Each bidder has agreed to allow the City sixty-four (64) days from date bids are opened to accept or reject their bid proposal. Purchasing requests that you complete the following sections and return this bid evaluation to the Purchasing Unit at the latest by Monday, May 13, 2019, 5:00 P.M.

The Engineer's Estimate for this expenditure is \$ 420,000.00. The contract price is 12.6 % below the Engineer's Estimate. If the overage is greater than 10% or only one bid was received, give explanation: N/A

BACKGROUND OF PROJECT (To be completed by Evaluating Department/Division. Explain need for project/equipment):

Pump Station 241-2 (Pump Station) will offset water production losses resulting from the recent and future destruction of multiple outdated wells in the surrounding area. A new water supply well was recently constructed onsite to replace the existing well that needed to be destroyed due to its age and production inefficiency. Well site improvements are necessary in order to complete the Pump Station and bring the existing municipal water supply well to an operational state. Site improvements will comply with the requirements of the associated Development Permit. This Pump Station will aid in ensuring adequate levels of water service are attained in the area surrounding this site.
