Dear Fresno City Council,

I am writing to you to strongly support the City Council resolution ID-22-1766. We, Iranian in US, are the voice of the thousands of Iranian prisoner and the hundreds of Iranian killed during within the last 50 days. Similar resolutions took place across the world against the brutal regime in South Africa and we stand on the right side of history against murderous regime of the Ayatollahs who kill Iranians, Americans and others who do not believe in their barbarian system.

Sincerely,

Dear members of the Fresno City Council,

My name is Ardavan Kheradpir. I am an American and a resident of Fresno county. I am writing in strong support of the City Council resolution ID-22-1766. It is absolutely imperative that as Americans we stand strongly against the Islamic regime in Iran. As you are all aware, from its inception, this government has been stifling its citizens of basic human rights and freedoms that we take for granted in our country. It has been a perpetrator of war and committed atrocities in the Middle East and beyond. It has been solely responsible for the killing, torturing and hostage taking of thousands of innocent men, women and recently Children throughout its last 43 years of existence. The list of egregious human rights violations are too long to mention but principally include gender apartheid towards women and the LGBTQ community which has been unprecedented in modern history.

It is time for us all to take a stance in support of the Iranian people who are fighting and dying for basic human rights and gender equality. Their fight for freedom is our fight. Acting in whatever manner most impactful against the Islamic republic and by strongly denouncing this regime is a dignified stance and one which puts us on the right side of history.

Respectfully,

Ardavan Kheradpir DMD, MD
