Re: Development Code Meetings

Jennifer,

Thank you for taking the time to work with the development industry in dealing with many of our concerns related to the new zoning regulations.

I'm writing to let you know that I am completely satisfied with the results of our meetings and I am on board as supporting the proposed language in the multifamily and mixed use portions of the new development code with the added flexibility provisions.

Also, to clear up any confusion, I okayed my name being added to the list of participants in the letter and comments by Granville prior to seeing it. I believe the flexibility option creates a path that deals with the issues listed in the letter and attached notes.

Regards,
