Dear committee,

I appreciate the opportunities that the community committees provide for discussion.

I want to agree with the community member who noted that notice for this meeting, though legally within the 72 hour notice, gave very little notice for community members, especially as it was posted at the end of the work week on Friday.

I know many who are part of organizations who would not see notice until Monday.

Or community members who have other commitments during the weekend .

I agree that as public engagement is important, that more time and notice be given for this and future meetings.

I also ask that just as the Disability Advisory Committee continues to allow Zoom access for those with limitations that impedes accessibility to the meetings in person.
