Dear Council Members,

I been a customer of Furniture and Mattresses Superstore for more than twenty years. I have enjoyed purchasing furniture from this place because of the nice customer service they offer and because of the kind of people that also go to this place. They are usually families, hard working and friendly people that I see purchasing furniture. Seen people like this makes me feel comfortable and welcomed to go shop there.

By allowing this dispensary to open next to the Furniture Store, I most likely won't be shopping there anymore. I've seen the way this kind of dispensaries attract people that promote violence, drugs dealing , and crime. I would not feel safe going that neighborhood anymore. In support of Furniture Mattress Superstore, I ask that you please do not approve of this dispensary.

Sincerely,

Manuel S Galindo

To whom it may concern:

In regards to the new business that's being proposed.Np23-03086 Is a threat and danger to customers. Furniture and mattress superstore on kings canyon rd, Fresno.

This business caters to families, elderly , customers feel intimidated and scared to shop freely, due to the kind of people that this business draws.

Already have to deal with all the homeless that so round the liquor store and other businesses within our perimeters .

No need for added danger..drugs ,alcohol etc.

Our concern is the safety of our customers in surrounding business areas.

My name is Juan Cuevas salesperson.

As a sales rep.. I often find myself having to fend off homeless, asking for money .

My hope is that you locate this business somewhere else out of city limits.

Thank you..

Sincerely yours.,

Juan Cuevas
