Service Contract Labor Standards/Service Contract Act (SCLS/SCA) Matrix

SCA Eligible Labor Category	SCA Equivalent Code Title	Wage Determination Number
Administrative Assistant	01020 – Administrative Assistant	2015-5189
Research Assistant	30361 – Paralegal / Legal Assistant I	2015-5189

The Service Contract Labor Standards, formerly the Service Contract Act (SCA), apply to this contract and it includes SCLS applicable labor categories. Labor categories and fixed price services marked with a (**) in this pricelist are based on the U.S. Department of Labor Wage Determination Number(s) identified in the SCLS/SCA matrix. The prices awarded are in line with the geographic scope of the contract (i.e., nationwide).

Labor Descriptions

This section provides a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees that will perform services.

Executive Consultant

Acts as principal lead on analytical, consulting, or assessment processes in support of technical, business, management, financial and administrative program objectives. Experienced in leading large, complex project teams in a wide array of professional service areas. Ultimately responsible for all phases of performance including contract management, contract cost control, project management, and coordination of resource needs. Designs approaches and methodologies for delivery of quality project services. Has ultimate accountability for the technical accuracy, timeliness and quality of deliverables. Responsible for monitoring and overseeing work of project management staff, and providing technical and contractual support and direction. Coordinates corporate resources needs. Primary oversight function for contract negotiation, implementation, and renewal. Interfaces with all other positions to assure quality services are delivered in accordance with contract terms. Proficient in providing expert technical assistance, decision support, and leadership in executing complex tasks. Typically a company officer or senior manager; can also include highly skilled and experienced technical experts.

Minimum Education & Experience: BA/BS; 12 years of experience

Project Director

Responsible for managing major program functions on a project. Designs approaches and methodologies. Formulates strategic plans. Responsible for planning all phases of performance, including contract management, contract cost control, project management, coordination of resource needs, and coordination with corporate management. Has direct accountability for the technical accuracy, timeliness and quality of deliverables. Allocates staff and resources to projects. Holds primary responsibility for planning, managing, and overseeing work efforts of project team staff, determining and monitoring project schedules and budgets, and ensuring compliance with all contract and project requirements and quality standards. Responsible for soundness of approach, quality of products and adherence to time

and budget constraints. Conducts interface with clients at senior management level to ensure ongoing communication and satisfaction. Coordinates and directs simultaneous multidisciplinary tasks. Demonstrates skills in the scope of work encompassed by the project, provides technical guidance in performing work to other supervisory and/or management staff, and provides quality review of work products. Possibly a company officer or senior manager; can also include highly skilled and experienced technical experts.

Minimum Education & Experience: BA/BS; 8 years of experience

Project Manager

Responsible for managing assigned functions on a project or contract. Supports designing approaches and methodologies; formulating strategic plans; planning assigned phases of performance, including contract management, contract cost control, project management, coordination of resource needs, and coordination with corporate management. Has accountability for the technical accuracy, timeliness and quality of assigned deliverables. Assists in allocating staff and resources to projects. Supports planning, managing, and overseeing work efforts of project team staff, determining and monitoring project schedules and budgets, and ensuring compliance with all contract and project requirements and quality standards. Executes processes to ensure soundness of our approach, implements quality control plan, and ensures adherence to time and budget constraints. Interfaces with clients at various levels, as needed, to ensure ongoing communication and satisfaction. Coordinates and directs simultaneous multidisciplinary tasks. Demonstrates skills in the scope of work encompassed by the project, provides technical guidance in performing work to other lead and/or supervisory staff, and provides quality review of work products.

Minimum Education & Experience: BA/BS; 7 years of experience

Senior Consultant/ Technical Expert

Responsible for managing key program elements and possibly supervising junior staff members. Designs approaches and methodologies and manages routine to complex projects. Provides interface with client representatives. Manages multiple tasks

simultaneously. Responsible for executing approach, ensuring quality of products and adherence to time and budget constraints. Normally reports to Project Director or Executive Consultant. Position also includes technical expertise in given professional service tasks.

Minimum Education & Experience: BA/BS; 6 years of experience

Consultant

Serves on a project team and contributes to or is responsible for deliverables. Executes approach developed by project team leaders. Assists in developing draft methodology and procedural documents, assessments, summaries, evaluations and results reporting. Conducts research, gathers and analyzes relevant information, produces concise, accurate and timely reports based on analysis. Implements management tools as necessary to achieve objectives.

Minimum Education & Experience : BA/BS; 3 years of experience

Junior Consultant
