1	Valley Public Television, Inc.	Valley PBS serves the entire City of Fresno through broadcast, digital content, and community-based programming. Our services reach residents across all 58 Fresno ZIP codes, including 93650, 93701, 93702, 93703, 93704, 93705, 93706, 93710, 93711, 93720, 93721, 93722, 93723, 93725, 93726, 93727, 93728, 93730, and 93737. This citywide approach ensures that people of all ages, income levels, and neighborhoods—urban, suburban, and industrial—have access to high-quality, free arts and cultural content. We prioritize equity and inclusion by focusing outreach and engagement efforts in areas with limited access to arts resources while continuing to serve the broader Fresno community.	5.8	\$ 400,000
2	Community Media Access Collaborative	We serve all parts of Fresno. Our programs, services, and events bring us to all parts of the city. For example, we have partnerships with Fresno Unified School District, Fresno Public Library, and the Fresno Housing Authority which brings us to their sites across the city. We often video record or live stream community events that happen across the city. We also provide services from our 11,000 sqft Community Media Center located in the Cultural Arts District in downtown Fresno where the zip code is 93721. This location provides easy freeway access and is on major routes for public transportation. Fresno zip codes we serve include: 93723, 93706, 93722, 93711, 93650, 93704, 93705, 93728, 93701, 93721, 93725, 93702, 93703, 93726, 93710, 93720, 93730, 93727.	5.775	\$ 399,851
3	Fresno Art Museum	The Fresno Art Museum, located next to Radio Park in Central Fresno, serves all areas of Fresno, as well as the surrounding communities within Fresno County. The museum's central Fresno location and its outreach efforts focus on this region, although we welcome visitors from broader areas. Some of the primary zip codes in Fresno where we provide services and attract visitors include: 93710 (West Fresno) 93720 (Northeast Fresno) 93727 (Southeast Fresno) 93711 (North Fresno) 93704 (Central Fresno) While these are only five of the key zip codes, visitors come from other parts of Fresno and neighboring communities to enjoy our outreach programs, school collaborations, and regional events. For the 2024/25 fiscal year, as required by this second-round Measure P General Operating grant, we have gathered the zip codes from every visitor to FAM. A detailed list and tally is uploaded in the required section of the grant application. The exhibitions are curated or selected to enrich, educate, and inspire our target audience which includes all Fresno residents and students, as well as our visitors nationwide and from around the globe. For every six-month season, we create specific enrichment programming to enhance the static gallery presentations including lectures, panel discussions, film screenings, and special tours. Many of the enrichment programs include PowerPoint talks by local and regional artists on exhibit, local experts in a particular medium or subject matter, and presentations by the organizers of a traveling exhibition. We also draw from Fresno State University departments for lectures by their professors on particular subjects related to the current shows. FAM staff engages consistently with local individual artists, sister lending institutions, organizers of traveling exhibitions, and those involved in collaborative enrichment programs.	5.71666667	\$ 400,000
4	BreakBox Thought Collective	BreakboxThought Collective serves the greater Fresno Area but primarily: District 3, Southwest, Tower District, Downtown, Chinatown, South Fresno, and Central Unified. Communities served from this district have zip codes of 93706, 93721, 93728, 93722.	5.70833333	\$ 274,987
5	Alliance for California Traditional Arts	ACTA serves artists and cultural communities across the entire city of Fresno, with a particular focus on neighborhoods historically underfunded in arts infrastructure and services. Our primary service areas align with Health Places Index (HPI) Quartile 1 and 2 zip codes—communities that experience the most systemic barriers to cultural resources. Key zip codes where we provide direct services, programming, or artist support include: 93701 – Central Fresno, home to many immigrant and refugee communities; 93702 – Southeast Fresno, a diverse area with strong Indigenous, Latino, and Southeast Asian cultural presence 93706 – Southwest Fresno, historically under-resourced with deep African American and Mexican American community roots; 93721 – Downtown Fresno, a hub for community events, public performances, and cultural gatherings; 93727 – Eastern neighborhoods with growing immigrant populations and cultural organizations. While these are our core areas of engagement, ACTA's reach extends citywide through public events, apprenticeships, fiscal sponsorships, and technical assistance, guided by a commitment to cultural equity and community-defined leadership.	5.675	\$ 400,000

6	Youth Orchestras of Fresno	<p>As a dynamic performing arts organization, the Youth Orchestras of Fresno (YOOF) serves the entire city of Fresno and beyond. In the past year alone, we have reached over 4,000 Fresnans through our performances, educational programs, and outreach events. This wide reach is supported by demographic data we collect when patrons request free tickets, which shows participation from nearly every zip code in Fresno. Our student body, while inclusive of youth from across the Central Valley—including communities like Sanger, Visalia, Turlock, and Madera—is still primarily drawn from the city of Fresno itself. The most represented zip codes among our students include: 93611, 93612, 93650 93702, 93703, 93704, 93705, 93706 93710, 93711, 93720, 93722 93726, 93727, 93728, 93730 These zip codes span a wide range of neighborhoods and economic backgrounds, reflecting the diversity of our city and our commitment to accessibility. We work hard to ensure students from underserved areas feel welcome and supported through tuition assistance, instrument loans, and inclusive programming. Our regular concerts and cultural performances this year took place at Fresno State University (93710), the Paul Shaghoian Memorial Concert Hall (93730), and the William Saroyan Theatre (93721). Our administrative offices are located in northwest Fresno (93711). These venues help us reach audiences across Fresno's geographic and demographic spectrum, allowing us to serve the community more equitably. It is our goal to eventually welcome students from every Fresno zip code into our orchestras. Through community partnerships, school outreach, and culturally inclusive programming, we are actively working to remove barriers and ensure all young musicians in Fresno—regardless of where they live—have the opportunity to benefit from high-quality musical education and performance experiences.</p>	5.63333333	\$ 192,285
7	Break The Barriers	<p>Break the Barriers serves youth and individuals of all abilities throughout Fresno, with a concentrated focus on neighborhoods in central, southeast, and northwest Fresno. Our programs are held at our state-of-the-art Ability Center, situated in the heart of Fresno, offering an accessible and inclusive environment that caters to the needs of children, teens, and adults of all abilities. We offer on-site classes, camps, and performances at the Ability Center. Performances are at Warnors Theatre. We extend our reach through partnerships with schools and community organizations. Our school outreach, including our AAOE (Ability, Awareness, Outreach, and Education) performances, is directed at underserved campuses across the city to ensure access for students who might not otherwise have the opportunity to experience the arts. Our primary service zip codes include:</p> <ul style="list-style-type: none"> •93702 and 93726, 93727: Southeast Fresno, serving partners and households in many low-income and historically underserved communities. •93703, 93725, 93705, 93706: Central Fresno, including surrounding schools and families in low-income neighborhoods, and Veterans. •93710 and 93722: North-central and northwest Fresno, where many variously abled participants access year-round programs. •93720, 93722: Expanding access to northeast and west Fresno families seeking inclusive performing arts and adaptive recreation options. This broad reach across multiple zip codes reflects our commitment to serving diverse communities, bridging access gaps, and creating opportunities for connection, growth, and expression through the arts. Whether families attend on-site at the Ability Center or engage through school and community events, our goal is to ensure that every child has a place to belong, grow, and thrive through inclusive programming. 	5.5875	\$ 400,000
8	Fresno Community Chorus, Inc.	<p>Of our total membership of 261 singers, 160 live throughout Fresno’s 93700 zip codes. Our members gather for weekly rehearsals at Hope Lutheran Church (93710). Performances are given at the Shaghoian Performing Arts Center (93730), University Presbyterian Church (93710), the William Saroyan Theater (93721), San Joaquin Memorial High School (93703), Roosevelt High School Auditorium (93721), and wherever we are invited to perform. We seek out venues that complement the works we are performing, the groups we are performing with, and those that will accommodate our diverse audiences.</p>	5.56666667	\$ 88,100
9	Radio Bilingüe	<p>Radio Bilingüe reaches listeners across the entire City of Fresno, with our highest listenership residing south of Shaw. Fresno audiences are concentrated in Southeast Fresno (zip codes 93737, 93725, 93702), Southwest Fresno (93706), and Central Fresno (93701). Based on 2024 audience data from Nielsen Media Research, our industry’s main audience measurer, our estimated reach within Fresno City is approximately 8,600 unique weekly listeners. However, this is presumed an undercount, as Radio Bilingüe listeners are unlikely to be reached by or participate in Nielsen research methods, given the unique challenges they face—migrant status, poverty, housing insecurity, fear of being targeted, language and literacy barriers. Fresno listeners not only engage with Radio Bilingüe on-air and on-line; they enthusiastically attend our cultural events, like our treasured ¡Viva el Mariachi! Festivals for 30 years, youth and adult volunteer media arts trainings, and Radio Bilingüe collaborative concerts like “Cumbia Somos” with Fresno’s Mexican Consulate and Arte Américas, and “Canciones del San Joaquín” with the Alliance for California Traditional Arts. ACTA’s Canciones del San Joaquín—with the powerful collaboration of Radio Bilingüe—brought a full house to Fresno’s Memorial Auditorium on June 8, 2025, and inspired numerous attendees to tell our Radio Bilingüe team: "No dejen de hacer el trabajo que están haciendo"—“Don’t stop doing what you’re doing.” Concert recordings will be produced into several special programs for audiences to enjoy on-air/online featuring Chilena Tradicional, Hip-Hop/Mixtec Rap, Latin Rock, Afro-Latin Jazz, Norteno, Nuevo Canto, and Son Jarocho with local artists including Steve Alcalá/Rumba 32, Luis Arturo Campos/Los Kirrines del Norte, Los Fresnanitos with Cesar Castro, Agustin Lira & Friends, Juan Morales/Mariachi Mestizo, Sofia Plumer/Las Damas del valle, Gerado Ramirez/ Los Hijos de San Juan Mixtepec, Marilyn Rodriguez/Cambio de Rumbo and Miguel Villegas Ventura/Una Isu.</p>	5.55833333	\$ 400,000
10	Fresno Philharmonic Association	<p>The Fresno Philharmonic serves the entire City of Fresno and the surrounding area as demonstrated by the audience zip code data reported in 1C. above. Fresno Philharmonic Masterworks Series concerts are held in the Paul Shaghoian Concert Hall in Northeast Fresno (93730, District 6). Our annual holiday concert and Link Up education concerts are held in the William Saroyan Theatre in Downtown Fresno (93721, District 3). Both concert venues are accessible by public transportation and are ADA compliant.</p>	5.38333333	\$ 400,000

11	Warnors Center for the Performing Arts	Our primary service area includes ZIP code 93721, where the theater is physically located. This central location allows us to reach surrounding neighborhoods such as 93706 in West Fresno—a historically underserved area with deep cultural roots—as well as 93702 in Southeast Fresno, which is home to many immigrant and working-class families. We also regularly engage residents from 93701, 93705, and 93728, all of which are adjacent to the downtown core and include vibrant, diverse communities with strong interest in the arts. While our focus is on these central and nearby neighborhoods, our audience extends throughout the greater Fresno region due to the iconic presence of the Warnors Theatre and its historical significance. We also welcome attendees from surrounding communities such as Clovis and rural parts of Fresno County, particularly for larger community events, cultural celebrations, and festivals. By maintaining affordable pricing, offering culturally relevant programming, and being centrally located near public transportation routes, the Warnors Center removes many of the economic and geographic barriers that often limit access to the arts. This ensures our programs are accessible to all Fresno residents regardless of income level or neighborhood, making Warnors a true citywide cultural resource.	5.38333333	\$ 294,403
12	Arte Américas	The primary location of our programming is our building and plaza located on the corner of Calaveras and Van Ness. Arte’s zip code is 93721. Because of data gathered for EAAC reporting during the 2024-25 grant cycle, we now know that our programming attracts individuals from all zip codes of Fresno. As we enter a season of renovation within our physical facility, we will be planning off-site programs located within zip codes with the lowest current attendance to our programs to make sure that we expand our reach and promote access to the arts and culture opportunities that we provide.	5.375	\$ 400,000
13	Children's Musical Theatreworks of Fresno	Since our performance venue is located in the heart of Downtown Fresno, the majority of our work occurs in the 93721 zip code. However, our patrons and performers reside in zip codes throughout the city, with large numbers living or attending schools in the 93727, 93706, and 93720 zip codes. Patrons and performers also reside in the following zip codes: 93701, 93702, 93703, 93704, 93705, 93710, 93711, 93712, 93722, 93723, 93725, 93726, 93730, 93732, and 93747.	5.275	\$ 75,000
14	African American Historical and Cultural Museum of San Joaquin Valley	AAHCM is located in downtown Fresno (93721) and serves residents throughout the city, with a particular focus on communities in Central, West, and South Fresno areas that have historically experienced disinvestment and limited access to cultural and educational resources. Our primary service zip codes include: 93721 (Downtown Fresno – museum location) 93706 (West Fresno – high concentration of African American residents) 93701, 93702, 93703 (Central and East-Central Fresno – diverse, low-income communities) 93704, 93705 (serving surrounding neighborhoods and schools) We also engage youth and families from across Fresno Unified School District and partner with organizations throughout the San Joaquin Valley, with a focus on expanding access to arts, history, and education for underserved populations.	5.23333333	\$ 77,885
15	Fresno City & County Historical Society	Though our facility is located on Kern Street in downtown Fresno in the 93721-zip code, in a building constructed in 1919 that has served many purposes in its 106-year history and is proudly listed on the National Register of Historic Places, our content, activities, digital offerings, and events literally touch every corner of Fresno. There is a high level of concentration of programming serving the people of Southwest, Southeast, and Central Fresno, as our primary focus includes capturing the stories of those having lived or currently living in zip codes such as 93706, 93702, 93703, 93726, 93705, 93701, 93728 and 93704. We do, however, offer materials and school visits to the other Fresno zip codes, such as 93720, as well. No area is purposefully excluded. By exposing students in non-traditionally underserved zip codes, we are helping foster an understanding of the city as a whole. Please be aware that the zip code of our building does not define our organization or service area: we can say with certainty that our reach extends to literally every zip code in the city and beyond. This can be demonstrated by the information we collect from attendees of our events and consumers of our digital offerings. All six of the Emerging Organizations we are serving as Fiscal Sponsors for the EAAC grant cycle hope to execute their projects within zip codes that are considered traditionally underserved.	5.2	\$ 400,000
