Briefly explain why you are interested in serving on this Board(s) or Commission(s):

Born with a rare form of Muscular Dystrophy (Amyoplasia) that rendered my hands and arms immobile, I have created an amazing life full of accomplishments, success through tenacity and dedication (I now run in and complete half marathons), and a passion for offering myself as an example of all that is possible through hard work. I run my own educational program that teaches empathy to our youth (United Learning Foundation), am an inspirational speaker, and also currently work for an arts program teaching developmentally disabled adults (SVS). I am submersed in the challenged culture through my own life experiences and my career choices, and while I understand the difficulties of a challenged life first hand, I also relish the opportunities to be the voice of those that can not speak for themselves. My passion for politics, my understanding of how government works from my years in the political field in San Diego, and my confidence in my abilities to affect policies and procedures is what draws me to this opportunity.

For what Board or Commission are you applying?

Disability Advisory Commission

Briefly explain why you are interested in serving on this Board(s) or Commission(s):

As a hard of hearing individual, who also has deaf family members and works with many deaf coworkers, I wish to be able to represent our communication needs and concerns to the City of Fresno, so that the City may hear directly from those who have first-hand experience with communication issues that severely affect hard of hearing and deaf individuals, such as 911 emergency calls for example. In 2010 and 2011, I worked with a local deaf group called ACT in order to better the quality and consistency of closed captioning on the news stations in the Central Valley. The bridge I formed between the deaf community and the TV station presidents at that time achieved my goal of establishing open lines of communication which benefited all.

Do you or an immediate family member have any professional or financial relationship that may present a potential conflict of interest for this board, commission or similar body?

I work for Deaf and Hard of Hearing Service Center Inc, which is a nonprofit organization focused on serving deaf and hard of hearing individuals.

Housing Authority Board
Housing Commission

Briefly explain why you are interested in serving on this Board(s) or Commission(s):

My husband and I moved our family into the Lowell neighborhood in 1999 in order to partner with Lowell residents in being "good neighbors". Over the years we have personally experienced the benefits of the City investing in our neighborhood. Paved streets, gutters and curbs installed. Homes rehabbed by the Housing Authority improving the look and feel of the neighborhood. Police patrolling our streets often and responding quickly to calls. Community meetings and fairs that engage our neighbors and ourselves are but a few of the things we have benefitted from.

Currently I am involved with two organizations that are seeking to continue to improve our neighborhood and bring stability by encouraging home ownership and improved rental stock for our neighborhood. I have learned a lot through my participation and look forward to continuing to assist with these goals.
