I come to this volunteer opportunity with extensive federal and state level training, as well as, a strong base in public participation/community engagement, I feel that I would bring a fresh approach to document review, oversight, and the approval process. Currently, I am not only reading all the specific plans (south of McKinley), but am a volunteer member of the AB617 Community Steering Committee that deals with the air quality and non-attainment issues south of McKinley. With a strong background and understanding of the development process, I feel that I would be a strong asset to this committee. CIVIL SERVICE BOARD I would like to use my education studying for my Master's in Labor Studies (UMASS, Amherst) in my community. I have over 20 years of labor law and civil service experience dealing with local, state and international unions. As well as, experience negotiating labor agreements from worksite agreement, reduction in force, to statewide labor contracts.
