Re: Fresno Fire Station No. 18—Rough Framing

Mr. Lenhof,

Please let this letter serve as Klassen's written request to substitute its listed rough framing subcontractor Valhalla Construction Co. with Meyers Constructors Inc.

We make this request pursuant to Public Contract Code Section 4107 (a) (1) which states: "When the subcontractor listed in the bid, after having a reasonable opportunity to do so, fails or refuses to execute a written contract for the scope of work specified in the subcontractor's bid, when that written contract, based upon the general terms, conditions, plans, and specifications for the project involved or the terms of that subcontractor's written bid is presented to the subcontractor by the prime contractor".

Please note that Klassen Corporation has attempted to negotiate contract terms and conditions with Valhalla Construction. Valhalla demands specific payment terms that deviate from our contract with ownership. Valhalla has been notified that they will not be performing the rough framing. For your reference, the information for Meyers Constructors Inc. is as follows:

Jason David Meyers,
President/Owner.
PO Box 3628
Fresno CA. 93650
Ph: 559473-0014
License 1004811.

Sincerely,

Robert Ben Walker
Project Manager
