

FY 2024 Public Works Department Budget Presentation

Public Works Department

Vision Statement

The Public Works Department focuses on building and maintaining the critical backbone infrastructure such as streets, sidewalks, traffic signals, median islands, parks, street trees, landscaping, trails and public facilities that support the goals of neighborhood revitalization, public safety, economic development, sustainability and air quality.

The Department's mission of ***Building a Better Fresno*** summarizes these services and the commitment of its staff to serve the citizens of Fresno.

Public Works Department

FY 2023 Accomplishments

Key Highlights for Parks, Recreation & Arts Commission

- Repaired and restored irrigation in 57 parks.
- Improved trail maintenance to a 60-day cycle.
- Trimmed 39 geobases containing 17,200 trees, with an additional 16 geobases and 6,800 trees trimmed utilizing Council infrastructure funds.
- Exceeded 1,000 new tree goal with a total of 1,500 trees.
- Completed the Van Ness & Weldon street work to prepare for the new park.
- Collected over 178,000 pounds of trash from our State highways.
- Installed protected bike lanes on Van Ness, Maple and First Street, and moved an additional 7 miles into the construction phase (Wishon, Fulton, Palm, Belmont and Barstow Avenue).
- 90 percent complete on energy efficiency upgrades at 73 sites for PARCS, Police and Fire (\$22 million in energy savings for 15 years).
- Increased City renewable energy to 32 MW and \$138 million in savings for the next 20 years.
- Managed over 100 active construction contracts at any one time during the year. Currently totaling \$216 million in active construction contracts.
