SC01-18	Aries Industries		<b>H001A</b>	AssetDMS Lateral is an LACP software that can capture video from any push camera with a video output. This allows for complete thorough inspections that can be accessed easily down the road. Features PACP Coding, MPEG2 Video Capture, PACP import - Pacp Export common reports - Tabular, Graphic and Picture - Viewer exports for a professional final product, available for viewing finalized video surveys complete with all observation entries on any PC.	
SC01-18	Aries Industries		<b>H001B</b>	AssetDMS Lite Inspection with PACP Coding Structure. Utilizing the touch screen Features PACP Coding, MPEG2 Video Capture, PACP import - Pacp Export common reports - Tabular, Graphic and Picture - Viewer exports for a professional final product, available for viewing finalized video surveys complete with all observation entries on any PC. Can be upgraded to ProTouch	
SC01-18	Aries Industries		<b>H001C</b>	AssetDMS Pro Touch Software with PACP coding structure A comprehensive and user friendly "Touch Screen" software application developed from an operator's perspective. Pro Touch simplifies the data entry process, resulting in the rapid assessment of pipeline inspection surveys; This software package is PACP/LACP certified by NASSCO. Standard offerings include: Video Recording options include Mpeg1, Mpeg2, Mpeg4 & H.264; PACP/LACP Import & export with all current version PACP certified softwares; User selectable auto image capture at each observation; Certified Pause; Inclination capable Standard Reports: Tabular reports, PlanView graphic reports, Image capture reports; Viewer exports for a professional final product, available for viewing finalized video surveys complete with all observation entries on any PC	
SC01-18	Aries Industries		<b>H001D</b>	AssetDMS Pro Touch Full Licesne is a combination if the Pro Touch License and the Office Licesne giving the full range of capabilities. (See AssetDMS Pro Touch & AssetDMS Office Pro for more comprehensive description)	

SC01-18	Aries Industries		<b>H001E</b>	Asset DMS Office Pro is a Centralized Asset Management System, running in SQL server, designed for easy and user friendly data import/export of PACP inspections allowing for survey viewing, editing and providing full enhanced reporting capabilities. Manage multiple projects Data collected in the field is transferred to the AssetDMS inspection database for analysis, management, storage, and report generation; Open Architecture database and functionality enabling data transfer from the AssetDMS Inspection licenses into the office as well as into Work Management and GIS programs such as GBA, CityWorks or Hansen; Reports designed for maximum clarity and readability - Conventional Reports, Cross Sections, Plan Views and Image Reports, plus a host of other reports available.	
SC01-18	Aries Industries		<b>H001F</b>	AssetDMS Truck Mounted Computer (minumum specifications) 19" Rack Mounted PC for Data and Video Collection; Rack mount Industrial 3U computer; 120 GB Removable Solid State Hard Drive; Front-Access 2.0 USB Connectors; Power ON/OFF momentary switch; 6 min USB ports on rear; Lockable access door ; Intel Core I3 Processor or better ; 64GB, SATA OS Solid State Hard Drive; 10/100/1000Base-T Ethernet (RJ45 Port); 1 min Serial Port; 4GB min RAM; SATA DVD±RW/CD±RW Drive; MPEG Capture Card, PCI; Operating System: Microsoft® Windows™ 10 Professional; Pre-Installed and supplied with media; OEM License visible on outside of chassis	
SC01-18	Cobra Technologies	Trio Vision	<b>H003</b>	AssetDMS PACP Office: Single user stand-alone installation. Allows fast and simple access to inspection data and video files without using more complex engineering or work management programs. Includes data import and export, reporting functions, data editing, and more. Can be Intergated with Arc Map. CAMS can be imported into any PACP data certified vendor software.	\$ 7,500.00
SC01-18	Cobra Technologies	Trio Vision	<b>H004</b>	AssetDMS Office Network Licnese unlimited client seats. Operates with SQL on network. Allows user to connect to CAMS on their server and work with inspection data. Provides fast and simple access to inspection data and video files without using more complex engineering or work management programs. Includes data import and exports Cross section and Planview , data editing, and more.	\$ 17,500.00

SC01-18	Cobra Technologies	Trio Vision	<b>H005</b>	The Cobra PTZ V9 Camera, has all the features and functionality of Cobra's standard PTZ Camera in a smaller package. Using the latest LED Luxeon Star Illuminators, the camera can inspect pipe up to 48" diameter without adding additional lighting for most pipe types. The V9 Camera provides a 40:1 Optical Zoom. The directional lighting system is cold and will not heat the camera module. The lights operate on the same circuit as the camera so when the camera is powered, the lights automatically illuminate at full brightness eliminating the need for the conventional multi conductor Power Control Unit.	\$ 12,500.00
SC01-18	Cobra Technologies	Trio Vision	<b>H006</b>	C 601 6" Crawler Assembly small enough to inspect relined 6" pipe, powerfull enough for tough jobs. Inspects relined 6"-15" pipe. Includes Crawler, Cobra PTZ camera, Stainless steel swivel connector.	\$ 12,500.00
SC01-18	Cobra Technologies	Trio Vision	<b>H007</b>	C 800/801 8" Mainline Crawler Assy for 8"-36" pipe. Powerful, rugged and dependable with automatic electric clutch wired in parallel with motor Cobra Crawlers can be installed on any multiconductor system with an appropriate adaptor cable. Featuring an economical belt drive system Includes Crawler, belts, Cobra PTZ Camera, Stainless Steel swivel connector. Can be equipped with remote elevator for larger pipe applications up to 72"	\$ 14,350.00
SC01-18	Cobra Technologies	Trio Vision	<b>H007A</b>	Cobra Technologies PTZ V5 Universal 3" Tube Camera for use on 800 crawler and other competetive US made inspection system. Using the latest LED Luxeon Star Illuminators, the camera can inspect pipe up to 48" diameter without adding additional lighting for most pipe types. The V5 Camera provides a 40:1 Optical Zoom. The directional lighting system is cold and will not heat the camera module. The lights operate on the same circuit as the camera so when the camera is powered, the lights automatically illuminate at full brightness. This is a package price including the V5 Camera and controller	\$ 15,488.00
SC01-18	Cobra Technologies	Trio Vision	<b>H008</b>	Storm Crawler for 15"-120" pipe. Powerful skid steer rugged and dependable, Cobra Crawlers can be installed on any multiconductor system with an appropriate adaptor cable. Includes Crawler, tires, Cobra PTZ Camera, Stainless Steel swivel connector, manual gantry. Includes steerable controller Elevator supplied separately.	\$ 52,125.00
SC01-18	Cobra Technologies		<b>H008A</b>	Cobra Technologies Sonar system to be used in conjunction with Cobra Technologies Control Units and or inspection system. The sonar system includes: 360° Sonar Scanner, Raft and Power distributrition that allows use of Cobra Technologies Camera on Raft with Sonar head simultaneously. 1U Rack mount PC and Sonar Capture Software. Requires existing Cobra Technologies Inspection Systems to upgrade to CT-Orange Cable and New Systems to be ordered with upgraded CT-Orange cable.	

SC01-18	Douglas Products	Douglas Products	H013	Vaporooter Jet Set Commander - PCL controlled, touch screen operated, chemical root foaming equipment and materials for use with a hydrojetter sewer truck or trailer jet.	\$37,000.00 ft
SC01-18	Economy Drilling Solutions (EDS)		H014	Lo-K-Tor - Model 800 JHVE Trailer Mounted combination sewer cleaning unit. 800 gal. Debris tank, positive displacement vacuum system @ 26" Hg with reversing feature, 300 gal. Water system with high pressure wand.
