### TIME OF COMPLETION/LIQUIDATED DAMAGES

The Contractor shall diligently prosecute the work to completion for **BASE BID and Additive Alternates** as awarded within **280 consecutive calendar days** of issuance of the Notice to Proceed. Note the durations noted above include required cure time for Portland Cement Concrete Pavement.

### ADDENDA

The City makes a concentrated effort to ensure any addenda issued relating to these Specifications are distributed to all interested parties. It shall be the Bidder's responsibility to inquire as to whether any addenda to the Specifications have been issued. Upon issuance by the City, all Addenda are part of the Bid Proposal. Signing the Bid Proposal on the signature page thereof shall also constitute signature on all Addenda.

### TIME PERIOD TO AWARD/REJECT BIDS

### **MINOR IRREGULARITIES**

The City reserves the right to waive any informality or minor irregularity that does not have a monetary consideration when it is in the best interest of the public and of the City to do so. A discrepancy that offers a Bidder an unfair advantage will cause the bid to be nonresponsive.

### **CITY ENGINEER'S QUANTITY ESTIMATE**

All bids will be compared with the City Engineer's Estimate of the quantities of work to be done.

### **TIEBREAKER**

In the event a tiebreaker is needed to establish the lowest responsive and responsible Bidder, the City shall, unless otherwise agreed upon by all participating parties, utilize a coin toss as a tiebreaker to be administered by a third party chosen by mutual consent of the participants. Such coin toss shall take place within 7 working days from the date of bid opening. If the City determines that a tiebreaker is necessary, each applicable Bidder agrees to participate or to indemnify the City in any litigation resulting from the utilization of the tiebreaker.
