1. PROBLEM STATEMENT

Fresno, like the whole State of California suffered another epidemic of pedestrian fatalities. The City of Fresno recorded 52 fatalities in 2017 with 25 of them being pedestrians. The City of Fresno had 33 fatal collisions last year, 16 or 48% of those crashes involved pedestrians or bicyclist. We are struggling to find a solution or a new way of attacking this problem. The fact remains that more than half of those killed were impaired or suffered from mental illness. After multiple discussions on how to address this problem, it was determined that intense enforcement and rigorous educational efforts will be employed. As shown our fatalities rose 37% just in this last year which we partially attribute to the reduction in our Traffic Enforcement unit of the last several years. A decision has been made to increase our traffic officers by 11 this fiscal year. With this additional personnel we will be able to conduct many more traffic enforcement operations such as DUI check points, saturation Patrols and pedestrian/speed enforcement in attempts to reduce the plague of fatalities we suffered in 2017. Unfortunately, our Collision Reconstruction Unit (CRU) will still be investigating fatal collisions that will require evidence and vigorous prosecution to hold impaired drives criminally liable for driving impaired and seriously injuring someone or even taking a life. The "Total Station" technology we are currently using to reconstruct fatal crash was developed on the mid 1990's. We are hoping that through this grant we will be able to update our documentation equipment to a 3D scanner which would allow us to better compete with the private reconstructionist hired by defense council to lessen or even disprove fault in these senseless criminal acts. Our educational efforts will focus on the impaired and those in the roadway with diminished mental capacity. With that said we are also going to increase our educational programs in our elementary, high schools and civic centers, while maintaining our close relationship with our local media. The Police Department will be assigning an additional officer to the

Mayor's Bicycle/Pedestrian Advisory Committee (BPAC), This officer will represent our agency and aid in educational and engineering solutions to this problem. The 2017 reporting period brought a rise in DUI collisions, which shows the need to continue education efforts through DUI Check Points and targeted Saturation Patrols. The Fresno Police Department remains diligent in its DUI enforcement efforts but we are still showing that approximately 46% of those arrested are not appearing in court. We continue to have a strong working relationship with the Fresno County District Attorney's Office which provides information on those who have outstanding DUI warrants. Our Department will continue to seek out these individuals and bring them to justice through our highly effective "Warrant Service" operations. The Fresno Police Department continues to monitor the worst of the worst DUI offenders by maintaining a close partnership with the Fresno County Probation Department's DUI Unit. "Stake Out" operations will continue so that we can reduce the possibility of habitual offenders getting behind the wheel of a vehicle endangering the lives of citizens. The Departments Traffic Bureau continues to focus enforcement efforts in areas with high collision rates as a result of our top primary collision factors. It is our hope that through this grant we will be able to upgrade our electronic ticket writing hardware so that our data collection and transfers will be live time with the Fresno County Superior Courts. We understand that we cannot arrest or cite our way out of these traffic related problems but with intense enforcement combined with innovative education we can strive for a vision of zero!

| B. Objectives: | Target Number |
| 1. Issue a press release announcing the kick-off of the grant by November 15. The kick-off press releases and media advisories, alerts, and materials must be emailed to the OTS Public Information Officer at pio@ots.ca.gov, and copied to your OTS Coordinator, for approval 14 days prior to the issuance date of the release. | 1 |
| 2. Participate and report data (as required) in the following campaigns, National Walk to School Day, NHTSA Winter & Summer Mobilization, National Bicycle Safety Month, National Click it or Ticket Mobilization, National Teen Driver Safety Week, National Distracted Driving Awareness Month, National Motorcycle Safety Month, National Child Passenger Safety Week, and California's Pedestrian Safety Month. | 5 |
| 3. Develop (by December 31) and/or maintain a "HOT Sheet" program to notify patrol and traffic officers to be on the lookout for identified repeat DUI offenders with a suspended or revoked license as a result of DUI convictions. Updated HOT sheets should be distributed to patrol and traffic officers monthly. | 12 |
| 4. Send law enforcement personnel to the NHTSA Standardized Field Sobriety Testing (SFST) (minimum 16 hours) POST-certified training. | 2 |
| 5. Send law enforcement personnel to the NHTSA Advanced Roadside Impaired Driving Enforcement (ARIDE) 16 hour POST-certified training. | 2 |
| 6. Send law enforcement personnel to the Drug Recognition Expert (DRE) training. | 2 |
| 7. Conduct DUI/DL Checkpoints. A minimum of 1 checkpoint should be conducted during the NHTSA Winter Mobilization and 1 during the Summer Mobilization. To enhance the overall deterrent effect and promote high visibility, it is recommended the grantee issue an advance press release and conduct social media activity for each checkpoint. For combination DUI/DL checkpoints, departments should issue press releases that mention DL's will be checked at the DUI/DL checkpoint. Signs for DUI/DL checkpoints should read "DUI/Driver's License Checkpoint Ahead." OTS does not fund or support independent DL checkpoints. Only on an exception basis and with OTS pre-approval will OTS fund checkpoints that begin prior to 1800 hours. When possible, DUI/DL Checkpoint screeners should be DRE- or ARIDE-trained. | 18 |
| 8. Conduct DUI Saturation Patrol operation(s). | 18 |
| 9. | 3 |
| 10. Conduct Traffic Enforcement operation(s), including but not limited to, primary collision factor violations. | 11 |

| 3. METHOD OF PROCEDURE | |
| A. Phase 1 – Program Preparation (1st Quarter of Grant Year) | |
| <ul style="list-style-type: none"> • The department will develop operational plans to implement the "best practice" strategies outlined in the objectives section. • All training needed to implement the program should be conducted this quarter. • All grant related purchases needed to implement the program should be made this quarter. • In order to develop/maintain the "Hot Sheets," research will be conducted to identify the "worst of the worst" repeat DUI offenders with a suspended or revoked license as a result of DUI convictions. The Hot Sheets may include the driver's name, last known address, DOB, description, current license status, and the | |

number of times suspended or revoked for DUI. Hot Sheets should be updated and distributed to traffic and patrol officers at least monthly.

- Implementation of the STEP grant activities will be accomplished by deploying personnel at high collision locations. Media Requirements
- Issue a press release announcing the kick-off of the grant by November 15, but no earlier than October 1. If unable to meet the November 15 date, communicate reasons to your OTS Coordinator. The kick-off press releases and any related media advisories, alerts, and materials must be emailed for approval to the OTS Public Information Officer at pio@ots.ca.gov, and copied to your OTS Coordinator, 14 days prior to the issuance date of the release.

B. Phase 2 – Program Operations (Throughout Grant Year)

- The department will work to create media opportunities throughout the grant period to call attention to the innovative program strategies and outcomes. Media Requirements
- Send all grant-related activity press releases, media advisories, alerts and general public materials to the OTS Public Information Officer (PIO) at pio@ots.ca.gov, with a copy to your OTS Coordinator. The following requirements are for grant-related activities and are different from those regarding any grant kick-off release or announcement.
 - If an OTS-supplied, template-based press release is used, there is no need for pre-approval, however, the OTS PIO and Coordinator should be copied when at the same time as the release is distributed to the press.
 - If an OTS-supplied template is not used, or is substantially changed, a draft press release shall be sent to the OTS PIO for approval. Optimum lead-time would be 10 days prior to the release distribution date, but should be no less than 5 working days prior to the release distribution date.
 - Press releases reporting the immediate and time-valued results of grant activities such as enforcement operations are exempt from the recommended advance approval process, but still should be copied to the OTS PIO and Coordinator when the release is distributed to the press.
 - Activities such as warrant or probation sweeps and court stings that could be compromised by advanced publicity are exempt from pre-publicity, but are encouraged to offer embargoed media coverage and to report the results.
- Use the following standard language in all press, media, and printed materials: Funding for this program was provided by a grant from the California Office of Traffic Safety, through the National Highway Traffic Safety Administration.
- Email the OTS PIO at pio@ots.ca.gov and copy your OTS Coordinator at least 30 days in advance, a short description of any significant grant-related traffic safety event or program so OTS has sufficient notice to arrange for attendance and/or participation in the event.
- Submit a draft or rough-cut of all printed or recorded material (brochures, posters, scripts, artwork, trailer graphics, etc.) to the OTS PIO at pio@ots.ca.gov and copy your OTS Coordinator for approval 14 days prior to the production or duplication.
- Space permitting, include the OTS logo, on grant-funded print materials; consult your OTS Coordinator for specifics and format-appropriate logos.
- Contact the OTS PIO or your OTS Coordinator, sufficiently far enough in advance of need, for consultation when deviation from any of the above requirements might be contemplated

 - Collect and report quarterly, appropriate data that supports the progress of goals and objectives.
 - Provide a brief list of activity conducted, procurement of grant-funded items, and significant media activities. Include status of grant-funded personnel, status of contracts, challenges, or special accomplishments.
 - Provide a brief summary of quarterly accomplishments and explanations for objectives not completed or plans for upcoming activities.
 - Collect, analyze and report statistical data relating to the grant goals and objectives.

4. METHOD OF EVALUATION

Using the data compiled during the grant, the Grant Director will complete the “Final Evaluation” section in the fourth/final Quarterly Performance Report (QPR). The Final Evaluation should provide a brief summary of the grant’s accomplishments, challenges and significant activities. This narrative should also include whether goals and objectives

were met, exceeded, or an explanation of why objectives were not completed.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective primary tier participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary tier participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default or may pursue suspension or debarment.

4. The prospective primary tier participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary tier participant learns its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms covered transaction, civil judgment, debarment, suspension, ineligible, participant, person, principal, and voluntarily excluded, as used in this clause, are defined in 2 CFR parts 180 and 1200. You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.

6. The prospective primary tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.

The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, the department or agency may terminate the transaction for cause or default.

BUY AMERICA ACT

(applies to subrecipients as well as States)

The State and each subrecipient will comply with the Buy America requirement (23 U.S.C. 313) when purchasing items using Federal funds. Buy America requires a State, or subrecipient, to purchase with Federal funds only steel, iron and manufactured products produced in the United States, unless the Secretary of Transportation determines that such domestically produced items would be inconsistent with the public interest, that such materials are not reasonably available and of a satisfactory quality, or that inclusion of domestic materials will increase the cost of the overall project contract by more than 25 percent. In order to use Federal funds to purchase foreign produced items, the State must submit a waiver request that provides an adequate basis and justification for approval by the Secretary of Transportation.

PROHIBITION ON USING GRANT FUNDS TO CHECK FOR HELMET USAGE

(applies to subrecipients as well as States)

The State and each subrecipient will not use 23 U.S.C. Chapter 4 grant funds for programs to check helmet usage or to create checkpoints that specifically target motorcyclists.

LAW ENFORCEMENT AGENCIES

All subrecipient law enforcement agencies shall comply with California law regarding profiling. Penal Code section 13519.4, subdivision (e), defines “racial profiling” as the “practice of detaining a suspect based on a broad set of criteria which casts suspicion on an entire class of people without any individualized suspicion of the particular person being stopped.” Then, subdivision (f) of that section goes on to provide, “A law enforcement officer shall not engage in racial profiling.”
