In the event any policy is due to expire during the work to be performed for City, Concessionaire shall provide a new certificate, and applicable endorsements, evidencing renewal of such policy not less than fifteen (15) calendar days prior to the expiration date of the expiring policy.

The Commercial General and Automobile Liability policies of insurance shall be endorsed to name The City of Fresno and each of its officers, officials, employees, agents and volunteers as additional insureds. Concessionaire shall establish additional insured status for the City and for all operations by use of ISO Form CG 20 12 04 13 or CG 20 26 04 13 or by an executed manuscript insurance company endorsement providing additional insured status as broad as that contained in the ISO Forms noted.

The Commercial General and Automobile Liability policies of insurance shall be endorsed so Concessionaire's insurance shall be primary and no contribution shall be required of CITY. The coverage shall contain no special limitations on the scope of protection afforded to The City of Fresno and each of its officers, officials, employees, agents and volunteers.

If Concessionaire maintains higher limits of liability than the minimums shown above, City requires and shall be entitled to coverage for the higher limits of liability maintained by Concessionaire.

Should any of the required policies provide that the defense costs are paid within the Limits of Liability, thereby reducing the available limits by any defense costs, then the requirement for the Limits of Liability of these policies will be twice the above stated limits.

The Workers' Compensation insurance policy shall contain, or be endorsed to contain, a waiver of subrogation as to The City of Fresno and each of its officers, officials, employees, agents and volunteers.

The property insurance policy is to contain, or be endorsed to contain, the following provisions:

2. The coverage shall contain:
 - (i) No coinsurance penalty.
 - (ii) No limitations or exclusions for vacancy of any part of the Premises.

PROVIDING OF DOCUMENTS - Concessionaire shall furnish City with all certificate(s) and applicable endorsements effecting coverage required herein to the address noted below. All certificates and applicable endorsements are to be received and approved by the City's Risk Manager or designee prior to City's execution of the Agreement and before work commences. All non-ISO endorsements amending policy coverage shall

be executed by a licensed and authorized agent or broker. Upon request of City, Concessionaire shall immediately furnish City with a complete copy of any insurance policy required under this Agreement, including all endorsements, with said copy certified by the underwriter to be a true and correct copy of the original policy. Concessionaire shall verify that all subcontractors maintain insurance meeting all the requirements stated herein and Concessionaire shall ensure that City and each of their officers, officials, agents, employees and volunteers are additional insureds. The subcontractors' certificates and endorsements shall be on file with Concessionaire and City prior to the commencement of any work by the subcontractor.

City of Fresno, Airports Department
4995 E. Clinton Way
Fresno, CA 93727-1525

Any failure to maintain the required insurance, or to provide City with the required Certificates of Insurance, shall constitute a material default and breach of this Agreement by Concessionaire.

The limits of insurance obtained by Concessionaire pursuant to any of the provisions of this Section of this Article shall not, in any way whatsoever, be deemed to limit the liability of Concessionaire hereunder.

If Concessionaire fails to obtain, pay for and maintain insurance as required under this Section, then City may, at its option, respond to any and all claims, demands for damages or suits arising out of Concessionaire's uses of Airport premises and/or Concessionaire's operations/activities under authority of this Agreement, without waiving any of City's rights hereunder.

ARTICLE 8 - ASSIGNMENT

Section 8.1 City's Consent

Concessionaire shall not voluntarily or by operation of law, assign or transfer all or any part of Concessionaire's rights under this Agreement, without prior written consent of City, which consent shall not be unreasonably withheld or delayed. Any attempted

Section 8.2 No Release of Concessionaire

No approved assignment or transfer by Concessionaire of its rights under this Agreement shall release Concessionaire or relieve Concessionaire of its obligations to pay the Concession Fees or any other consideration which Concessionaire is obligated to pay pursuant to this Agreement or to perform any of its other obligations hereunder except as agreed by the City in writing. The acceptance by City of any payment from or performance by any other person shall not be deemed to be a waiver by City of any provision of this Agreement, or consent to any assignment.

Section 8.3 Liability of Assignees

Each approved assignee or transferee of Concessionaire's rights under this Agreement shall assume and be deemed to have assumed Concessionaire's obligations hereunder and shall be and remain liable jointly and severally with Concessionaire throughout the life of this Agreement for (a) the payment of the Concession Fee and all other consideration with Concessionaires is obligated to pay hereunder and (b) the full and timely performance of all of the obligations required to be performed by Concessionaire hereunder.

ARTICLE 10 - SUBORDINATE TO RIGHTS OF AND AGREEMENTS WITH UNITED STATES

This Agreement shall be subordinate to the provisions and requirements of the existing or future agreement between City and the United States relative to the development, operation or maintenance of Airport. This Agreement and all the provisions hereof shall be subject to whatever right the United States Government now has, or in the future

may have or acquire, affecting the control, operation or regulation of Airport, or the exclusive or non-exclusive use of Airport, by the United States during the time of war or national emergency.

ARTICLE 11 - FEDERAL AVIATION AGENCY RESTRICTIONS

It is understood and agreed that nothing herein contained shall be construed to grant or authorize the granting of any exclusive right within the meaning of Section 308 (a) of the Federal Aviation Act of 1958. Concessionaire shall use reasonable precautions to prevent unauthorized persons from gaining access through the Assigned Area to restricted flight and aircraft operational areas. Concessionaire shall comply with Part 107 of the Federal Aviation Regulations and successor provisions set out at 49 C.F.R. Ch. XII, Subchapter A, Section 1542.1 et seq., as they exist as of the commencement date of the term hereof or may exist at any time during the life hereof, as they relate to Concessionaire's operations at Airport.

- B. An assignment by Concessionaire for the benefit of creditor, or the appointment of a receiver, guardian, conservator, trustee, assignee or any similar person to take charge of all or any part of Concessionaire's property, when such assignment or appointment is not vacated within thirty (30) days;
- C. Failure to pay any monthly installment of the Concession Fee payments pursuant to this Agreement, when due and payable, when such failure to pay continues for a ten (10) day after written notice thereof;
- D. Failure to remedy any default in the performance of any other obligations required to be performed by Concessionaire pursuant to this Agreement, within a period of thirty (30) days after written notice of such default (or, in the event the default is of such a nature as to reasonably require more than thirty (30) days to cure, if Concessionaire shall fail to commence said cure within said time and thereafter diligently prosecute the same to completion).

Section 12.2 City's Remedies

- A. Termination of Agreement. Upon the occurrence of any event of default, City, at its option and election, and without further demand or notice, shall have the right to declare this Agreement ended and terminated by providing written notice thereof to Concessionaire at any time after the expiration of any notice and cure

periods provided hereunder. No delay in providing such notice of termination shall be deemed a waiver of City's right to terminate this Agreement.

- B. Possession of Concessionaire's Property. In the event of default, all furniture, equipment, carts, machines and other personal property of Concessionaire shall remain at the Assigned Area, and City shall have the right, but not the obligation, to take exclusive possession of same and to use same, without cost to the City, until all defaults are cured or to require Concessionaire to remove same.
- C. Performance of Covenants by City. In the event Concessionaire defaults hereunder City may, but shall not be obligated to, immediately or at any time thereafter, without further notice or demand and without waiver or releasing Concessionaire from any obligation of a concessionaire, make such payment or perform such other act for the account of Concessionaire, to the extent City may deem desirable. In connection therewith, City may pay expenses and employ counsel in instituting, prosecuting or defending any action or proceeding under this Agreement. All sums so paid by City and all expenses incurred in connection therewith shall be deemed additional consideration hereunder and shall be paid by Concessionaire to City upon demand. In the event such additional amounts remain unpaid, City shall have the same rights and remedies as for the nonpayment of any Concession Fee payment or other consideration required to be paid by Concessionaire pursuant to this Agreement.
- D. Cumulative Remedies. The various rights, option, elections, powers, and remedies reserved to City herein shall be cumulative, and, except as otherwise provided by statute, City may pursue any or all such rights and remedies, whether at the same time or otherwise, and no single right shall be deemed to be exclusive of any of the others or of any right or priority allowed by law or in equity. No delay or omission of City to exercise any right or remedy shall be construed as a waiver of any such right or remedy or waiver of any default by Concessionaire. In addition to the foregoing, City may exercise any other remedy now or hereafter available under the laws of the State of California.
- E. Subsequent Obligations. City shall be under no obligation to observe or perform any covenant of this Agreement on its part to be observed or performed for the benefit of Concessionaire which accrues after the date of any default by Concessionaire.

Section 12.3 Default of City

City shall not be deemed to be in default in the performance of any obligation required to be performed by it hereunder unless and until it has failed to perform such obligation within thirty (30) days after written notice by Concessionaire to City specifying wherein City has failed to perform such obligation; provided, however, in the event that the nature of City's obligation is such that more than thirty (30) days are required for its performance, City shall not be deemed to be in default if it shall commence such

performance within such thirty (30) day period and thereafter shall diligently prosecute the same to completion.

Section 12.4 Concessionaire's Remedies

- A. Termination of Agreement. Upon the occurrence of any event of default, Concessionaire, at its option and election, and without further demand or notice, shall have the right to declare this Agreement ended and terminated by providing written notice thereof to City at any time after the expiration of any notice and cure periods provided hereunder. No delay in providing such notice of termination shall be deemed a waiver of Concessionaire's right to terminate this Agreement.
- B. Cumulative Remedies. The various rights, option, elections, powers, and remedies reserved to Concessionaire herein shall be cumulative, and, except as otherwise provided by statute, City may pursue any or all such rights and remedies, whether at the same time or otherwise, and no single right shall be deemed to be exclusive of any of the others or of any right or priority allowed by law or in equity. No delay or omission of Concessionaire to exercise any right or remedy shall be construed as a waiver of any such right or remedy or waiver of any default by Concessionaire. In addition to the foregoing, Concessionaire may exercise any other remedy now or hereafter available under the laws of the State of California.
- C. Subsequent Obligations. Concessionaire shall be under no obligation to observe or perform any covenant of this Agreement on its part to be observed or performed for the benefit of City, which accrues after the date of any default by City.

ARTICLE 13 - REMOVAL OF CONCESSIONAIRE'S PROPERTY AT END OF TERM

Subject to the provisions of Section 3.6, upon the expiration or other termination of this Agreement, Concessionaire shall remove all of its equipment and other personal property from the Assigned Area and shall promptly repair any damages to the Assigned Area caused by such removal. Concessionaire's obligation to perform this covenant shall survive the expiration or other termination of this Agreement.

ARTICLE 14 - TRANSFER OF CITY'S INTEREST

In the event of any transfer of City's interest in Airport, the transferor shall be automatically relieved of any and all obligations and liabilities accruing from and after the date of such transfer.

ARTICLE 15 - MISCELLANEOUS

Section 15.1 FAA Grant Agreement Assurances

Those certain sixteen (16) numbered provisions set forth within Section "B", "Assurances" of Exhibit "B", "Assurances Required by the Federal Aviation

Administration”, attached hereto and made a part hereof, are specific provisions required by the FAA to be appropriately included within all agreements (including, without limitations, leases, licenses, permits, and contracts) between City and any and all persons and/or entities who use or perform work or conduct activities on City-owned airport premises for aeronautical or non-aeronautical purposes. Concessionaire, by its signature (s) hereunto affixed, acknowledges that it has reviewed the aforesaid Exhibit, in its entirety, and fully understands the meaning, purpose, and intent thereof. Concessionaire expressly agrees that, throughout the life hereof, it shall fully and faithfully comply with, abide by and/or adhere to, as applicable and appropriate, each and every one of the numbered provisions contained within Section “B”, “Assurance”, of said Exhibit (as said numbered provisions are reflected therein or as same may be amended, from time to time, during the life hereof, by City, as and when the FAA’s requirements thereon imposed may so dictate), which, pursuant to the guidelines established within paragraphs 2 through 4 of Section “A” of said Exhibit, shall either be applicable to Concessionaire on the start date of the term hereof or which, as a result of changing facts and/or circumstances, shall subsequently become applicable to Concessionaire, hereunder, during the life hereof.

Section 15.2 Required Accessibility Disclosure

A Certified Access Specialist (CASp) can inspect the subject premises and determine whether the subject premises comply with all of the applicable construction-related accessibility standards under state law. Although state law does not require a CASp inspection of the subject premises, the commercial property owner or lessor may not prohibit the lessee or tenant from obtaining a CASp inspection of the subject premises for the occupancy or potential occupancy of the lessee or tenant, if requested by the lessee or tenant. The parties shall mutually agree on the arrangements for the time and manner of the CASp inspection, the payment of the fee for the CASp inspection, and the cost of making any repairs necessary to correct violations of construction-related accessibility standards within the premises.

Section 15.3 Incorporation of Prior Agreement, Amendments

This Agreement contains the entire agreement between the parties hereto with respect to the subject matter hereof, and no prior agreement or understanding shall be effective for any purpose. No provision of this Agreement may be amended or added to, except by an agreement in writing signed by the parties hereto or their respective successors in interest.

Section 15.4 No Representations by City

Concessionaire acknowledges that neither City nor any employee of City has made any representations or promises with respect to the Concession and Assigned Area or the other areas of Airport, except as herein expressly set forth. Concessionaire acknowledges that it has not executed this Agreement in reliance upon any

representations or promises of City or any employee of City with respect thereto, and that Concessionaire has made its own independent examination thereof.

Section 15.5 Examination of Agreement

Submission of this Agreement for examination or signature by Concessionaire does not constitute a reservation of or option for a concession agreement, and this Agreement is not effective as an agreement or otherwise until execution and delivery by both City and Concessionaire.

Section 15.6 Relationship Between Parties

Nothing contained in this Agreement shall be construed to create the relationship of principal and agent, partnership, joint venture or any other relationship between the parties hereto, other than the relationship of City and independent contractor.

Section 15.7 Waivers

The waiver by either party of any provision of this Agreement shall not be deemed to be a waiver of any other provision hereof or of any subsequent breach of any other provision hereof or of any subsequent breach of the same of any other provision. City's consent to any act by Concessionaire requiring City's consent shall not be deemed to render unnecessary the obtaining of City's consent to any subsequent act by Concessionaire, whether or not similar to the act so consented. The subsequent acceptance by City of any Concession Fee payment or other consideration required to be paid by Concessionaire under this Agreement shall not be deemed to be a waiver of any preceding breach by Concessionaire of any provision of this Agreement, other than the failure of Concessionaire to pay the particular fee so accepted, regardless of City's knowledge of such preceding breach at the time of acceptance of such payment.

Section 15.8 Successors and Assigns

The provisions contained in this Agreement shall bind and inure to the benefit of City and Concessionaire and, except as otherwise provided in this Agreement, their respective successors and assigns.

Section 15.9 Rules and Regulations

During any holding-over-month-to-month tenancy period, Concessionaire shall pay to City all fees required by this Agreement at the rates in effect as of the date immediately preceding the date on which such month-to-month tenancy commences. Unless herein elsewhere provided, any holding over by Concessionaire shall be subject to all the terms and conditions of this Agreement.

Section 15.16 Redelivery

Upon the expiration of the term of this Agreement, or upon earlier termination as provided in this Agreement, Concessionaire shall have no further interest in the Assigned Area or the rights granted herein, and Concessionaire shall deliver up the Assigned Area to City in as good order and condition as when received, except for reasonable wear and tear.

Section 15.17 Disadvantaged Business Enterprise Plan (DBE)

City's DBE Plan: City has developed and maintains a "Disadvantaged Business Enterprise Concession Plan" for Airport in accordance with U.S. Department of Transportation regulations 49 CFR Part 23, Subpart F, and Part 26, which plan establishes policies and procedures designed to promote City's interest in establishing Airport concession opportunities for Disadvantaged Business Enterprises and sets lawful, realistic, and reasonable goals therefore.

Non-Discrimination by Concessionaire

- (1) This Agreement is subject to the requirements of the U.S. Department of Transportation's regulations 49 CFR Part 23, Subpart F, and Part 26. Concessionaire agrees that it will not discriminate against any business owner because of the owner's race, color, national origin, or gender in connection with the award or performance of any agreement covered by 49 CFR Part 23, Subpart F, and Part 26.
- (2) Concessionaire agrees to include the above statements in any agreement between Concessionaire and its subcontractors which is in

any way related to, subsequent to, or derived from this Agreement; and to cause the other parties to such agreement to similarly include the statements in further agreements.

Definitions: The definitions set forth in 49 United States Code Section 2204(d) and in 49 Code of Federal Regulations, Subtitle A, Part 23 and Part 26, as such Code and Regulations existed on the commencement date hereof or as they may be amended from time to time during the life hereof, are incorporated herein by reference.

Section 15.18 Signs and Displays

Concessionaire may place such signs and displays within the Assigned Area as are deemed appropriate to the business, providing that all such signs and displays shall be in good taste and be compatible with the decor of the Terminal Building, and further provided that all such sign or display installations shall be approved in advance by Director. In the event of any complaint about any sign or display, Director shall have the authority to decide whether such sign or display is acceptable, and to require that such sign or display be removed, and Concessionaire agrees that Director's decision shall be binding, subject to any available appeal pursuant to the provisions of Chapter 1, Article 4, of the Fresno Municipal Code, or any other available recourse. Concessionaire agrees to abide by Director's decision pending any such appeal.

Section 15.19 Interpretation of Provisions

Nothing herein contained shall be construed or interpreted, in any manner whatsoever, as limiting, relinquishing or waiving any of the rights of ownership enjoyed by City in and to Airport property, or in any manner waiving or limiting City's control over the operation, maintenance, etc., of Airport property or in derogation of such governmental rights as City possesses, except as is specifically set forth herein.

Section 15.20 Invalid Provisions

In the event any term, covenant, condition or provision of this Agreement, or the application thereof to any person, entity, or circumstance, shall to any extent be held by a court of competent jurisdiction to be invalid, void or unenforceable, the remainder of the terms, covenants, conditions or provisions of this Agreement, or the application thereof to any person, entity, or circumstance, shall remain in full force and effect and shall in no way be affected, impaired or invalidated, provided that such invalidity, voiding or unenforceability of such covenant, condition or provision does not materially prejudice either party in its respective rights and obligations contained in the then remaining valid covenants, conditions or provisions of this Agreement.

Section 15.21 Precedence of Documents

In the event of any conflict between the body of this Agreement and any Exhibit or Attachment hereto, the terms and conditions of the body of this Agreement shall control

and take precedence over the terms and conditions expressed within the Exhibit or Attachment. Section 15.22 Provision of Keys to City

Concessionaire shall ensure that City is in possession of a functional key for each cart management unit installed at Airport at all times. Such key shall be used by the City and in the City's discretion to unlock a malfunctioning unit and manually release a cart in the event it does not release a cart automatically after payment of the rental fee, and Concessionaire's on-Airport employee is not available to immediately respond.

FOOTNOTES TO ASSURANCE (C)(1)

¹ These laws do not apply to airport planning sponsors.

² These laws do not apply to private sponsors.

³ 2 CFR Part 200 contains requirements for State and Local Governments receiving Federal assistance. Any requirement levied upon State and Local Governments by this regulation shall

apply where applicable to private sponsors receiving Federal assistance under Title 49, United States Code.

- ⁴ Cost principles established in 2 CFR part 200 subpart E must be used as guidelines for determining the eligibility of specific types of expenses.
- ⁵ Audit requirements established in 2 CFR part 200 subpart F are the guidelines for audits.

SPECIFIC ASSURANCES

Specific assurances required to be included in grant agreements by any of the above laws, regulations or circulars are incorporated by reference in this Grant Agreement.

2. Responsibility and Authority of the Sponsor.

a. Public Agency Sponsor:

It has legal authority to apply for this Grant, and to finance and carry out the proposed project; that a resolution, motion or similar action has been duly adopted or passed as an official act of the applicant's governing body authorizing the filing of the application, including all understandings and assurances contained therein, and directing and authorizing the person identified as the official representative of the applicant to act in connection with the application and to provide such additional information as may be required.

b. Private Sponsor:

It has legal authority to apply for this Grant and to finance and carry out the proposed project and comply with all terms, conditions, and assurances of this Grant Agreement. It shall designate an official representative and shall in writing direct and authorize that person to file this application, including all understandings and assurances contained therein; to act in connection with this application; and to provide such additional information as may be required.

3. Sponsor Fund Availability.

It has sufficient funds available for that portion of the project costs which are not to be paid by the United States. It has sufficient funds available to assure operation and maintenance of items funded under this Grant Agreement which it will own or control.

4. Good Title.

- a. It, a public agency or the Federal government, holds good title, satisfactory to the Secretary, to the landing area of the airport or site thereof, or will give assurance satisfactory to the Secretary that good title will be acquired.
- b. For noise compatibility program projects to be carried out on the property of the sponsor, it holds good title satisfactory to the Secretary to that portion of the property upon which Federal funds will be expended or will give assurance to the Secretary that good title will be obtained.

5. Preserving Rights and Powers.

- a. It will not take or permit any action which would operate to deprive it of any of the rights and powers necessary to perform any or all of the terms, conditions, and assurances in this Grant Agreement without the written approval of the Secretary, and will act promptly to acquire, extinguish or modify any outstanding rights or claims of right of others which would interfere

with such performance by the sponsor. This shall be done in a manner acceptable to the Secretary.

- b. Subject to the FAA Act of 2018, Public Law 115-254, Section 163, it will not sell, lease, encumber, or otherwise transfer or dispose of any part of its title or other interests in the property shown on Exhibit A to this application or, for a noise compatibility program project, that portion of the property upon which Federal funds have been expended, for the duration of the terms, conditions, and assurances in this Grant Agreement without approval by the Secretary. If the transferee is found by the Secretary to be eligible under Title 49, United States Code, to assume the obligations of this Grant Agreement and to have the power, authority, and financial resources to carry out all such obligations, the sponsor shall insert in the contract or document transferring or disposing of the sponsor's interest, and make binding upon the transferee all of the terms, conditions, and assurances contained in this Grant Agreement.
- c. For all noise compatibility program projects which are to be carried out by another unit of local government or are on property owned by a unit of local government other than the sponsor, it will enter into an agreement with that government. Except as otherwise specified by the Secretary, that agreement shall obligate that government to the same terms, conditions, and assurances that would be applicable to it if it applied directly to the FAA for a grant to undertake the noise compatibility program project. That agreement and changes thereto must be satisfactory to the Secretary. It will take steps to enforce this agreement against the local government if there is substantial non-compliance with the terms of the agreement.
- d. For noise compatibility program projects to be carried out on privately owned property, it will enter into an agreement with the owner of that property which includes provisions specified by the Secretary. It will take steps to enforce this agreement against the property owner whenever there is substantial non-compliance with the terms of the agreement.
- e. If the sponsor is a private sponsor, it will take steps satisfactory to the Secretary to ensure that the airport will continue to function as a public-use airport in accordance with these assurances for the duration of these assurances.
- f. If an arrangement is made for management and operation of the airport by any agency or person other than the sponsor or an employee of the sponsor, the sponsor will reserve sufficient rights and authority to ensure that the airport will be operated and maintained in accordance with Title 49, United States Code, the regulations and the terms, conditions and assurances in this Grant Agreement and shall ensure that such arrangement also requires compliance therewith.
- g. Sponsors of commercial service airports will not permit or enter into any arrangement that results in permission for the owner or tenant of a property used as a residence, or zoned for residential use, to taxi an aircraft between that property and any location on airport. Sponsors of general aviation airports entering into any arrangement that results in permission for the owner of residential real property adjacent to or near the airport must comply with the requirements of Sec. 136 of Public Law 112-95 and the sponsor assurances.

6. Consistency with Local Plans.

The project is reasonably consistent with plans (existing at the time of submission of this application) of public agencies that are authorized by the State in which the project is located to plan for the development of the area surrounding the airport.

7. Consideration of Local Interest.

It has given fair consideration to the interest of communities in or near where the project may be located.

8. Consultation with Users.

In making a decision to undertake any airport development project under Title 49, United States Code, it has undertaken reasonable consultations with affected parties using the airport at which project is proposed.

9. Public Hearings.

In projects involving the location of an airport, an airport runway, or a major runway extension, it has afforded the opportunity for public hearings for the purpose of considering the economic, social, and environmental effects of the airport or runway location and its consistency with goals and objectives of such planning as has been carried out by the community and it shall, when requested by the Secretary, submit a copy of the transcript of such hearings to the Secretary. Further, for such projects, it has on its management board either voting representation from the communities where the project is located or has advised the communities that they have the right to petition the Secretary concerning a proposed project.

10. Metropolitan Planning Organization.

In projects involving the location of an airport, an airport runway, or a major runway extension at a medium or large hub airport, the sponsor has made available to and has provided upon request to the metropolitan planning organization in the area in which the airport is located, if any, a copy of the proposed amendment to the airport layout plan to depict the project and a copy of any airport master plan in which the project is described or depicted.

11. Pavement Preventive Maintenance-Management.

With respect to a project approved after January 1, 1995, for the replacement or reconstruction of pavement at the airport, it assures or certifies that it has implemented an effective airport pavement maintenance-management program and it assures that it will use such program for the useful life of any pavement constructed, reconstructed or repaired with Federal financial assistance at the airport. It will provide such reports on pavement condition and pavement management programs as the Secretary determines may be useful.

12. Terminal Development Prerequisites.

For projects which include terminal development at a public use airport, as defined in Title 49, it has, on the date of submittal of the project grant application, all the safety equipment required for certification of such airport under 49 U.S.C. § 44706, and all the security equipment required by rule or regulation, and has provided for access to the passenger enplaning and deplaning area of such airport to passengers enplaning and deplaning from aircraft other than air carrier aircraft.

13. Accounting System, Audit, and Record Keeping Requirements.

- a. It shall keep all project accounts and records which fully disclose the amount and disposition by the recipient of the proceeds of this Grant, the total cost of the project in connection with which this Grant is given or used, and the amount or nature of that portion of the cost of the project supplied by other sources, and such other financial records pertinent to the project. The

accounts and records shall be kept in accordance with an accounting system that will facilitate an effective audit in accordance with the Single Audit Act of 1984.

- b. It shall make available to the Secretary and the Comptroller General of the United States, or any of their duly authorized representatives, for the purpose of audit and examination, any books, documents, papers, and records of the recipient that are pertinent to this Grant. The Secretary may require that an appropriate audit be conducted by a recipient. In any case in which an independent audit is made of the accounts of a sponsor relating to the disposition of the proceeds of a grant or relating to the project in connection with which this Grant was given or used, it shall file a certified copy of such audit with the Comptroller General of the United States not later than six (6) months following the close of the fiscal year for which the audit was made.

14. Minimum Wage Rates.

It shall include, in all contracts in excess of \$2,000 for work on any projects funded under this Grant Agreement which involve labor, provisions establishing minimum rates of wages, to be predetermined by the Secretary of Labor under 40 U.S.C. §§ 3141-3144, 3146, and 3147, Public Building, Property, and Works), which contractors shall pay to skilled and unskilled labor, and such minimum rates shall be stated in the invitation for bids and shall be included in proposals or bids for the work.

15. Veteran's Preference.

It shall include in all contracts for work on any project funded under this Grant Agreement which involve labor, such provisions as are necessary to insure that, in the employment of labor (except in executive, administrative, and supervisory positions), preference shall be given to Vietnam era veterans, Persian Gulf veterans, Afghanistan-Iraq war veterans, disabled veterans, and small business concerns owned and controlled by disabled veterans as defined in 49 U.S.C. § 47112. However, this preference shall apply only where the individuals are available and qualified to perform the work to which the employment relates.

16. Conformity to Plans and Specifications.

It will execute the project subject to plans, specifications, and schedules approved by the Secretary. Such plans, specifications, and schedules shall be submitted to the Secretary prior to commencement of site preparation, construction, or other performance under this Grant Agreement, and, upon approval of the Secretary, shall be incorporated into this Grant Agreement. Any modification to the approved plans, specifications, and schedules shall also be subject to approval of the Secretary, and incorporated into this Grant Agreement.

17. Construction Inspection and Approval.

It will provide and maintain competent technical supervision at the construction site throughout the project to assure that the work conforms to the plans, specifications, and schedules approved by the Secretary for the project. It shall subject the construction work on any project contained in an approved project application to inspection and approval by the Secretary and such work shall be in accordance with regulations and procedures prescribed by the Secretary. Such regulations and procedures shall require such cost and progress reporting by the sponsor or sponsors of such project as the Secretary shall deem necessary.

18. Planning Projects.

In carrying out planning projects:

- a. It will execute the project in accordance with the approved program narrative contained in the project application or with the modifications similarly approved.
- b. It will furnish the Secretary with such periodic reports as required pertaining to the planning project and planning work activities.
- c. It will include in all published material prepared in connection with the planning project a notice that the material was prepared under a grant provided by the United States.
- d. It will make such material available for examination by the public, and agrees that no material prepared with funds under this project shall be subject to copyright in the United States or any other country.
- e. It will give the Secretary unrestricted authority to publish, disclose, distribute, and otherwise use any of the material prepared in connection with this grant.
- f. It will grant the Secretary the right to disapprove the sponsor's employment of specific consultants and their subcontractors to do all or any part of this project as well as the right to disapprove the proposed scope and cost of professional services.
- g. It will grant the Secretary the right to disapprove the use of the sponsor's employees to do all or any part of the project.
- h. It understands and agrees that the Secretary's approval of this project grant or the Secretary's approval of any planning material developed as part of this grant does not constitute or imply any assurance or commitment on the part of the Secretary to approve any pending or future application for a Federal airport grant.

19. Operation and Maintenance.

- a. The airport and all facilities which are necessary to serve the aeronautical users of the airport, other than facilities owned or controlled by the United States, shall be operated at all times in a safe and serviceable condition and in accordance with the minimum standards as may be required or prescribed by applicable Federal, state, and local agencies for maintenance and operation. It will not cause or permit any activity or action thereon which would interfere with its use for airport purposes. It will suitably operate and maintain the airport and all facilities thereon or connected therewith, with due regard to climatic and flood conditions. Any proposal to temporarily close the airport for non-aeronautical purposes must first be approved by the Secretary. In furtherance of this assurance, the sponsor will have in effect arrangements for:
 1. Operating the airport's aeronautical facilities whenever required;
 2. Promptly marking and lighting hazards resulting from airport conditions, including temporary conditions; and
 3. Promptly notifying pilots of any condition affecting aeronautical use of the airport. Nothing contained herein shall be construed to require that the airport be operated for aeronautical use during temporary periods when snow, flood, or other climatic conditions interfere with such operation and maintenance. Further, nothing herein shall be construed as requiring the maintenance, repair, restoration, or replacement of any structure or

facility which is substantially damaged or destroyed due to an act of God or other condition or circumstance beyond the control of the sponsor.

- b. It will suitably operate and maintain noise compatibility program items that it owns or controls upon which Federal funds have been expended.

20. Hazard Removal and Mitigation.

It will take appropriate action to assure that such terminal airspace as is required to protect instrument and visual operations to the airport (including established minimum flight altitudes) will be adequately cleared and protected by removing, lowering, relocating, marking, or lighting or otherwise mitigating existing airport hazards and by preventing the establishment or creation of future airport hazards.

21. Compatible Land Use.

It will take appropriate action, to the extent reasonable, including the adoption of zoning laws, to restrict the use of land adjacent to or in the immediate vicinity of the airport to activities and purposes compatible with normal airport operations, including landing and takeoff of aircraft. In addition, if the project is for noise compatibility program implementation, it will not cause or permit any change in land use, within its jurisdiction, that will reduce its compatibility, with respect to the airport, of the noise compatibility program measures upon which Federal funds have been expended.

22. Economic Nondiscrimination.

- a. It will make the airport available as an airport for public use on reasonable terms and without unjust discrimination to all types, kinds and classes of aeronautical activities, including commercial aeronautical activities offering services to the public at the airport.
- b. In any agreement, contract, lease, or other arrangement under which a right or privilege at the airport is granted to any person, firm, or corporation to conduct or to engage in any aeronautical activity for furnishing services to the public at the airport, the sponsor will insert and enforce provisions requiring the contractor to:
 1. Furnish said services on a reasonable, and not unjustly discriminatory, basis to all users thereof, and
 2. Charge reasonable, and not unjustly discriminatory, prices for each unit or service, provided that the contractor may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar types of price reductions to volume purchasers.
- c. Each fixed-based operator at the airport shall be subject to the same rates, fees, rentals, and other charges as are uniformly applicable to all other fixed-based operators making the same or similar uses of such airport and utilizing the same or similar facilities.
- d. Each air carrier using such airport shall have the right to service itself or to use any fixed-based operator that is authorized or permitted by the airport to serve any air carrier at such airport.
- e. Each air carrier using such airport (whether as a tenant, non-tenant, or subtenant of another air carrier tenant) shall be subject to such nondiscriminatory and substantially comparable rules, regulations, conditions, rates, fees, rentals, and other charges with respect to facilities directly and substantially related to providing air transportation as are applicable to all such air carriers which make similar use of such airport and utilize similar facilities, subject to reasonable

classifications such as tenants or non-tenants and signatory carriers and non-signatory carriers. Classification or status as tenant or signatory shall not be unreasonably withheld by any airport provided an air carrier assumes obligations substantially similar to those already imposed on air carriers in such classification or status.

- f. It will not exercise or grant any right or privilege which operates to prevent any person, firm, or corporation operating aircraft on the airport from performing any services on its own aircraft with its own employees (including, but not limited to maintenance, repair, and fueling) that it may choose to perform.
- g. In the event the sponsor itself exercises any of the rights and privileges referred to in this assurance, the services involved will be provided on the same conditions as would apply to the furnishing of such services by commercial aeronautical service providers authorized by the sponsor under these provisions.
- h. The sponsor may establish such reasonable, and not unjustly discriminatory, conditions to be met by all users of the airport as may be necessary for the safe and efficient operation of the airport.
- i. The sponsor may prohibit or limit any given type, kind or class of aeronautical use of the airport if such action is necessary for the safe operation of the airport or necessary to serve the civil aviation needs of the public.

23. Exclusive Rights.

It will permit no exclusive right for the use of the airport by any person providing, or intending to provide, aeronautical services to the public. For purposes of this paragraph, the providing of the services at an airport by a single fixed-based operator shall not be construed as an exclusive right if both of the following apply:

- a. It would be unreasonably costly, burdensome, or impractical for more than one fixed-based operator to provide such services, and
- b. If allowing more than one fixed-based operator to provide such services would require the reduction of space leased pursuant to an existing agreement between such single fixed-based operator and such airport. It further agrees that it will not, either directly or indirectly, grant or permit any person, firm, or corporation, the exclusive right at the airport to conduct any aeronautical activities, including, but not limited to charter flights, pilot training, aircraft rental and sightseeing, aerial photography, crop dusting, aerial advertising and surveying, air carrier operations, aircraft sales and services, sale of aviation petroleum products whether or not conducted in conjunction with other aeronautical activity, repair and maintenance of aircraft, sale of aircraft parts, and any other activities which because of their direct relationship to the operation of aircraft can be regarded as an aeronautical activity, and that it will terminate any exclusive right to conduct an aeronautical activity now existing at such an airport before the grant of any assistance under Title 49, United States Code.

24. Fee and Rental Structure.

It will maintain a fee and rental structure for the facilities and services at the airport which will make the airport as self-sustaining as possible under the circumstances existing at the particular airport, taking into account such factors as the volume of traffic and economy of collection. No part of the Federal share of an airport development, airport planning or noise compatibility project for

which a Grant is made under Title 49, United States Code, the Airport and Airway Improvement Act of 1982, the Federal Airport Act or the Airport and Airway Development Act of 1970 shall be included in the rate basis in establishing fees, rates, and charges for users of that airport.

25. Airport Revenues.

- a. All revenues generated by the airport and any local taxes on aviation fuel established after December 30, 1987, will be expended by it for the capital or operating costs of the airport; the local airport system; or other local facilities which are owned or operated by the owner or operator of the airport and which are directly and substantially related to the actual air transportation of passengers or property; or for noise mitigation purposes on or off the airport. The following exceptions apply to this paragraph:
 1. If covenants or assurances in debt obligations issued before September 3, 1982, by the owner or operator of the airport, or provisions enacted before September 3, 1982, in governing statutes controlling the owner or operator's financing, provide for the use of the revenues from any of the airport owner or operator's facilities, including the airport, to support not only the airport but also the airport owner or operator's general debt obligations or other facilities, then this limitation on the use of all revenues generated by the airport (and, in the case of a public airport, local taxes on aviation fuel) shall not apply.
 2. If the Secretary approves the sale of a privately owned airport to a public sponsor and provides funding for any portion of the public sponsor's acquisition of land, this limitation on the use of all revenues generated by the sale shall not apply to certain proceeds from the sale. This is conditioned on repayment to the Secretary by the private owner of an amount equal to the remaining unamortized portion (amortized over a 20-year period) of any airport improvement grant made to the private owner for any purpose other than land acquisition on or after October 1, 1996, plus an amount equal to the federal share of the current fair market value of any land acquired with an airport improvement grant made to that airport on or after October 1, 1996.
 3. Certain revenue derived from or generated by mineral extraction, production, lease, or other means at a general aviation airport (as defined at 49 U.S.C. § 47102), if the FAA determines the airport sponsor meets the requirements set forth in Section 813 of Public Law 112-95.
- b. As part of the annual audit required under the Single Audit Act of 1984, the sponsor will direct that the audit will review, and the resulting audit report will provide an opinion concerning, the use of airport revenue and taxes in paragraph (a), and indicating whether funds paid or transferred to the owner or operator are paid or transferred in a manner consistent with Title 49, United States Code and any other applicable provision of law, including any regulation promulgated by the Secretary or Administrator.
- c. Any civil penalties or other sanctions will be imposed for violation of this assurance in accordance with the provisions of 49 U.S.C. § 47107.

26. Reports and Inspections.

It will:

- a. submit to the Secretary such annual or special financial and operations reports as the Secretary may reasonably request and make such reports available to the public; make available to the

public at reasonable times and places a report of the airport budget in a format prescribed by the Secretary;

- b. for airport development projects, make the airport and all airport records and documents affecting the airport, including deeds, leases, operation and use agreements, regulations and other instruments, available for inspection by any duly authorized agent of the Secretary upon reasonable request;
- c. for noise compatibility program projects, make records and documents relating to the project and continued compliance with the terms, conditions, and assurances of this Grant Agreement including deeds, leases, agreements, regulations, and other instruments, available for inspection by any duly authorized agent of the Secretary upon reasonable request; and
- d. in a format and time prescribed by the Secretary, provide to the Secretary and make available to the public following each of its fiscal years, an annual report listing in detail:
 1. all amounts paid by the airport to any other unit of government and the purposes for which each such payment was made; and
 2. all services and property provided by the airport to other units of government and the amount of compensation received for provision of each such service and property.

27. Use by Government Aircraft.

It will make available all of the facilities of the airport developed with Federal financial assistance and all those usable for landing and takeoff of aircraft to the United States for use by Government aircraft in common with other aircraft at all times without charge, except, if the use by Government aircraft is substantial, charge may be made for a reasonable share, proportional to such use, for the cost of operating and maintaining the facilities used. Unless otherwise determined by the Secretary, or otherwise agreed to by the sponsor and the using agency, substantial use of an airport by Government aircraft will be considered to exist when operations of such aircraft are in excess of those which, in the opinion of the Secretary, would unduly interfere with use of the landing areas by other authorized aircraft, or during any calendar month that:

- a. Five (5) or more Government aircraft are regularly based at the airport or on land adjacent thereto; or
- b. The total number of movements (counting each landing as a movement) of Government aircraft is 300 or more, or the gross accumulative weight of Government aircraft using the airport (the total movement of Government aircraft multiplied by gross weights of such aircraft) is in excess of five million pounds.

28. Land for Federal Facilities.

It will furnish without cost to the Federal Government for use in connection with any air traffic control or air navigation activities, or weather-reporting and communication activities related to air traffic control, any areas of land or water, or estate therein as the Secretary considers necessary or desirable for construction, operation, and maintenance at Federal expense of space or facilities for such purposes. Such areas or any portion thereof will be made available as provided herein within four months after receipt of a written request from the Secretary.

29. Airport Layout Plan.

- a. Subject to the FAA Reauthorization Act of 2018, Public Law 115-254, Section 163, it will keep up to date at all times an airport layout plan of the airport showing:
 1. boundaries of the airport and all proposed additions thereto, together with the boundaries of all offsite areas owned or controlled by the sponsor for airport purposes and proposed additions thereto;
 2. the location and nature of all existing and proposed airport facilities and structures (such as runways, taxiways, aprons, terminal buildings, hangars and roads), including all proposed extensions and reductions of existing airport facilities;
 3. the location of all existing and proposed non-aviation areas and of all existing improvements thereon; and
 4. all proposed and existing access points used to taxi aircraft across the airport's property boundary.

Such airport layout plans and each amendment, revision, or modification thereof, shall be subject to the approval of the Secretary which approval shall be evidenced by the signature of a duly authorized representative of the Secretary on the face of the airport layout plan. The sponsor will not make or permit any changes or alterations in the airport or any of its facilities which are not in conformity with the airport layout plan as approved by the Secretary and which might, in the opinion of the Secretary, adversely affect the safety, utility or efficiency of the airport.

- b. Subject to the FAA Reauthorization Act of 2018, Public Law 115-254, Section 163, if a change or alteration in the airport or the facilities is made which the Secretary determines adversely affects the safety, utility, or efficiency of any federally owned, leased, or funded property on or off the airport and which is not in conformity with the airport layout plan as approved by the Secretary, the owner or operator will, if requested, by the Secretary:
 1. eliminate such adverse effect in a manner approved by the Secretary; or
 2. bear all costs of relocating such property (or replacement thereof) to a site acceptable to the Secretary and all costs of restoring such property (or replacement thereof) to the level of safety, utility, efficiency, and cost of operation existing before the unapproved change in the airport or its facilities except in the case of a relocation or replacement of an existing airport facility due to a change in the Secretary's design standards beyond the control of the airport sponsor.

30. Civil Rights.

It will promptly take any measures necessary to ensure that no person in the United States shall, on the grounds of race, color, and national origin (including limited English proficiency) in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C. §§ 2000d to 2000d-4); creed and sex (including sexual orientation and gender identity) per 49 U.S.C. § 47123 and related requirements; age per the Age Discrimination Act of 1975 and related requirements; or disability per the Americans with Disabilities Act of 1990 and related requirements, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in any program and activity conducted with, or benefiting from, funds received from this Grant.

1. So long as the airport is used as an airport, or for another purpose involving the provision of similar services or benefits; or
 2. So long as the sponsor retains ownership or possession of the property.
- d. Required Solicitation Language. It will include the following notification in all solicitations for bids, Requests For Proposals for work, or material under this Grant Agreement and in all proposals for agreements, including airport concessions, regardless of funding source:

"The (**[Selection Criteria: Sponsor Name]**), in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C. §§ 2000d to 2000d-4) and the Regulations, hereby notifies all bidders or offerors that it will affirmatively ensure that for any contract entered into pursuant to this advertisement, [select businesses, or disadvantaged business enterprises or airport concession disadvantaged business enterprises] will be afforded full and fair opportunity to submit bids in response to this invitation and no businesses will be discriminated against on the grounds of race, color, national origin (including limited English proficiency), creed, sex (including sexual orientation and gender identity), age, or disability in consideration for an award."

- e. Required Contract Provisions.

2. It will include a list of the pertinent non-discrimination authorities in every contract that is subject to the non-discrimination acts and regulations.
3. It will insert non-discrimination contract clauses as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a sponsor.
4. It will insert non-discrimination contract clauses prohibiting discrimination on the basis of race, color, national origin (including limited English proficiency), creed, sex (including sexual orientation and gender identity), age, or disability as a covenant running with the land, in any future deeds, leases, license, permits, or similar instruments entered into by the sponsor with other parties:

 - b. For the construction or use of, or access to, space on, over, or under real property acquired or improved under the applicable activity, project, or program.
- f. It will provide for such methods of administration for the program as are found by the Secretary to give reasonable guarantee that it, other recipients, sub-recipients, sub-grantees, contractors, subcontractors, consultants, transferees, successors in interest, and other participants of Federal financial assistance under such program will comply with all requirements imposed or pursuant to the acts, the regulations, and this assurance.
- g. It agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the acts, the regulations, and this assurance.

31. Disposal of Land.

- a. For land purchased under a grant for airport noise compatibility purposes, including land serving as a noise buffer, it will dispose of the land, when the land is no longer needed for such purposes, at fair market value, at the earliest practicable time. That portion of the proceeds of such disposition which is proportionate to the United States' share of acquisition of such land will be, at the discretion of the Secretary, (1) reinvested in another project at the airport, or (2) transferred to another eligible airport as prescribed by the Secretary. The Secretary shall give preference to the following, in descending order:
 1. Reinvestment in an approved noise compatibility project;
 2. Reinvestment in an approved project that is eligible for grant funding under 49 U.S.C. § 47117(e);
 3. Reinvestment in an approved airport development project that is eligible for grant funding under 49 U.S.C. §§ 47114, 47115, or 47117;
 4. Transfer to an eligible sponsor of another public airport to be reinvested in an approved noise compatibility project at that airport; or
 5. Payment to the Secretary for deposit in the Airport and Airway Trust Fund.

If land acquired under a grant for noise compatibility purposes is leased at fair market value and consistent with noise buffering purposes, the lease will not be considered a disposal of the land. Revenues derived from such a lease may be used for an approved airport development

project that would otherwise be eligible for grant funding or any permitted use of airport revenue.

- b. For land purchased under a grant for airport development purposes (other than noise compatibility), it will, when the land is no longer needed for airport purposes, dispose of such land at fair market value or make available to the Secretary an amount equal to the United States' proportionate share of the fair market value of the land. That portion of the proceeds of such disposition which is proportionate to the United States' share of the cost of acquisition of such land will, upon application to the Secretary, be reinvested or transferred to another eligible airport as prescribed by the Secretary. The Secretary shall give preference to the following, in descending order:
 - 1. Reinvestment in an approved noise compatibility project;
 - 2. Reinvestment in an approved project that is eligible for grant funding under 49 U.S.C. § 47117(e);
 - 3. Reinvestment in an approved airport development project that is eligible for grant funding under 49 U.S.C. §§ 47114, 47115, or 47117;
 - 4. Transfer to an eligible sponsor of another public airport to be reinvested in an approved noise compatibility project at that airport; or
 - 5. Payment to the Secretary for deposit in the Airport and Airway Trust Fund.
- c. Land shall be considered to be needed for airport purposes under this assurance if (1) it may be needed for aeronautical purposes (including runway protection zones) or serve as noise buffer land, and (2) the revenue from interim uses of such land contributes to the financial self-sufficiency of the airport. Further, land purchased with a grant received by an airport operator or owner before December 31, 1987, will be considered to be needed for airport purposes if the Secretary or Federal agency making such grant before December 31, 1987, was notified by the operator or owner of the uses of such land, did not object to such use, and the land continues to be used for that purpose, such use having commenced no later than December 15, 1989.
- d. Disposition of such land under (a), (b), or (c) will be subject to the retention or reservation of any interest or right therein necessary to ensure that such land will only be used for purposes which are compatible with noise levels associated with operation of the airport.

32. Engineering and Design Services.

If any phase of such project has received Federal funds under Chapter 471 subchapter 1 of Title 49 U.S.C., it will award each contract, or sub-contract for program management, construction management, planning studies, feasibility studies, architectural services, preliminary engineering, design, engineering, surveying, mapping or related services in the same manner as a contract for architectural and engineering services is negotiated under Chapter 11 of Title 40 U.S.C., or an equivalent qualifications-based requirement prescribed for or by the sponsor of the airport.

33. Foreign Market Restrictions.

It will not allow funds provided under this Grant to be used to fund any project which uses any product or service of a foreign country during the period in which such foreign country is listed by

It will carry out any project funded under an Airport Improvement Program Grant in accordance with policies, standards, and specifications approved by the Secretary including, but not limited to, current FAA Advisory Circulars (<https://www.faa.gov/airports/aip/media/aip-pfc-checklist.pdf>) for AIP projects as of [Selection Criteria: Project Application Date].

35. Relocation and Real Property Acquisition.

- b. It will provide a relocation assistance program offering the services described in Subpart C of 49 CFR Part 24 and fair and reasonable relocation payments and assistance to displaced persons as required in Subpart D and E of 49 CFR Part 24.
- c. It will make available within a reasonable period of time prior to displacement, comparable replacement dwellings to displaced persons in accordance with Subpart E of 49 CFR Part 24.

36. Access By Intercity Buses.

The airport owner or operator will permit, to the maximum extent practicable, intercity buses or other modes of transportation to have access to the airport; however, it has no obligation to fund special facilities for intercity buses or for other modes of transportation.

37. Disadvantaged Business Enterprises.

The sponsor shall not discriminate on the basis of race, color, national origin, or sex, in the award and performance of any DOT-assisted contract covered by 49 CFR Part 26, or in the award and performance of any concession activity contract covered by 49 CFR Part 23. In addition, the sponsor shall not discriminate on the basis of race, color, national origin or sex in the administration of its Disadvantaged Business Enterprise (DBE) and Airport Concessions Disadvantaged Business Enterprise (ACDBE) programs or the requirements of 49 CFR Parts 23 and 26. The sponsor shall take all necessary and reasonable steps under 49 CFR Parts 23 and 26 to ensure nondiscrimination in the award and administration of DOT-assisted contracts, and/or concession contracts. The sponsor's DBE and ACDBE programs, as required by 49 CFR Parts 26 and 23, and as approved by DOT, are incorporated by reference in this agreement. Implementation of these programs is a legal obligation and failure to carry out its terms shall be treated as a violation of this agreement. Upon notification to the sponsor of its failure to carry out its approved program, the Department may impose sanctions as provided for under Parts 26 and 23 and may, in appropriate cases, refer the matter for enforcement under 18 U.S.C. § 1001 and/or the Program Fraud Civil Remedies Act of 1986 (31 U.S.C. §§ 3801-3809, 3812).

38. Hangar Construction.

If the airport owner or operator and a person who owns an aircraft agree that a hangar is to be constructed at the airport for the aircraft at the aircraft owner's expense, the airport owner or operator will grant to the aircraft owner for the hangar a long term lease that is subject to such terms and conditions on the hangar as the airport owner or operator may impose.

39. Competitive Access.

- a. If the airport owner or operator of a medium or large hub airport (as defined in 49 U.S.C. § 47102) has been unable to accommodate one or more requests by an air carrier for access to gates or other facilities at that airport in order to allow the air carrier to provide service to the airport or to expand service at the airport, the airport owner or operator shall transmit a report to the Secretary that:
 1. Describes the requests;
 2. Provides an explanation as to why the requests could not be accommodated; and
 3. Provides a time frame within which, if any, the airport will be able to accommodate the requests.
- b. Such report shall be due on either February 1 or August 1 of each year if the airport has been unable to accommodate the request(s) in the six month period prior to the applicable due date.
